

AULA F3032

AULA F3032 Mechanical Gaming Keyboard User Manual

Model: F3032 | Brand: AULA

1. INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of your AULA F3032 Mechanical Gaming Keyboard. Designed for both gaming and office use, this 87-key compact keyboard features responsive mechanical brown tactile switches, customizable RGB backlighting, and a durable wired connection for stable performance across various operating systems.

2. PACKAGE CONTENTS

Please verify that all items listed below are included in your package:

- AULA F3032 Mechanical Gaming Keyboard (White, Brown Switch)
- USB-C to USB-A Cable
- Keycap Puller
- 21 x Replacement Keycaps (Yellow/Orange)

4. OPERATING INSTRUCTIONS

4.1. Mechanical Brown Tactile Switches

The AULA F3032 keyboard features brown tactile switches, offering a balanced typing experience with a noticeable bump for actuation feedback without the loud click of blue switches. These switches require less effort and shorter travel, providing a lightning-fast trigger response and rebound speed. Please note that these switches are NOT hot-swappable.

4.2. Customizable Keycaps

The keyboard comes with 21 additional yellow/orange keycaps, allowing you to customize the keycap layout style. The light-transmitting ABS keycaps ensure a clear and uniform backlight.

4.3. Rainbow Backlit Keyboard

The keyboard offers brilliant and vibrant RGB backlighting with 28 default modes and 2 customizable unique backlighting options. You can adjust the brightness and speed across 3 levels. The light-transmitting ABS keycaps ensure clear and even backlighting for accurate typing in low-light conditions.

- **Pro-gamer Modes:** Press **FN + 1-8** to enter various Pro-gamer modes.
- **Adjust Backlight Brightness:** Press **FN + ALT + R** to cycle through brightness levels.
- **Adjust Backlight Speed:** Press **FN + CTRL + R** to cycle through speed levels.
- **Side Light Effects:** The keyboard features unique side light effects. Press **FN + APP** to switch between different side light effects.

5. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe down the keyboard surface. For deeper cleaning, use the keycap puller to remove keycaps and clean underneath with compressed air or a small brush.
- **Storage:** Store the keyboard in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid bending or twisting the USB cable excessively to prevent damage.

6. TROUBLESHOOTING

- **Keyboard Not Responding:**
 - Ensure the USB cable is securely connected to both the keyboard and the computer.
 - Try connecting the keyboard to a different USB port on your computer.
 - Restart your computer.
- **Backlight Not Working/Incorrect:**
 - Ensure the keyboard is properly powered.

- Use the FN key combinations (FN + ALT + R, FN + CTRL + R, FN + APP) to adjust brightness, speed, or change lighting modes.
- Refer to the user manual for specific lighting control instructions.
- **Keys Not Registering:**
 - Clean around the affected key to ensure no debris is obstructing the switch.
 - If a specific key is consistently not working, contact customer support.
