TAG Commander 2.0

TAG Gamerz Commander 2.0 RGB Gaming Keyboard and Mouse Combo

Instruction Manual

PRODUCT OVERVIEW

The TAG Gamerz Commander 2.0 is a high-performance RGB gaming keyboard and mouse combo designed for an enhanced gaming experience. This combo features a keyboard with floating keycaps, rainbow RGB backlight effects, silent keys, and multimedia keys. The accompanying gaming mouse offers 1600 DPI with 4 buttons and LED effects, ensuring precise control and responsiveness.

SETUP INSTRUCTIONS

Follow these steps to set up your TAG Gamerz Commander 2.0 keyboard and mouse combo:

1. **Connect the Keyboard:** Locate an available USB port on your computer. Insert the USB connector of the keyboard into the USB port.
2. **Connect the Mouse:** Locate another available USB port on your computer. Insert the USB connector of the mouse into the USB port.
3. **Driver Installation:** The keyboard and mouse are plug-and-play devices. Your operating system (Windows, macOS, Linux) should automatically detect and install the necessary drivers. No additional software installation is typically required.
4. **Verify Connection:** Once connected, the RGB backlighting on the keyboard and the LED effects on the mouse should illuminate, indicating a successful connection. Test the keyboard by typing and the mouse by moving the cursor and clicking.

OPERATING INSTRUCTIONS

Keyboard Features

- **Floating Keycaps:** The keyboard features floating keycaps for improved tactile feedback and ease of cleaning.
- **Rainbow RGB Backlight Effects:** The keyboard offers dynamic rainbow RGB lighting. The lighting effects are pre-set and activate upon connection.
- **Multimedia Keys:** The keyboard includes integrated multimedia keys (F1-F12 functions) for quick access to media controls without interrupting your workflow or game. These functions are typically accessed by pressing the **Fn** key simultaneously with the corresponding F-key.

Mouse Features

- **Adjustable DPI:** The gaming mouse features adjustable DPI settings (800/1200/1600) to customize cursor sensitivity. Use the DPI button, usually located behind the scroll wheel, to cycle through the available DPI settings.
- **4-Button Layout:** The mouse is equipped with 4 buttons for versatile control during gaming and general use.
- **LED Effects:** The mouse includes LED lighting effects that activate upon connection.

MAINTENANCE

To ensure the longevity and optimal performance of your TAG Gamerz Commander 2.0 combo, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the keyboard and mouse with a soft, dry cloth. For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid harsh chemicals.
- **Dust Removal:** Use compressed air to remove dust and debris from between the keycaps and around the mouse sensor.
- **Liquid Exposure:** While the keyboard is designed with some water resistance, avoid submerging it in liquids. In case of accidental spills, immediately disconnect the device and allow it to dry completely before reconnecting.
- **Storage:** Store the devices in a cool, dry place away from direct sunlight and extreme temperatures when not in use.

TROUBLESHOOTING

If you encounter issues with your TAG Gamerz Commander 2.0 combo, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Keyboard/Mouse not responding	Loose USB connection, faulty USB port, driver issue.	Try reconnecting the USB cable. Use a different USB port. Restart your computer.
RGB/LED lights not working	Power issue, software conflict.	Ensure the USB connection is secure. Try connecting to another computer to rule out a system-specific issue.
Mouse cursor erratic or not moving	Dirty sensor, unsuitable surface, DPI setting.	Clean the mouse sensor. Use a mouse pad or a smooth, non-reflective surface. Adjust DPI settings.
Multimedia keys not functioning	Incorrect key combination, software conflict.	Ensure you are pressing the Fn key simultaneously with the desired F-key. Check for any conflicting software.

If the problem persists after trying these solutions, please contact customer support.

SPECIFICATIONS
