PRODUCT OVERVIEW

Controls and Ports

Familiarize yourself with the controls and ports on your headphones:

- **Power Button:** Located on the earcup, used for turning the headphones on/off and pairing.
- **Volume Control:** Integrated on the earcup for easy audio adjustment.
- **Microphone Mute Switch:** Allows quick muting/unmuting of the microphone.
- **USB-C Port:** For charging and wired audio connection.
- **3.5mm Jack:** For wired audio connection.
- **Detachable Microphone:** Can be plugged into the dedicated port on the earcup.

SETUP

1. Charging the Headphones

Before first use, fully charge your headphones:

1. Connect the 2-in-1 Type-C cable to the USB-C port on the headphones.
2. Plug the other end of the cable into a compatible 5V2A USB power adapter (not included) or a USB port on your computer.
3. The LED indicator will show charging status. A full charge takes approximately 1.6 hours.

Important: Use the original charger or any charger with an output rated for 5V2A to prevent product damage.

2. Attaching the Detachable Microphone

The microphone is detachable for convenience:

1. Locate the microphone port on the left earcup.
2. Align the microphone's connector with the port and gently push until it clicks into place.
3. To remove, pull the microphone straight out from the port.

3. Connecting to Devices

Your headphones support both wired and wireless connections:

Wireless (Bluetooth 5.2)

1. Power on the headphones by pressing and holding the Power Button until the LED indicator flashes.
2. On your device (PC, Switch, smartphone), enable Bluetooth and search for "YOWU CE".
3. Select "YOWU CE" to pair. The LED indicator will show a solid light when connected.

Wired Connection

Use the 2-in-1 Type-C cable for wired audio:

- **For PC/PE/Switch:** Connect the Type-C end to the headphones and the USB-A end to your device.
- **For PS4/PS5:** Only wired connection is supported. Use the provided 3.5mm audio cable.
- **For XBOX:** Requires an additional Bluetooth adapter for wireless use. Wired connection may be possible via controller's 3.5mm jack.

OPERATING INSTRUCTIONS

Power On/Off

- **Power On:** Press and hold the Power Button for 3 seconds.
- **Power Off:** Press and hold the Power Button for 5 seconds.

Volume Control

Use the volume control knob on the earcup to adjust audio levels.

Microphone Usage

- Ensure the detachable microphone is securely connected.
- Use the Microphone Mute Switch to quickly mute or unmute your voice.

RGB Lighting Control

The headphones feature customizable RGB lighting effects:

- Use the dedicated button on the earcup to cycle through different lighting modes and colors.
- For advanced customization, download the YOWU app on your smartphone to program specific effects.

MAINTENANCE

To ensure the longevity and optimal performance of your YOWU Cat Ear Headphones CE, follow these

maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the earcups and headband. Avoid harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the headphones in a cool, dry place. The foldable design allows for compact storage.
- **Cable Care:** Avoid excessive bending or tugging on the cables to prevent damage.
- **Charging:** Always use the recommended 5V2A charger to protect the battery.

TROUBLESHOOTING

If you encounter any issues with your headphones, refer to the following common solutions:

- **No Sound:**
 - Ensure headphones are powered on and connected (Bluetooth or wired).
 - Check device volume and headphone volume.
 - For wired connection, ensure the cable is fully inserted into both the headphones and the device.
- **Microphone Not Working:**
 - Ensure the detachable microphone is securely attached.
 - Check the microphone mute switch on the earcup.
 - Verify microphone settings on your connected device.
- **RGB Lights Not Working:**
 - Ensure the headphones are powered on.
 - If using wired, ensure the USB-A end of the 2-in-1 cable is connected to a power source.
 - Check lighting settings via the dedicated button or the YOWU app.
- **Bluetooth Disconnection:**
 - Ensure headphones are within range of the device.
 - Try unpairing and re-pairing the headphones with your device.
 - Ensure the headphones are sufficiently charged.
