SIXWIN A3733

SIXWIN 9-Inch Touchscreen Single DIN Car Stereo User Manual

Model: A3733

INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your SIXWIN 9-inch Touchscreen Single DIN Car Stereo (Model A3733). Please read this manual thoroughly before using the product to ensure proper function and to prevent damage.

SETUP AND INSTALLATION

The SIXWIN car stereo is designed for single DIN installation. Professional installation is recommended.

Before Installation

Before Installation

This image illustrates the visual difference in a car's dashboard before and after the SIXWIN 9-inch car stereo is installed, replacing older car audio units.

Wiring Connections

Ensure all power, speaker, and accessory cables are connected correctly according to your vehicle's wiring diagram and the provided power and speaker cables. An external microphone is included for hands-free calling.

Package Included

This image displays the physical dimensions of the car stereo unit and lists the included accessories: power cable, horn cable (speaker cable), user manual, and external microphone.

OPERATING INSTRUCTIONS

Touchscreen Interface

The device features a 9-inch 1080P HD touchscreen for intuitive operation. Navigate through menus and control functions by touching the screen.

9 Inch 1080P Touchscreen

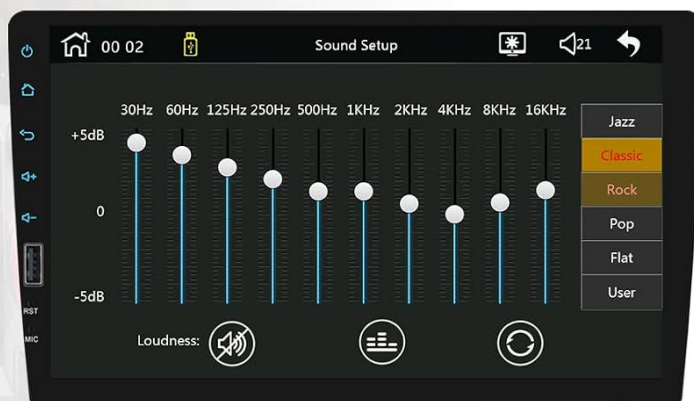

HD video player, 9-inch screen clear / delicate touch screen operation like mobile phone

**1080p

This image also displays the 7-color light feature, showing different color options for the stereo's button illumination.

Steering Wheel Control

The unit supports connection to your vehicle's steering wheel controls for convenient operation without taking your hands off the wheel. Refer to your vehicle's manual and the stereo's wiring diagram for proper connection.

MAINTENANCE

Cleaning the Screen

To clean the touchscreen, power off the device and gently wipe the screen with a soft, lint-free cloth. Do not use abrasive cleaners or solvents.

General Care

Avoid exposing the unit to extreme temperatures, direct sunlight for prolonged periods, or excessive moisture. Ensure proper ventilation around the unit.

TROUBLESHOOTING

- **No Power:** Check all power connections. Ensure the vehicle's ignition is on. Verify fuses.
- **No Sound:** Check speaker connections. Ensure volume is not muted or set to minimum. Verify EQ settings.
- **Bluetooth Connectivity Issues:** Ensure Bluetooth is enabled on both the stereo and your phone. Delete previous pairings and re-pair.
- **Carplay/Android Auto Not Connecting:** Ensure your phone is compatible. Try a different USB cable if using a wired connection. Check phone settings for Carplay/Android Auto permissions.
- **Touchscreen Unresponsive:** Power cycle the unit. If issues persist, perform a factory reset.

Factory Reset

If you encounter persistent software issues, a factory reset may resolve them. The factory settings key is**113266**. Consult the on-screen menu for the factory reset option and enter the key when prompted. *Performing a factory reset will erase all personalized settings.*
