Setup and Assembly

Adult assembly is required for this track set. Follow these steps to assemble your Hot Wheels Ultra Hots Blast Launch Face-Off Track Set:

1. Unpack all components from the box and ensure all parts listed in "What's in the Box" are present.
2. Connect the base track pieces according to the visual guides provided in the included diagram (refer to the physical instruction sheet for detailed diagrams). Ensure all connections are secure.
3. Attach the two loops to their designated positions on the track.

4. Integrate the crossover track sections, ensuring they align correctly for the crash zones.
5. Install the two manual launchers at the starting points of each track lane.
6. Verify all track connections are firm and stable before play.

Operating Instructions

The Hot Wheels Ultra Hots Blast Launch Face-Off Track Set is designed for head-to-head racing action.

1. **Place Cars:** Position one 1:64 scale Hot Wheels car onto each of the two manual launchers at the starting line.
2. **Prepare to Launch:** Ensure both cars are seated correctly and the track ahead is clear.
3. **Launch Cars:** Simultaneously press down on both manual launchers to propel the cars forward. The cars will race through the turbo tubes, into the loops, and then through the crash zones.
4. **Observe the Action:** Watch as the vehicles either narrowly miss each other or collide in an epic crash!
5. **Repeat:** Reset the cars on the launchers and race again for continuous fun.

This set can also be connected to other Hot Wheels track sets (sold separately) for expanded play possibilities.

Maintenance

- **Cleaning:** To clean the track set, wipe surfaces with a soft, damp cloth. Do not immerse in water or use harsh chemicals.
- **Storage:** The track set features a foldable design for easy storage and portability. Fold the track as instructed in the physical manual to minimize space.

Troubleshooting

- **Cars not launching effectively:**
  - Ensure cars are correctly seated on the launchers.
  - Verify the launchers are fully engaged and released with sufficient force.
  - Check for any obstructions in the launch path.
- **Cars derailing or getting stuck:**
  - Inspect all track connections to ensure they are securely fastened and aligned.
  - Check the wheels of the Hot Wheels cars for any debris or damage.
  - Ensure the track is on a flat, stable surface.
