AUSDOM Sofkeys Air3

AUSDOM Sofkeys Air3 Foldable Bluetooth Keyboard

User Manual

INTRODUCTION

Thank you for choosing the AUSDOM Sofkeys Air3 Foldable Bluetooth Keyboard. This portable keyboard is designed for convenience and versatility, featuring a built-in touchpad and a numeric keypad. It supports seamless connection with up to three devices across various operating systems, including Windows, Mac OS, iOS, and Android. Its compact, tri-fold design makes it ideal for travel and on-the-go productivity.

This manual provides detailed instructions on how to set up, operate, and maintain your keyboard to ensure optimal performance.

PACKAGE CONTENTS

- AUSDOM Sofkeys Air3 Foldable Bluetooth Keyboard
- USB-C Charging Cable
- User Manual

SETUP

1. Charging the Keyboard

Before first use, fully charge the keyboard. Connect the provided USB-C charging cable to the keyboard's USB-C port and the other end to a USB power source (e.g., computer USB port, wall adapter). The charging indicator light will show the charging status.

A full charge takes approximately 2 hours and provides over 30 days of standby time.

2. Powering On/Off

- To power on: Unfold the keyboard. The power indicator will light up.
- To power off: Fold the keyboard. The power will automatically turn off.

3. Bluetooth Pairing

The keyboard can connect to up to 3 devices simultaneously using Bluetooth 5.1 technology.

1. Unfold the keyboard to power it on.
2. Press and hold the **Fn** key and one of the Bluetooth channel keys (**BT1**, **BT2**, or **BT3**) for 3-5 seconds until the corresponding Bluetooth indicator light flashes rapidly. This indicates the keyboard is in pairing mode.
3. On your device (PC, tablet, smartphone), go to Bluetooth settings and search for new devices.
4. Select "AUSDOM Sofkeys Air3" from the list of available devices.

5. Follow any on-screen prompts to complete the pairing process. The indicator light will stop flashing once connected.
6. To switch between paired devices, simply press the **Fn** key and the desired Bluetooth channel key (**BT1**, **BT2**, or **BT3**) once.

OPERATING INSTRUCTIONS

Touchpad and Numeric Keypad Switching

The right-hand section of the keyboard functions as both a touchpad and a numeric keypad. To switch between these two modes, press **Fn + Spacebar**.

- **Touchpad Mode:** Use multi-touch gestures for navigation, scrolling, managing files, browsing the web, and switching applications.
- **Numeric Keypad Mode:** Use the keys as a standard 10-key numeric pad for data entry.

Trackpad supports multiple gestures

Multimedia Shortcut Keys

The keyboard features a full row of multimedia shortcut keys. These keys are used in combination with the **Fn** key to perform various functions quickly.

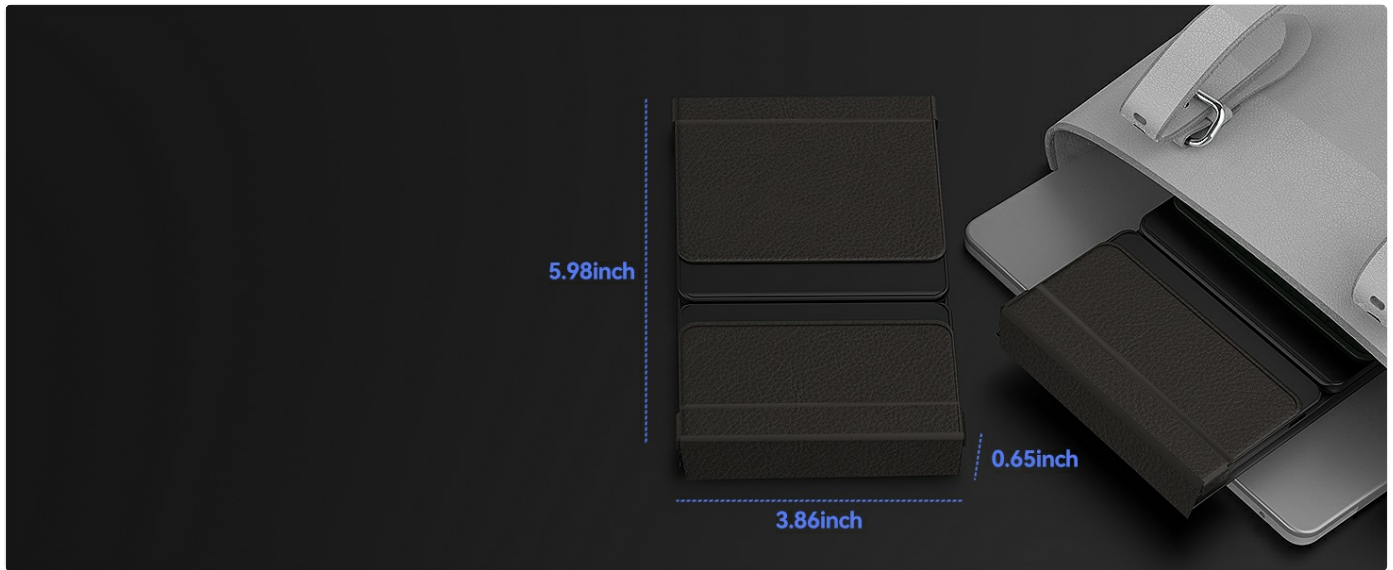

Image: An illustration highlighting the multimedia shortcut keys and their functions.

Common functions include volume control, media playback, screen lock, and more. Refer to the key legends for specific functions.

Typing Experience

The keyboard utilizes sensitive and quiet scissor switches, providing a comfortable typing experience similar to a laptop keyboard. The distinctive leather jacket not only protects the keyboard but also increases friction with the desktop, preventing movement during typing.

Compatibility

The AUSDOM Sofkeys Air3 is compatible with a wide range of devices and operating systems, including:

- Windows PCs and Laptops
- Mac OS devices (MacBook, iMac)
- iOS devices (iPad, iPhone)
- Android devices (Tablets, Smartphones)

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your keyboard.

- **Cleaning:** Use a soft, dry, lint-free cloth to wipe the keyboard surface. For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid excessive moisture.
- **Storage:** When not in use, fold the keyboard to protect the keys and internal components. Store it in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Liquids:** Do not expose the keyboard to liquids. While durable, liquid damage can impair functionality.
- **Handle with Care:** Avoid dropping the keyboard or subjecting it to strong impacts.

TROUBLESHOOTING

If you encounter issues with your AUSDOM Sofkeys Air3 keyboard, please refer to the following common solutions:

Problem	Solution
Keyboard does not power on.	<p>Ensure the keyboard is fully unfolded.</p> <p>Charge the keyboard for at least 30 minutes.</p>
Unable to pair via Bluetooth.	<p>Ensure the keyboard is in pairing mode (indicator light flashing rapidly).</p> <p>Make sure Bluetooth is enabled on your device.</p> <p>Delete any previous pairings of the keyboard from your device's Bluetooth list and try pairing again.</p> <p>Restart both the keyboard (fold and unfold) and your device.</p> <p>Ensure the keyboard is within the effective Bluetooth range (approx. 33 feet).</p>
Keys or touchpad are unresponsive.	<p>Check battery level and charge if low.</p> <p>Ensure the keyboard is properly connected to your device.</p> <p>If the touchpad is unresponsive, ensure it is not in numeric keypad mode (press Fn + Spacebar to switch).</p> <p>Try reconnecting the Bluetooth connection.</p>

Problem	Solution
Numeric keypad not working.	Ensure the keyboard is in numeric keypad mode (press Fn + Spacebar to switch).
