### 3. SETUP AND DISPLAY

These Hot Wheels vehicles are ready for display or play directly out of the packaging. No assembly is required.

#### Displaying Your Vehicles:

- Carefully remove the vehicles from their packaging.
- Place them on a flat, stable surface away from direct sunlight or extreme temperatures to prevent damage or fading.
- Consider using a display case to protect them from dust and physical damage.

### 4. OPERATING THE VEHICLES

These 1:64 scale die-cast vehicles are designed for both collecting and gentle play. Their Real Riders tires allow for smooth rolling on flat surfaces.

#### Handling Guidelines:

- Roll the vehicles on smooth, clean surfaces to maintain tire and axle integrity.
- Avoid dropping or applying excessive force, as this may damage the die-cast body or intricate details.
- Do not expose to water or harsh chemicals.

## 5. MAINTENANCE AND CARE

Proper care will help preserve the condition and value of your Hot Wheels collectibles.

### Cleaning:

- Use a soft, dry cloth to gently wipe away dust and fingerprints.
- For stubborn dirt, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid abrasive cleaners.

### Storage:

- Store vehicles in a cool, dry place, away from direct sunlight, humidity, and extreme temperature fluctuations.
- Original packaging or dedicated display cases are recommended for long-term storage to prevent damage.

## 6. TROUBLESHOOTING

While Hot Wheels vehicles are durable, minor issues can sometimes occur.

### Common Issues and Solutions:

- Wheels not rolling smoothly:** Check for any debris or dust caught in the axles. Gently remove with a soft brush or toothpick. Ensure the wheels are not bent or damaged.
- Minor paint chips or scratches:** These are typically a result of impact or friction. For collectors, it is recommended to handle vehicles minimally and store them securely to prevent such occurrences.
- Loose parts:** If any small parts become loose, avoid attempting to reattach them with adhesives unless you are experienced in model repair, as this may further damage the finish.
