BezosMax i 7-in-1 Wireless Charging Station User Manual

Model: RYT010-UK-ZZ

1. INTRODUCTION

This manual provides detailed instructions for the setup, operation, maintenance, and troubleshooting of your BezosMax i 7-in-1 Wireless Charging Station. Please read this manual thoroughly before using the product to ensure optimal performance and safety.

2. PACKAGE CONTENTS

Verify that all items listed below are included in your package:

- 1 x 7-in-1 Wireless Charging Station
- 1 x Type-C Cable
- 1 x 30W Power Adapter
- 1 x User Manual

3. PRODUCT OVERVIEW

The BezosMax i 7-in-1 Wireless Charging Station is designed to charge multiple Apple devices simultaneously, including two iPhones, an Apple Watch, and AirPods. It also features a digital display for time, day of the week, and indoor temperature, along with an adjustable touch-sensitive night light.

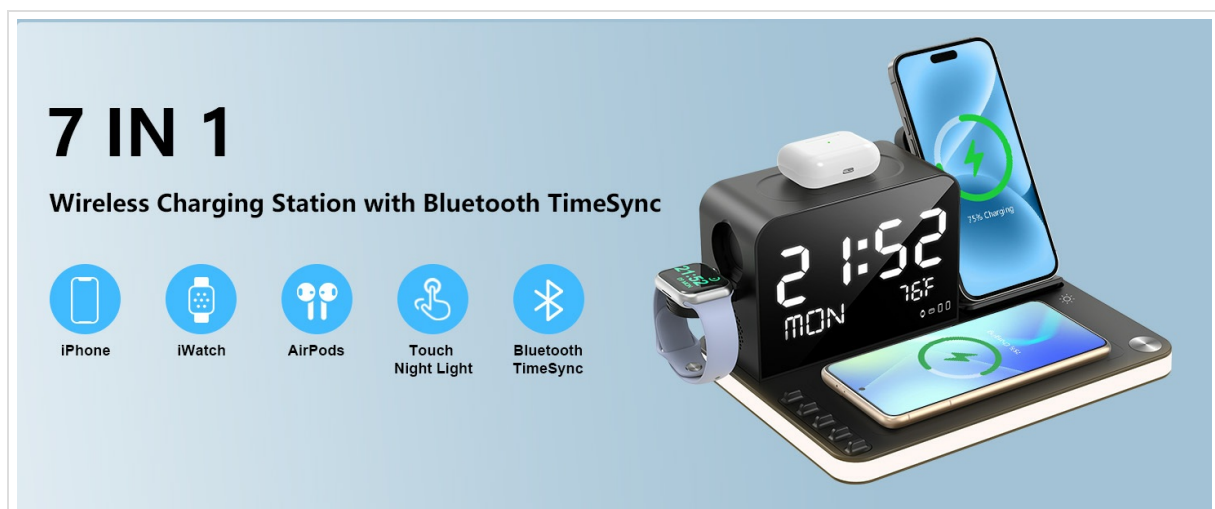

Image 3.1: Product Feature Diagram

Key Features:

- **Dual iPhone Wireless Charging:** Supports simultaneous fast charging for two iPhones.
- **Apple Watch Charging:** Dedicated charging area for Apple Watch (original only).
- **AirPods Charging:** Wireless charging pad for AirPods.
- **Bluetooth TimeSync:** Automatic time synchronization with your mobile phone.
- **Digital Display:** Shows time, day of the week, and indoor temperature.
- **Touch Night Light:** Adjustable light with warm, natural, and cold light options.
- **30W Power Adapter:** Included for efficient charging.

4. SETUP INSTRUCTIONS

4.1 Power Connection

1. Connect the provided Type-C cable to the charging station's input port.
2. Plug the other end of the Type-C cable into the included 30W power adapter.
3. Insert the 30W power adapter into a standard wall outlet.

Image 4.1: Connecting the 30W Power Adapter

4.2 Bluetooth Time Synchronization

The charging station can automatically synchronize its time display with your mobile phone via Bluetooth.

1. Ensure your mobile phone's Bluetooth is turned on.
2. On your phone, search for Bluetooth devices and select "010".
3. Once connected, the charging station's time display will automatically synchronize with your phone's time.

5. OPERATING INSTRUCTIONS

5.1 Wireless Charging

Place your compatible devices on the designated charging areas. The station supports simultaneous charging for:

- **iPhones:** Place up to two iPhones (iPhone 12 series and newer, or any wireless charging compatible phone) on the vertical stand and the flat pad.
- **Apple Watch:** Place your Apple Watch (original only) on the magnetic charging module on the side.
- **AirPods:** Place your AirPods (2/3/Pro/Pro 2, or any wireless charging compatible earbuds) on the dedicated pad.

Image 5.1: Simultaneous Device Charging

Note on Cases: For optimal charging, ensure your phone case is less than 2mm thick. Cases containing metal or credit cards may interfere with wireless charging and should be removed.

Image 5.2: Case Compatibility for Wireless Charging

5.2 Night Light Operation

The charging station features a touch-sensitive night light with adjustable brightness and color temperature.

- **Turning On/Off:** Tap the night light touch point (indicated by a light bulb icon) to turn the light on or off.
- **Adjusting Brightness:** Press and hold the night light touch point to cycle through brightness levels (0%-100%). Release when the desired brightness is reached.
- **Changing Color Temperature:** Tap the night light touch point repeatedly to switch between warm light, natural light, and cold light.

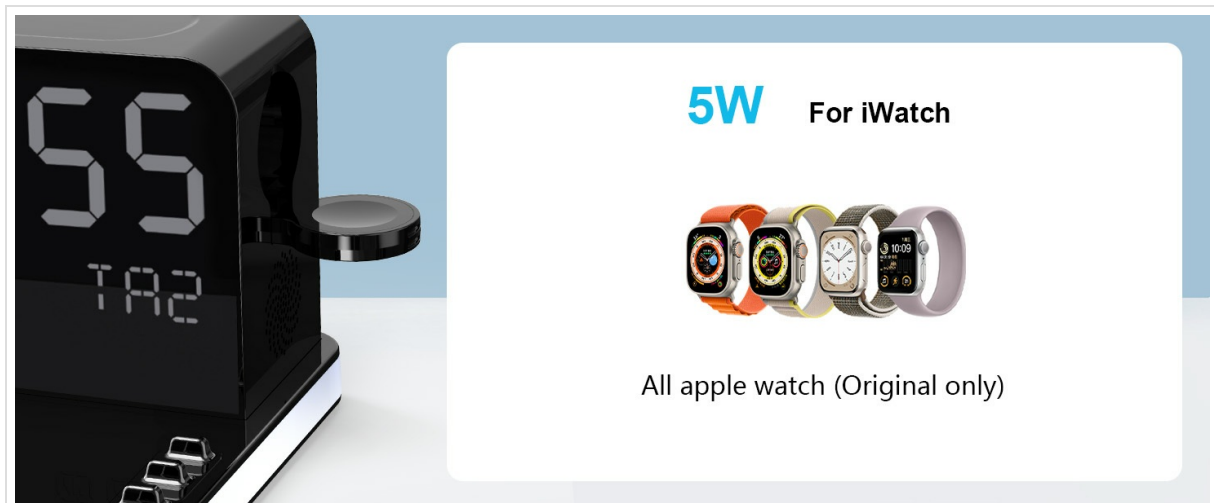

Image 5.3: Night Light Controls

5.3 Digital Display Adjustment

The brightness of the digital display for time and temperature can also be adjusted.

- **Adjusting Brightness:** Locate the display brightness touch point (usually near the display). Press and hold to adjust the brightness from 0% to 100%.
- **Temperature Display:** The station displays indoor temperature. Note that this is an indoor reading and may not reflect external conditions.

6. SAFETY INFORMATION

This charging station incorporates multiple safety features to protect your devices and ensure safe operation:

- **Over-Current Protection:** Prevents damage from excessive current.
- **Over-Voltage Protection:** Safeguards against voltage spikes.
- **Over-Temperature Protection:** Monitors and regulates internal temperature to prevent overheating.

To maintain safety and product longevity:

- Do not disassemble or modify the device.
- Avoid exposing the device to water or extreme temperatures.
- Use only the provided 30W power adapter and Type-C cable.

7. TROUBLESHOOTING

If you encounter issues with your charging station, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device not charging wirelessly.	Device not properly aligned. Phone case is too thick or contains metal/credit cards. Charging station not powered. Device not wireless charging compatible.	Reposition the device on the charging pad. Remove the phone case or use a compatible thin case (less than 2mm). Ensure the power adapter is securely connected and plugged into a live outlet. Verify your device supports wireless charging.
Apple Watch not charging.	Watch not properly aligned. Only original Apple Watch models are supported.	Ensure the Apple Watch is correctly placed on the magnetic module. Confirm your Apple Watch is an original model.
Time/Day display is inaccurate.	Bluetooth TimeSync not connected or failed. Power interruption.	Reconnect Bluetooth TimeSync (refer to Section 4.2). If power was interrupted, re-sync time via Bluetooth.
Night light not working or unresponsive.	Incorrect touch point. Power issue.	Ensure you are touching the correct night light touch point. Verify the charging station is powered on.

8. SPECIFICATIONS

Feature	Detail
Model Number	RYT010-UK-ZZ
Input Voltage	25 Volts
Amperage	30 Amps
Output Power	30W (Max)
Connector Type	USB Type A (for adapter), Type-C (for station input)
Compatible Devices	iPhone 12/13/14/15/16 all series (supports all wireless charging phones), iWatch all series (Apple Watch original only), AirPods Pro2/1, 3/2 (supports all wireless charging earbuds)

9. MAINTENANCE

To ensure the longevity and proper functioning of your charging station:

- **Cleaning:** Disconnect the power before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or abrasive materials.
- **Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures when not in use for extended periods.
- **Handling:** Handle the device with care to avoid physical damage.

10. WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the contact details provided with your purchase or visit the official BezosMax i website. Keep your purchase receipt as proof of purchase for warranty claims.
