› Premium Plus Stove Protectors for GE Gas Range Model GGF400PVSS User Manual

## Premium-Plus GGF400PVSS

# Premium Plus Stove Protectors User Manual

Model: GGF400PVSS

## INTRODUCTION

---

The Premium Plus Stovetop Protector Liners are designed to enhance your kitchen experience by keeping your gas stovetop immaculate. These non-stick liners facilitate quick cleanup and maintenance, protecting the metal surface from spills and grease.

This manual provides detailed instructions for the installation, use, and care of your Premium Plus Stove Protectors.

## PRODUCT OVERVIEW

---

Your Premium Plus Stove Protectors are custom-cut, heat-resistant liners designed for specific GE Gas Range models, including the GGF400PVSS. They are made in the USA, PFOA & BPA Free, and are designed for easy installation and cleaning.

# Customized STOVE PROTECTORS

Premium Plus "Customized Stovetop Protectors Liners" for GE Gas Range. Match your burner location with our image for a perfect fit. Protects stovetop from spills and grease, easy to clean and dishwasher safe. Enjoy a cleaner, convenient cooking experience.

## SETUP AND INSTALLATION

Follow these steps for easy installation of your stovetop protector liners:

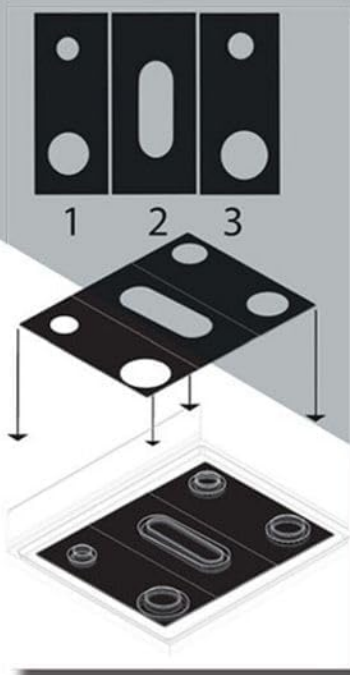

1. **Prepare the Stovetop:** Carefully remove the grates and burners from your gas stovetop. Ensure the stovetop surface is clean and dry before installation.
2. **Align the Liners:** The liners come in three pieces. Begin by aligning the middle section, then place the two side pieces. Ensure all pieces slightly overlap on your stovetop for complete protection and a secure fit.
3. **Reassemble:** Once the liners are in place, carefully reassemble the grates and burners onto the stovetop.

## OPERATING AND DAILY USE

Once installed, your Premium Plus Stove Protectors work continuously to protect your stovetop. They are designed to withstand temperatures up to 500 degrees Fahrenheit, safeguarding the metal surface from spills, drips, and grease during cooking.

The non-stick surface ensures that food and liquids do not adhere, making daily cooking and subsequent cleanup significantly easier.

## MAINTENANCE AND CLEANING

---

Cleaning your Premium Plus Stove Protectors is simple and convenient:

- **For Localized Spills:** If a spill occurs in a specific area, simply remove the affected liner piece, clean it, and replace it.
- **Hand Washing:** Wipe away spills and grease with a damp sponge and mild soap. Rinse thoroughly and dry before re-installing.
- **Dishwasher Safe:** For a more thorough cleaning, the liners can be placed in the dishwasher on the top rack.

These liners are reusable and designed to keep your stovetop looking new without laborious scrubbing.

## TROUBLESHOOTING

- **Liners do not fit correctly:** Ensure you have the correct model number for your GE gas range. These liners are custom-cut for model GGF400PVSS. If your model differs, search for "Premium Plus [Your Model Number]" on Amazon to find the appropriate liners.
- **Liners are not staying in place:** Verify that the liners are correctly aligned and overlapping as described in the "Setup and Installation" section. The design allows for a secure fit when properly installed.
- **Stains or residue remain after cleaning:** For stubborn stains, try soaking the liners in warm, soapy water before scrubbing. Ensure you are using a non-abrasive sponge or cloth to avoid damaging the non-stick surface.
- **Liners appear warped or damaged:** While heat resistant up to 500°F, extreme heat exposure beyond this limit can cause damage. Ensure your stovetop is operating within normal temperatures. If damage occurs under normal use, refer to the warranty information.

SPECIFICATIONS
