SETUP

1. Charging the Device

1. Place both earbuds into the charging case.
2. Connect the USB-C charging cable to the charging port on the case and to a power source.
3. The LED display on the charging case will indicate the charging status and battery level.
4. A full charge for the case takes approximately 1.5 hours. The earbuds will charge automatically when placed in the case.

LED full-color touch screen

Multiple practical functions

LCD full-color touch screen,
answering incoming calls,
Music playback and many headphone features

Image: The touch screen display on the charging case showing battery levels and charging status.

2. Bluetooth Pairing

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, etc.), enable Bluetooth.
4. Search for available Bluetooth devices and select "YXYKODM LX-10" (or similar name) from the list.
5. Once connected, the earbuds will indicate successful pairing, and the device will show "Connected".

The earbuds support Bluetooth 4.0 and are compatible with both iPhone and Android devices.

OPERATING INSTRUCTIONS

Touch Screen Controls

The charging case features a full-color touch screen for managing various functions without needing your connected device.

Note: Product dimensions are measured manually. Please refer to the actual item for any discrepancies.

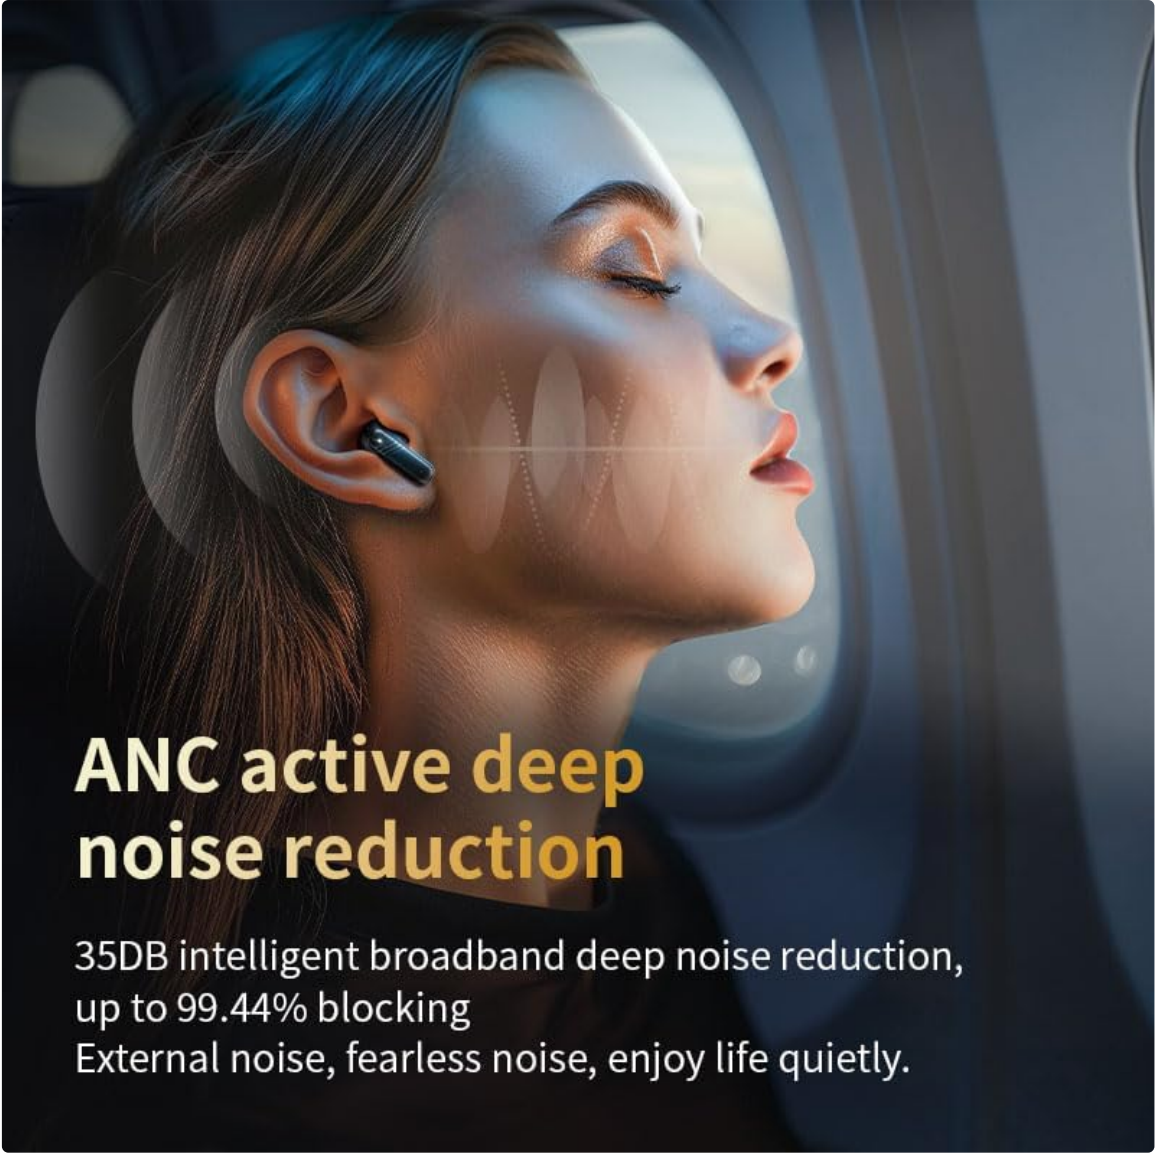

Image: The touch screen interface on the charging case showing various control options.

- **Music Playback:** Play, pause, skip tracks directly from the screen.
- **Volume Adjustment:** Control audio volume.
- **Call Management:** Answer or end incoming calls.
- **Mode Switching:** Select between different audio modes (Music, Game, Movie).
- **Noise Control:** Toggle Active Noise Cancellation (ANC) or Environmental Noise Cancellation (ENC).
- **Equalizer Settings:** Adjust sound preferences with 7 sound modes (pop, rock, classical, jazz, vocals, electronic music, dance music).

Audio Modes

The LX-10 offers three optimized scene modes for different audio experiences:

- **Music Mode:** Enhances human voice, providing a bright and clear tone.
- **Game Mode:** Features ultra-low latency (0.06 seconds) for synchronized audio during gaming.
- **Movie Mode:** Enhances sound effects for an immersive cinematic experience.

ANC active deep noise reduction

35dB intelligent broadband deep noise reduction,
up to 99.44% blocking
External noise, fearless noise, enjoy life quietly.

MAINTENANCE

Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Ensure charging contacts on both earbuds and case are clean and free of debris to maintain proper charging.
- Remove ear tips and clean them with mild soap and water if necessary, ensuring they are completely dry before reattaching.

Storage

- When not in use, store the earbuds in their charging case to protect them and keep them charged.
- Store the device in a cool, dry place, away from extreme temperatures and direct sunlight.

TROUBLESHOOTING

Earbuds Not Pairing

- Ensure both earbuds are fully charged.
- Make sure Bluetooth is enabled on your device.
- Place the earbuds back into the charging case, close the lid, then open it again to re-enter pairing mode.
- Forget the device from your phone's Bluetooth settings and try pairing again.
- Try pairing with a different device to rule out device-specific issues.

No Sound or Low Volume

- Check the volume levels on both your connected device and the earbud charging case.
- Ensure the earbuds are properly seated in your ears.
- Clean any debris from the earbud speakers and charging contacts.
- Reconnect the earbuds to your device.

Charging Issues

- Verify the charging cable is securely connected to both the case and the power source.
- Ensure the charging contacts on the earbuds and inside the case are clean.
- Try using a different USB-C cable or power adapter.
- Confirm the power source is active.
