

Vidapool VRPC01-3

Vidapool Cordless Robotic Pool Vacuum VRPC01-3 User Manual

Model: VRPC01-3

1. INTRODUCTION

Thank you for choosing the Vidapool Cordless Robotic Pool Vacuum VRPC01-3. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your new pool cleaner. Please read this manual thoroughly before first use and retain it for future reference.

2. SAFETY INFORMATION

Always observe the following safety precautions to reduce the risk of injury, electric shock, or damage to the product.

- Read all instructions carefully before operating the appliance.
- Do not operate the cleaner when people or animals are in the pool.
- Ensure the charging port is dry before connecting the charger.
- Use only the original charger supplied with the unit.
- Keep the cleaner out of reach of children.
- Do not attempt to repair the cleaner yourself. Contact customer support for assistance.
- Store the cleaner in a cool, dry place when not in use.

3. PACKAGE CONTENTS

Verify that all items are present in the package before proceeding with setup.

The image displays the Vidapool Cordless Robotic Pool Cleaner VRPC01-3 along with its included accessories: two brushes, one retrieval hook, one charger, and the user manual.

- Cordless Robotic Pool Cleaner (x1)
- Brushes (x2)
- Retrieval Hook (x1)
- Charger (x1)
- User Manual (x1)

4. PRODUCT OVERVIEW

The Vidapool VRPC01-3 is a cordless robotic pool vacuum designed for efficient cleaning of flat-bottomed above-ground pools. It features a dual-motor and dual-brush system for thorough cleaning.

This image shows the Vidapool robotic pool cleaner in action underwater, highlighting its design for efficient movement and cleaning.

Dual-Motor

Dual-Brush

Quick & Clean

The image illustrates the dual-motor and dual-brush system of the Vidapool cleaner, designed for quick and effective cleaning.

5. SETUP

5.1 Charging the Cleaner

Before first use, fully charge the robotic pool cleaner. The battery charge time is approximately 2.5 hours.

2.5 Hour FAST CHARGING

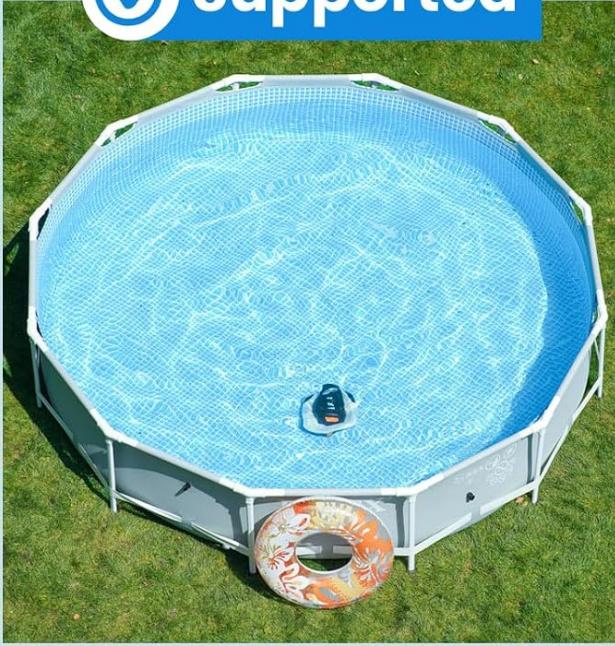

This image shows the Vidapool cleaner connected to its power adapter, illustrating the 2.5-hour fast charging process.

1. Ensure the cleaner is dry before charging.
2. Connect the charger to the cleaner's charging port.
3. Plug the charger into a power outlet.
4. The indicator light on the cleaner will show charging status (refer to LED indicators section in the full manual for details).
5. Once fully charged, disconnect the charger.

5.2 Pool Compatibility

The VRPC01-3 is designed for specific pool types. Please ensure your pool meets the following criteria for optimal performance.

✓ Supported

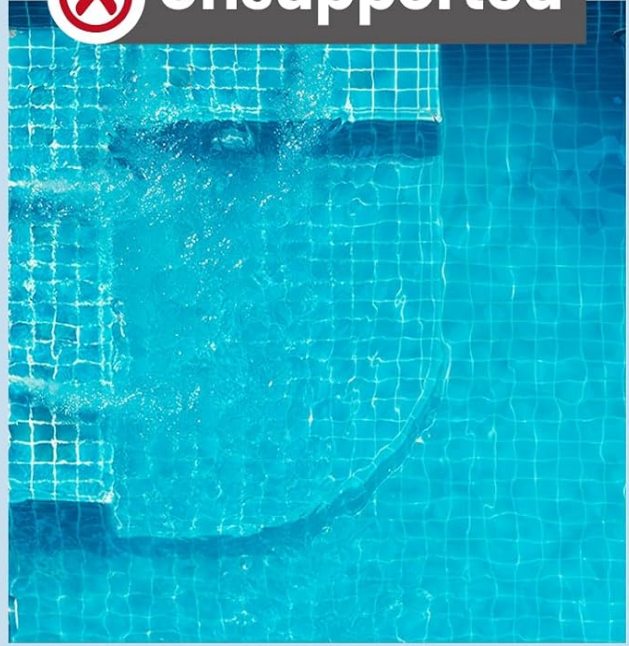

✓ Less Than 860 sq. ft

✓ Above-Ground Pools

✓ Flat Floored Pools

✓ Pools w. No Slope

✗ Unsupported

✗ Slopped Floor

✗ Cleans Steps

✗ Bottom Drain Cover

✗ Tiles w. Large Gaps

This diagram visually distinguishes between supported pool types (less than 860 sq. ft., above-ground, flat-floored, no slope) and unsupported types (sloped floor, steps, bottom drain cover, tiles with large gaps).

Supported Pools:

- Pools less than 860 sq. ft.
- Above-ground pools.
- Flat-floored pools.
- Pools with no slope.

Unsupported Pools:

- Pools with sloped floors.
- Pools requiring cleaning of steps.
- Pools with bottom drain covers that obstruct movement.
- Pools with tiles that have large gaps.

5.3 Assembly

No assembly is required for the Vidapool VRPC01-3. The unit comes pre-assembled and ready for use after charging.

6. OPERATING INSTRUCTIONS

6.1 Placing the Cleaner in the Pool

1. Ensure the cleaner is fully charged.
2. Gently lower the cleaner into the pool until it rests on the pool floor.
3. Ensure there are no obstructions around the cleaner.

6.2 Starting the Cleaning Cycle

The VRPC01-3 features a simple one-touch operation.

This image highlights the 'One-Touch Clean' feature of the Vidapool robotic pool cleaner, emphasizing its simplicity and efficiency.

1. Press the power button on the top of the cleaner.
2. The cleaner will begin its cleaning cycle automatically.

6.3 Runtime and Coverage

The cleaner provides a runtime of up to 90 minutes, covering areas up to 860 sq. ft.

An aerial view of a rectangular pool with a blue and white patterned liner. A small, dark, oval-shaped robotic cleaner is floating on the surface. The pool is surrounded by green grass. The text '90 min Runtime' is overlaid in large white font, with '90' being significantly larger than 'min Runtime'. Below this, 'Covers up to 860 sq. ft' is written in a smaller white font. The 'vidapool' logo is in the bottom left corner of the image area.

90^{min} Runtime

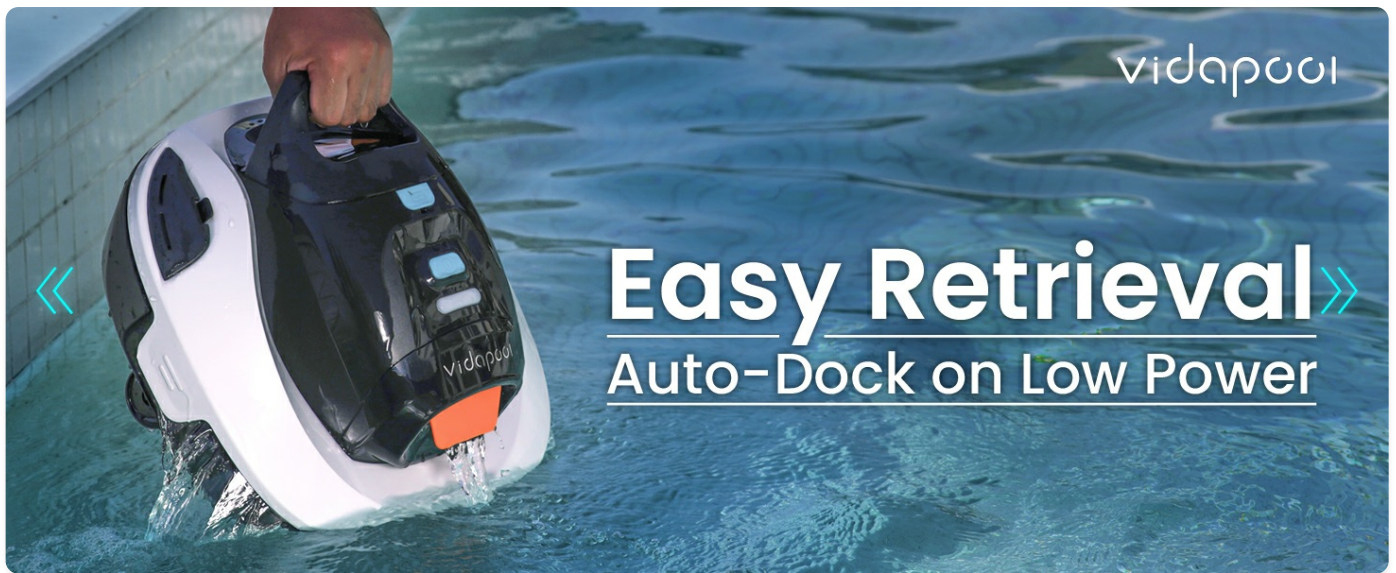

Covers up to 860 sq. ft

vidapool

6.4 Retrieving the Cleaner

When the battery is low, the cleaner will automatically move to the edge of the pool for easy retrieval.

This image demonstrates the easy retrieval of the Vidapool robotic pool cleaner from the water, highlighting its auto-dock feature when power is low.

1. Use the provided retrieval hook to gently lift the cleaner out of the water.
2. Allow excess water to drain from the cleaner before removing it completely.

7. MAINTENANCE

7.1 Cleaning the Filter

Regularly clean the filter basket to maintain optimal cleaning performance.

The image shows a person cleaning the filter basket of the robotic pool cleaner with a hose, emphasizing the importance of precision filtration maintenance.

1. Turn off the cleaner and remove it from the pool.
2. Open the cleaner's cover to access the filter basket.
3. Remove the filter basket and empty any debris.
4. Rinse the filter basket thoroughly with a garden hose until clean.
5. Reinsert the clean filter basket and close the cover securely.

7.2 Storage

When not in use for extended periods, store the cleaner properly.

- Clean the cleaner and filter thoroughly.
- Ensure the cleaner is completely dry.
- Store the cleaner in a cool, dry place, away from direct sunlight and extreme temperatures.

8. TROUBLESHOOTING

If you encounter issues with your Vidapool VRPC01-3, refer to the following common troubleshooting steps.

Problem	Possible Cause	Solution
Cleaner does not start	Low battery; Power button not pressed correctly	Charge the cleaner fully; Press the power button firmly.
Poor cleaning performance	Clogged filter; Worn brushes; Obstructions in pool	Clean the filter basket; Check brushes for wear and replace if necessary; Remove large debris from the pool.
Cleaner stops mid-cycle	Low battery; Obstruction	Retrieve and recharge the cleaner; Check for and remove any obstructions.
Cleaner does not move	Debris caught in wheels/brushes; Motor issue	Inspect and clear any debris; If problem persists, contact customer support.

For further assistance, please contact Vidapool customer support.

9. SPECIFICATIONS

Feature	Detail
