Seevoo SV23

Seevoo Ergonomic Office Chair (Model SV23) - Instruction Manual

Brand: Seevoo | Model: SV23

1. PRODUCT OVERVIEW

The Seevoo Ergonomic Office Chair (Model SV23) is designed to provide comfort and support for extended periods of sitting. It features adjustable components to customize your seating experience, including lumbar support, seat height, and recline angle. The chair combines breathable mesh for the backrest with a durable PU leather seat cushion, all supported by a robust steel base and smooth-gliding blade wheels.

2. SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Retain this manual for future reference.

- **Maximum Weight Capacity:** This chair has a maximum weight capacity of 300 pounds (136 kg). Do not exceed this limit.
- **Proper Use:** Improper use of adjustable features, such as the lumbar support, reclining angle, and flip-up armrests, could lead to instability or injury. Always follow the assembly instructions and guidelines for safe use.
- **Assembly:** Ensure all screws and bolts are securely tightened before using the chair. Periodically check and re-tighten fasteners as needed.
- **Floor Protection:** While blade wheels are designed for smooth movement, consider using a chair mat on delicate flooring to prevent potential marks or scratches.

3. SETUP AND ASSEMBLY

The Seevoo Ergonomic Office Chair is designed for straightforward assembly. All necessary tools and

hardware are included. Follow the step-by-step instructions provided in the packaging for detailed guidance.

Key Assembly Steps:

1. Attach the casters (blade wheels) to the steel base.
2. Insert the gas lift cylinder into the center of the base.
3. Secure the armrests to the seat cushion using the provided screws.
4. Attach the backrest to the seat cushion and armrests.
5. Mount the headrest to the top of the backrest.
6. Place the assembled seat and backrest onto the gas lift cylinder.

4. OPERATING INSTRUCTIONS

4.1 Seat Height Adjustment

To adjust the seat height, locate the lever on the right side beneath the seat. Pull the lever upwards while taking your weight off the seat to raise it. To lower the seat, pull the lever upwards while remaining seated. The chair offers a 4.7-inch adjustable height range.

4.2 Reclining Function

The chair features a reclining angle from 90° to 130°. To recline, pull the lever on the left side of the seat outwards. Lean back to your desired angle and push the lever inwards to lock the position. To return to an upright position, pull the lever outwards, lean forward slightly, and then push the lever inwards to lock.

Figure 3: Illustration of the chair's reclining capabilities and tilt tension adjustment.

4.3 Adjustable Lumbar Support

The chair includes adjustable lumbar support designed to conform to the shape of the human spine. Adjust the knob on the backrest to increase or decrease the lumbar pressure for personalized comfort.

4.4 Flip-Up Armrests

The padded armrests can be flipped up to provide more seating space or to allow the chair to be pushed closer to a desk. Simply lift the armrests upwards until they lock into the vertical position. To lower them, pull them slightly outwards and then push them down.

4.5 Adjustable Headrest

The large-area headrest can be adjusted in height and angle. To adjust the height, pull the headrest upwards or push it downwards. To adjust the angle, tilt it forward or backward to find your preferred position for neck support.

5. MAINTENANCE

To ensure the longevity and appearance of your Seevoo Ergonomic Office Chair, follow these simple maintenance guidelines:

- **Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the mesh fabric or PU leather.
- **Inspection:** Periodically check all screws and connections to ensure they are tight. Re-tighten if necessary.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the materials to fade or degrade.

6. TROUBLESHOOTING

If you encounter any issues with your Seevoo Ergonomic Office Chair, please refer to the following common solutions:

- **Chair feels unstable:** Ensure all assembly screws are fully tightened. Check that the gas lift is properly seated in the base.
- **Difficulty adjusting height/recline:** Verify that the levers are engaged correctly. Ensure no obstructions are preventing movement.
- **Squeaking noises:** Check and tighten any loose screws. A small amount of lubricant can be applied to moving parts if necessary.

For persistent issues, please contact customer support.

7. SPECIFICATIONS

Figure 4: Detailed dimensions of the Seevo Ergonomic Office Chair.

Feature	Detail
Brand	Seevoo
Model Name	SV23
Product Dimensions	26"D x 26"W x 50.4"H
