Rolanstar Twin Bed Frame Instruction Manual

MODEL: HQ-CHJ028-06

Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your Rolanstar Twin Bed Frame. Designed for comfort and functionality, this bed frame features a storage headboard with integrated LED lights and a charging station, ample under-bed storage, and a sturdy, noise-free construction. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Features

- **Multi-Function RGB LED Light:** The integrated RGB LED light strip in the headboard offers customizable colors, brightness, modes, and timing functions via a mobile app or control box.
- **Headboard with Charging Station:** Equipped with 2 USB ports and 1 Type C power strip for convenient charging of mobile devices.
- **Ample Storage Space:** Features two-tier storage shelves in the headboard and a large under-bed drawer with wheels for maximizing space utilization.
- **Upholstered Design:** Classical off-white lambswool upholstery provides a skin-friendly, breathable, and wear-resistant surface, adding a modern touch to any bedroom.
- **Noise-Free & Sturdy Construction:** A solid stainless steel frame and heavy-duty wood slats ensure durability, stability, and a noise-free sleeping environment.

Setup and Assembly

Assembly of the Rolanstar Twin Bed Frame is designed to be straightforward. All necessary tools, illustrated instructions, and numbered parts are included to facilitate a hassle-free setup experience. No professional skills are required.

The collage consists of three panels. The top panel shows a wooden slat being inserted into the metal frame, with a wrench and screwdriver icon and the text 'Easy to Assemble'. The middle panel shows a close-up of the metal frame's joint with a glowing blue light effect, with a noise-free icon and the text 'Noise - free Design'. The bottom panel shows a close-up of the wooden slats supported by the metal frame, with a sturdy support icon and the text 'Sturdy Slats Support'.

Operating Instructions

RGB LED Lights

The RGB LED lights integrated into the headboard can be controlled via a physical control box or a dedicated mobile application. Use the control box buttons to cycle through colors and modes, or hold down to adjust brightness. For advanced customization, including timing functions and a wider range of colors, download and use the mobile app as instructed in the assembly guide.

Soft Headboard

Plush, Gentle Support for Gaming or Relaxing in Bed

Charging Station

The headboard includes a built-in charging station with 2 USB ports and 1 Type C port. Simply plug your device's charging cable into the appropriate port to power up your tablet, phone, or other mobile devices conveniently from your bed.

Large Capacity Storage Drawers

Ample space for clutter-free living

Maintenance

To ensure the longevity and appearance of your Rolanstar Twin Bed Frame, follow these maintenance guidelines:

- **Upholstery Care:** The lambswool upholstery is wear-resistant. For general cleaning, gently vacuum or brush to remove dust. For spills, blot immediately with a clean, dry cloth. Avoid harsh chemicals.
- **Frame Care:** Regularly check all bolts and connections to ensure they are tight. Tighten if necessary to maintain stability and prevent noise. Wipe the metal and particle board surfaces with a damp cloth as needed.
- **LED Lights:** Ensure the LED light strip and control box are kept dry. Avoid pulling on the wires.

Troubleshooting

If you encounter any issues with your bed frame, please refer to the following common solutions:

- **Noise:** If the bed frame makes noise, check all assembly connections and tighten any loose bolts. Ensure the wood slats are properly seated and the noise-free design elements (e.g., foam strips) are intact.
- **LED Lights Not Working:** Verify that the power cable for the LED lights is securely plugged into the charging station and a power source. Check the control box for any damage.
- **Charging Ports Not Functioning:** Ensure the bed frame's power strip is connected to a working wall outlet. Test with different devices and cables to rule out device-specific issues.

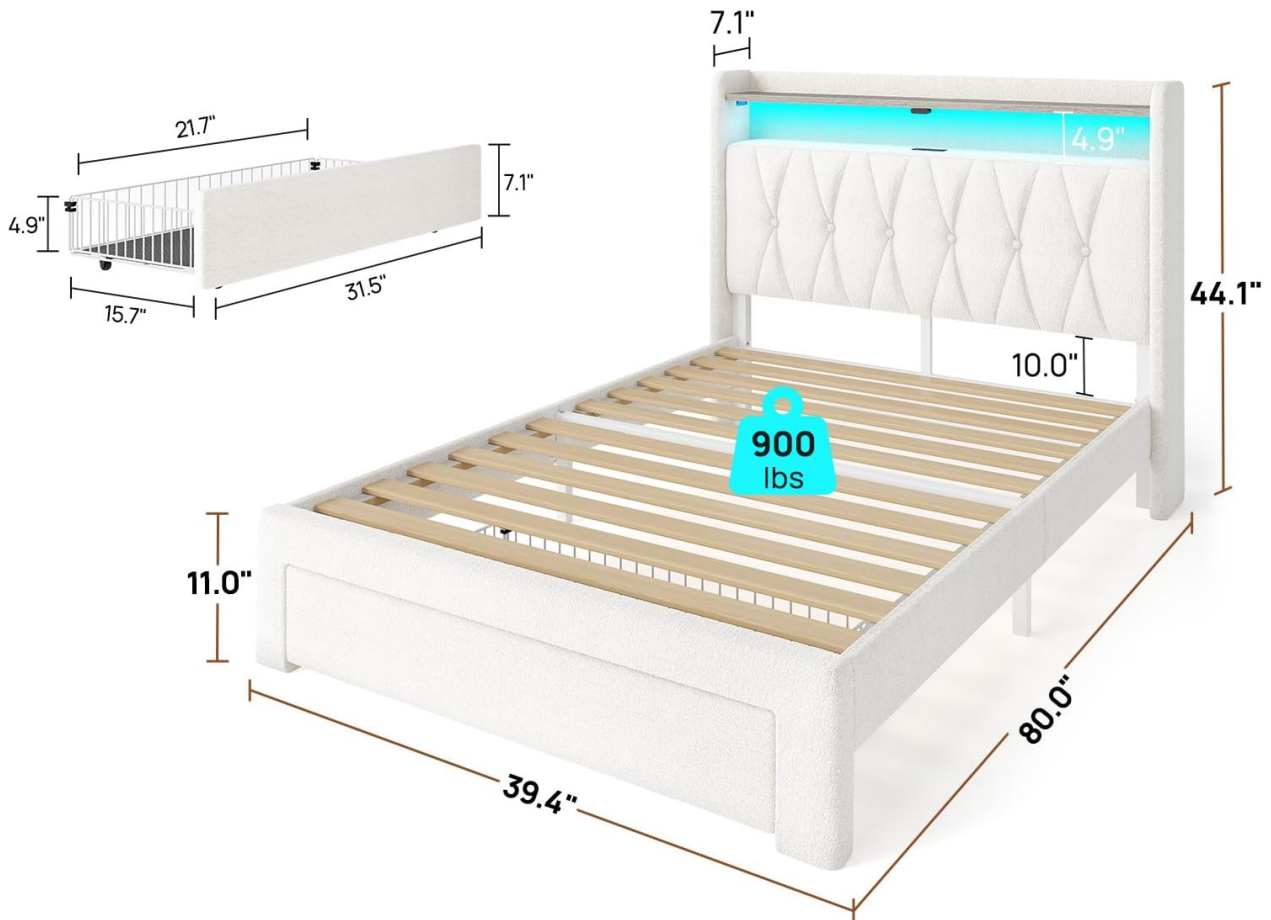

For further assistance, please contact Rolanstar customer support.

Specifications

Attribute	Detail
Size	Twin
Material	Metal, Particle Board, Lambswool
Product Dimensions (L x W x H)	80"L x 40.9"W x 44.1"H
