Matchbox JBW37

Matchbox Takeoff Adventure Airport Playset

INSTRUCTION MANUAL - MODEL JBW37

Introduction

Thank you for choosing the Matchbox Takeoff Adventure Airport Playset. This manual provides essential information for the safe assembly, operation, and maintenance of your new toy. This playset is designed to inspire imaginative play with an airport terminal, control tower, runway, a die-cast Audi e-tron car, and a plastic airplane.

Safety Information

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years.

- Adult assembly is required.
- Ensure all parts are securely connected before play.
- Keep small parts away from young children to prevent choking.
- Inspect the toy regularly for any damage or loose parts. Discontinue use if damage is found.

What's in the Box

The Matchbox Takeoff Adventure Airport Playset includes:

- 1 Matchbox Airport Playset (unassembled components)
- 1:64 scale die-cast Audi e-tron toy car
- 1 plastic airplane

Setup and Assembly Instructions

Please follow these steps for proper assembly. Adult supervision and assistance are recommended.

1. **Unpack Components:** Carefully remove all parts from the packaging. Refer to the product box for a visual guide of the components.
2. **Assemble Base Sections:** Connect the various base pieces to form the airport layout, including the runway and terminal area. Ensure they click securely into place.
3. **Attach Terminal Building:** Secure the airport terminal structure to its designated spot on the base.
4. **Install Control Tower:** Place the control tower onto its base section. Ensure the rotating arm mechanism is correctly aligned.
5. **Connect Accessories:** Attach smaller elements such as the security gate, refueling pumps, and any other decorative pieces as indicated in the visual guides.

Operating Instructions

Explore the various interactive features of your Matchbox Airport Playset:

- **Terminal Interaction:** Drive the included die-cast Audi e-tron car up to the terminal entrance. This action activates the doors, revealing an attendant with a luggage cart.

Image: A child interacting with the Audi e-tron car at the airport terminal, demonstrating the activation of the attendant.

- **Security Gate:** Guide the Audi car towards the security gate. Manually open the gate to allow the car to pass through to the runway area.

OPEN THE SECURITY GATE

Image: A hand demonstrating the manual operation of the security gate, allowing the Audi car to proceed.

- **Take-Off and Flight:** Attach the plastic airplane to the clip on the control tower's rotating arm. Move the lever on the control tower to simulate taxiing down the runway and taking off into the air. The plane will fly around the control tower.

Image: A hand operating the control tower lever, which moves the airplane in a circular motion, simulating flight.

- **Landing:** To descend and land the airplane, press the button located on top of the control tower. The plane will automatically lower back onto the runway.

Image: A close-up of a finger pressing the button on the control tower, which controls the airplane's descent.

- **Hangar Storage:** The airport features a hangar with a door that opens and closes. Use this to store the plastic airplane or other vehicles.

Image: The plastic airplane stored inside the hangar, demonstrating the hangar's functionality.

- **Refueling Station:** Position the airplane at the refueling station to prepare for its next journey.

Image: The airplane at the refueling station, ready for its next flight.

- **Expandable Play:** The playset base is designed to connect with additional Matchbox or Hot Wheels tracks and playsets (sold separately) for expanded play scenarios.

Maintenance

To ensure the longevity of your Matchbox Takeoff Adventure Airport Playset:

- **Cleaning:** Wipe the playset and vehicles with a soft, damp cloth. Do not immerse in water. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the playset in a clean, dry place away from direct sunlight and extreme temperatures when not in use.
- **Inspection:** Periodically check for any loose parts or signs of wear and tear.

Troubleshooting

If you encounter any issues with your playset, consider the following:

- **Assembly Issues:** If parts do not fit, ensure you are following the assembly steps correctly and that no pieces are forced. Refer to the visual guides.
- **Mechanism Malfunction:** If the control tower lever or button does not operate smoothly, check for any obstructions or debris. Ensure the airplane is correctly clipped into the mechanism.
- **Missing Parts:** If any parts are missing upon unboxing, please contact Matchbox customer support.
