Weehom Twin Bed Frame

Weehom Twin Bed Frame with Headboard - Purple Metal Platform Bed Instruction Manual

Model: Twin Bed Frame

INTRODUCTION

This manual provides detailed instructions for the assembly, use, and maintenance of your Weehom Twin Bed Frame with Headboard. Please read all instructions carefully before beginning assembly and retain this manual for future reference. This bed frame is designed for use with a twin-sized mattress and does not require a box spring.

SAFETY INFORMATION

- Always follow the assembly instructions carefully to prevent instability or collapse.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep the area around the bed clear of obstacles to prevent tripping hazards.
- Do not exceed the maximum weight capacity of 300 lbs.
- Avoid standing or jumping on the bed frame.
- Keep small parts away from children during assembly to prevent choking hazards.

PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. The package should include:

- Headboard and Footboard sections
- Side Rails

- Metal Slats (16 reinforced)
- Support Legs (6 total)
- Assembly Kit (includes all necessary screws, bolts, and tools)
- Instruction Manual

ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward and typically takes approximately 45 minutes with the included tools. All parts are clearly labeled and numbered for ease of identification.

1. Step 1: Unpack and Identify Components

Carefully unpack all parts from the box. Lay them out on a clean, soft surface (like a carpet) to prevent scratches. Identify each part using the provided labels and the component diagram.

2. Step 2: Assemble Headboard and Footboard

Connect the vertical and horizontal bars of the headboard and footboard sections as per the diagram in your included instruction booklet. Ensure all connections are finger-tightened initially.

3. Step 3: Attach Side Rails

Connect the side rails to the assembled headboard and footboard using the provided bolts. Ensure the connection points align correctly.

Image: Detail of a bolted connection point.

4. Step 4: Install Support Legs

Attach the 6 support legs to the designated points on the bed frame. Ensure they are firmly attached and provide stable support.

5. Step 5: Insert Metal Slats

Carefully insert the 16 reinforced metal slats into the designated slots on the side rails. Ensure each slat is fully seated and secure.

6. **Step 6: Final Tightening**

Once all components are in place, use the included tools to fully tighten all bolts and screws. Do not overtighten. Ensure the frame is stable and level.

USAGE GUIDELINES

- **Mattress Compatibility:** This platform bed is designed to support any foam, latex, or spring mattress directly, eliminating the need for a box spring.
- **Under-Bed Storage:** The frame provides 11.2 inches of clearance, offering ample space for storage bins, boxes, or other items to help keep your room tidy.
- **Placement:** Position the bed frame on a flat, level surface to ensure stability and prevent wobbling.

No Box Spring Needed Heavy-Duty Platform Bed

MAINTENANCE

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Regular Checks:** Periodically inspect all bolts and connections to ensure they remain tight. Re-tighten any loose fasteners to maintain stability and prevent squeaking.
- **Moving the Bed:** When moving the bed frame, lift it rather than dragging it to prevent damage to the frame or your flooring.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame is squeaking or creaking.	Loose bolts or connections.	Check and tighten all bolts and screws. Ensure all slats are properly seated. Applying a small amount of lubricant (e.g., silicone spray) to connection points can also help.

Problem	Possible Cause	Solution
Bed frame feels unstable or wobbly.	Incomplete or incorrect assembly; uneven floor surface.	Review assembly instructions to ensure all parts are correctly installed and tightened. Ensure the bed is placed on a flat, level surface.
Parts are difficult to identify during assembly.	Labels may be missing or unclear.	Refer to the detailed diagrams in the included instruction booklet. Compare parts by shape and size to the illustrations. If parts are still unidentifiable or missing, contact customer support.

SPECIFICATIONS

- Brand:** Weehom
- Model:** Twin Bed Frame
- Size:** Twin
- Product Dimensions:** 77.5"L x 36.02"W x 34.8"H
- Color:** Purple
- Material:** Metal
- Weight Capacity:** 300 lbs
- Special Feature:** Squeak Resistant (Note: Regular maintenance as per troubleshooting section is recommended to maintain this feature)
- Assembly Required:** Yes
- Included Components:** Bed frame, instruction manual, assembly kit
