

EMEET C950

EMEET C950 4K Webcam User Manual

Model: C950

1. INTRODUCTION

The EMEET C950 4K Webcam is designed to provide high-quality video and audio for various communication needs, including remote meetings, online education, and live streaming. It features 4K UHD resolution, PDAF autofocus, and a noise-canceling microphone for clear and stable performance.

2. PACKAGE CONTENTS

- EMEET C950 4K Webcam
- USB Cable
- User Manual

3. PRODUCT OVERVIEW

The EMEET C950 webcam features a compact design with an integrated clip for easy mounting on monitors or laptops. It includes a lens, a built-in microphone, and a physical privacy cover.

Image: Front view of the EMEET C950 4K Webcam, showing the lens and the integrated privacy cover.

Perfect for Remote Work and Meetings

Image: The EMEET C950 4K Webcam mounted on a monitor, demonstrating its PDAF autofocus capability on a user's face during a video call.

4. SETUP INSTRUCTIONS

4.1 Mounting the Webcam

The webcam features a flexible bracket for secure placement on top of your computer monitor or laptop screen. Adjust the bracket to fit the thickness of your display. The bracket allows for vertical angle adjustments of 15° forward and 90° backward.

Capture Every Detail in 4K

Image: Illustration of the webcam's flexible bracket, showing 90-degree and 15-degree vertical adjustments, along with icons for Windows, macOS, Android, and Linux compatibility.

4.2 Connecting to Your Computer (Plug & Play)

1. Connect the USB cable from the webcam to an available USB 2.0 port on your computer.
2. The webcam is plug-and-play, meaning no additional drivers are typically required for basic functionality. Your operating system should automatically detect and install the necessary components.

Plug and Play

Easily connect with USB 2.0 for instant 4K output.

Image: A close-up of the EMEET C950 webcam's USB cable being plugged into a laptop, illustrating its plug-and-play functionality.

4.3 System Compatibility

The EMEET C950 is compatible with major operating systems:

- Windows (Win10, 11)
- macOS (10.14 and above)
- Android TV V7.0 and above

It operates seamlessly in USB Video Device Class mode.

4.4 Setting Up 4K Resolution

To utilize the 4K resolution, ensure your computer's settings are configured correctly. The actual video resolution may vary depending on the camera software or applications used (e.g., PotPlayer/OBS).

3.How to use on streaming/meeting platforms?

① The default resolution on streaming/meeting platforms is 720P/1080P

ZOOM/Teams default 720P/1080P
(Meeting platforms do not support 4K)

② But the video quality still can be improved with EMEET high-quality webcams → EMEET 4K Camera

720P/1080P

Image: A visual guide demonstrating the steps to configure 4K resolution settings on both Windows and macOS operating systems for the webcam.

5. OPERATING INSTRUCTIONS

5.1 Using with Communication Platforms

The EMEET C950 is fully compatible with popular platforms such as Zoom, Microsoft Teams, Google Meet, Cisco Webex, Facetime, GoToMeeting, Lifesize, Slack, and Line. After connecting, select the EMEET C950 as your preferred camera and microphone in the application's settings.

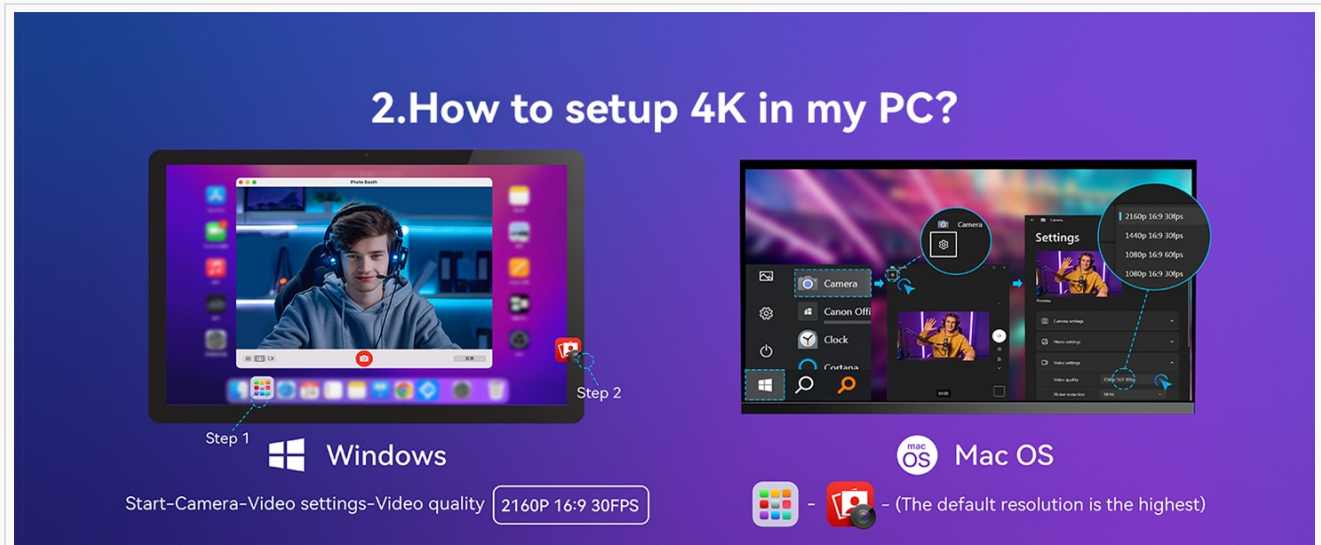

Image: A comparison illustrating the video quality difference between standard 720p/1080p on meeting platforms and the enhanced quality provided by the EMEET 4K Camera.

5.2 Video Resolution and Frame Rates

The webcam supports resolutions and frame rates from 4K@30FPS to 1080P@60FPS. For optimal 4K experience, a 4K display is recommended.

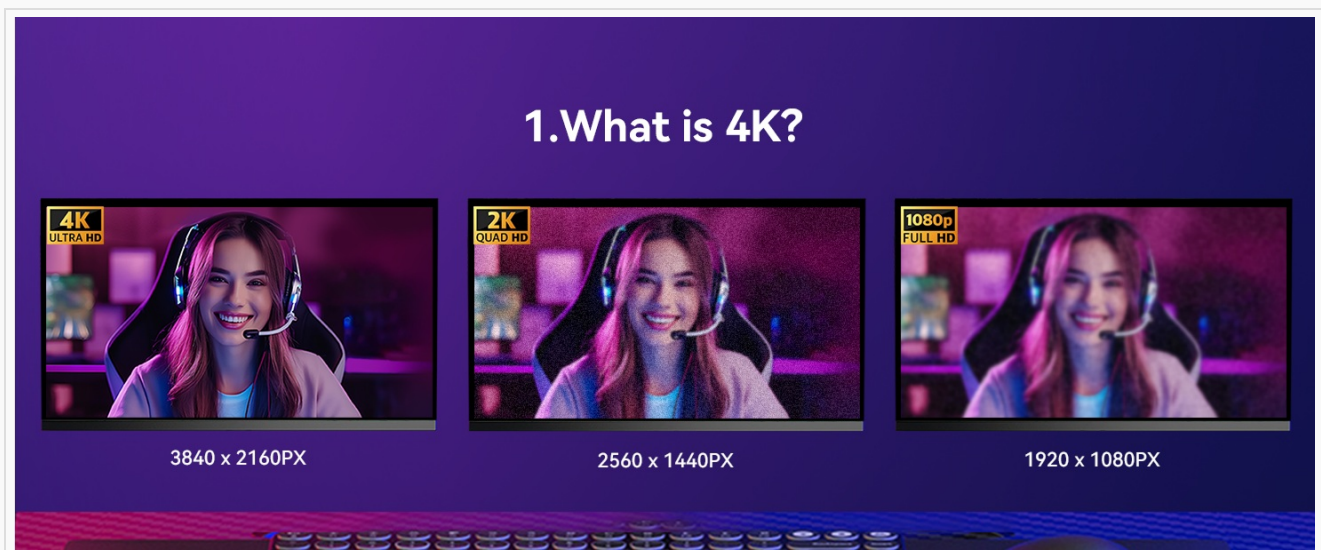

Image: A visual comparison demonstrating the clarity and detail differences between 4K (3840x2160px), 2K (2560x1440px), and 1080p (1920x1080px) resolutions.

5.3 PDAF Autofocus

The PDAF (Phase Detection Autofocus) system provides fast, precise, and stable focusing. The recommended focusing distance under natural lighting conditions is between 4 inches and 10 feet. The 70° Field of View (FOV) helps keep the focus on you, minimizing background distractions.

5.4 Noise-Canceling Microphone

The built-in noise-canceling microphone ensures clear audio capture up to 6 feet away, reducing background noise for improved communication.

Privacy Protection

Ensure your privacy with an external push-pull cover

Image: A graphic representation of the EMEET C950 webcam's noise cancellation feature, showing how it separates voice from ambient noise.

5.5 Privacy Protection

The webcam includes a physical privacy cover. Slide the cover over the lens when not in use to ensure your privacy.

Image: An illustration showing a hand sliding the physical privacy cover over the lens of the EMEET C950 webcam.

5.6 EMEETLINK Software

For advanced customization of image settings and firmware updates, download and install the EMEETLINK software. This software allows you to tailor your video experience.

Image: A screenshot of the EMEETLINK software interface, displaying various camera settings and customization options for the webcam.

6. MAINTENANCE

To ensure the longevity and optimal performance of your EMEET C950 webcam, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the webcam lens and body. Avoid abrasive cleaners or solvents that could damage the surfaces.
- **Storage:** When not in use, especially during travel, engage the privacy cover to protect the lens. Store the webcam in a clean, dry place.
- **Handling:** Avoid dropping the webcam or subjecting it to strong impacts. Do not attempt to disassemble the device.

7. TROUBLESHOOTING

If you encounter issues with your EMEET C950 webcam, refer to the following common solutions:

- **No Video/Audio:**
 - Ensure the USB cable is securely connected to both the webcam and your computer.
 - Verify that the EMEET C950 is selected as the camera and microphone input in your application's settings (e.g., Zoom, Teams).
 - Check your computer's privacy settings to ensure applications have permission to access the camera and microphone.
- **Poor Video Quality:**
 - Ensure adequate lighting in your environment.
 - Check your application's video settings to confirm the resolution is set to 4K or 1080P.
 - Clean the webcam lens with a soft cloth.
 - Update the webcam's firmware using the EMEETLINK software.
- **Autofocus Issues:**
 - Ensure you are within the recommended focusing distance (4 inches to 10 feet).
 - Avoid rapid movements or extreme low-light conditions that might affect autofocus performance.
- **Noise in Audio:**
 - Ensure the microphone is not obstructed.
 - Minimize background noise in your environment.

For further assistance, please refer to the support section.

8. SPECIFICATIONS

Feature	Detail
Product Dimensions	1.9 x 1.9 x 1.5 inches
Item Weight	3.04 ounces
Item Model Number	E3133
Photo Sensor Technology	CMOS
Video Capture Resolution	4K
Maximum Focal Length	1000 Millimeters

Maximum Aperture	4 f
Video Capture Format	MP4
Supported Audio Format	AAC, MP3
Connectivity Technology	USB

9. WARRANTY AND SUPPORT

EMEET provides comprehensive support for its products:

- **Warranty:** The EMEET C950 4K Webcam comes with a 2-year exclusive warranty.
- **Technical Support:** Lifetime professional technical team support is available.
- **Response Time:** Customer inquiries typically receive a reply within 24 hours.

For support, please visit the official EMEET website or contact their customer service directly.
