Bextgoo Clip-01 1080P FHD Body Camera User Manual

Model: Clip-01

1. INTRODUCTION

Thank you for choosing the Bextgoo Clip-01 1080P FHD Body Camera. This compact and versatile device is designed for capturing high-quality video and photos in various scenarios, from personal safety to outdoor activities. Please read this manual carefully to ensure proper use and optimal performance of your camera.

Image 1.1: Bextgoo Clip-01 1080P FHD Body Camera overview.

2. WHAT'S IN THE BOX

- 1 x Bextgoo Clip-01 Mini Body Camera
- 1 x 32GB Micro SD Card (pre-installed)
- 1 x Reset Pin
- 1 x User Manual
- 1 x Charging Cord

3. PRODUCT OVERVIEW

The Bextgoo Clip-01 features a sleek design with essential controls and ports for easy operation.

Image 3.1: Detailed diagram of the Bextgoo Clip-01 Body Camera components and controls.

Key Features:

- **1080P Full HD Footage:** Captures clear details at 1080P Ultra HD at 30fps with a 90° wide-angle lens.
- **12MP Photo Quality:** High-resolution 12MP photos for vivid and clear details.
- **Smart PIR Motion Detection:** Built-in sensor activates recording when motion is detected.
- **32GB Micro SD Card with Loop Storage:** Footage is saved directly to the included 32GB micro SD card. Supports loop recording, overwriting oldest footage when full.
- **3-7 Hours Wireless Usage:** Built-in 560mAh rechargeable battery provides 3-7 hours of wireless use. Can operate continuously while charging.
- **Portable Clip Design:** Slim and light design with a built-in clip for easy attachment to backpacks, belt loops, etc.
- **No WiFi, No App Needed:** Ready to use out of the box with the pre-installed memory card.

4. SETUP

4.1 Charging the Camera

Before first use, fully charge the camera. Connect the provided charging cord to the camera's USB port and to a power source (e.g., computer USB port or USB wall adapter). The indicator light will show charging status and turn off when fully charged.

1080P FHD Quality Image / Video

Never miss any details in the room

1080P

720P

Image 4.1: Charging the camera and expected battery life.

4.2 Inserting/Removing Micro SD Card

The camera comes with a 32GB Micro SD card pre-installed. If you need to replace or remove it:

1. Locate the Micro SD card slot on the camera.
2. To insert, gently push the card into the slot until it clicks into place. Ensure the correct orientation.
3. To remove, gently push the card inwards again until it springs out slightly, then pull it out.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

- **Power On:** Press and hold the power button for a few seconds until the indicator light illuminates.
- **Power Off:** Press and hold the power button for a few seconds until the indicator light flashes and then turns off.

5.2 Video Recording

Once powered on, the camera is typically in standby mode. To start video recording, press the video record button. The indicator light will change to indicate recording is in progress. Press the button again to stop recording.

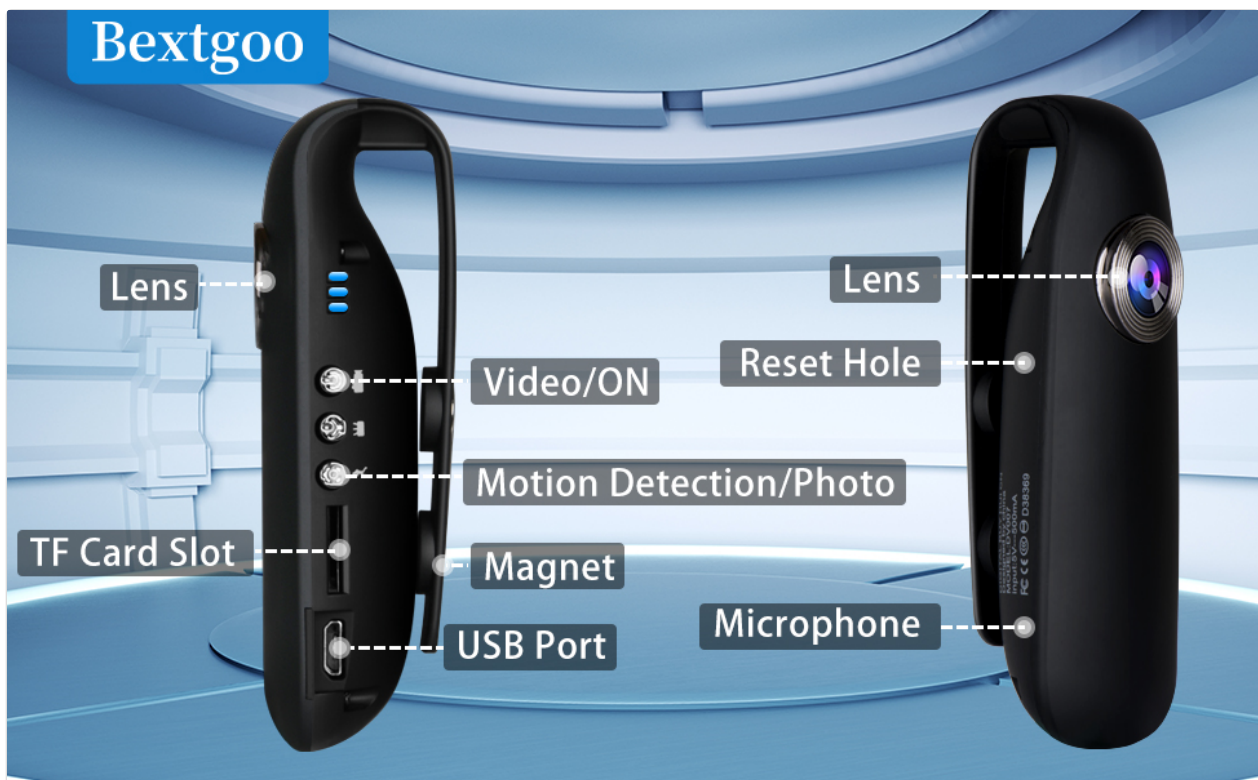

Image 5.1: Comparison of 1080P FHD video quality.

5.3 Taking Photos

In standby mode, press the photo button once to capture a still image. The indicator light may flash briefly to confirm the photo has been taken.

5.4 Smart PIR Motion Detection

The camera features a PIR (Passive Infrared) motion detection function. When enabled, the camera will automatically start recording when it detects movement in its field of view, conserving battery and storage space.

WIRELESS Use ON BATTERY (long battery life)

Fully charges in just 1 hour and offers up to 7 hours of using time

1h
Charging

7h
Working time

Using 24/7 WHILE CHARGING (non-stop use while charging supported)

Loop taking video while charging supported, meanwhile, you can View the video by USB cable directly.

Image 5.2: Illustration of Smart PIR Motion Detection in use.

5.5 Loop Storage

The camera supports loop recording. When the 32GB Micro SD card is full, the camera will automatically overwrite the oldest video files to make space for new recordings. This ensures continuous recording without manual storage management.

5.6 Accessing Files

To view or transfer recorded files:

1. **Direct Connection:** Connect the camera to your computer using the provided USB cable. The camera should appear as a removable disk, allowing you to access the files.
2. **SD Card Reader:** Remove the Micro SD card from the camera and insert it into an SD card reader (not included) connected to your computer.

Image 5.3: Two methods for accessing recorded footage from the camera.

5.7 Time Stamp

The camera can embed a time stamp on your recordings. To set or adjust the time stamp, connect the camera

to a computer. Open the file named <<settime>> (or similar) and edit the text file to set the correct date and time. Save the file to apply the changes.

6. MAINTENANCE

- Keep the camera clean. Use a soft, dry cloth to wipe the lens and body. Avoid abrasive cleaners.
- Store the camera in a cool, dry place away from direct sunlight and extreme temperatures.
- Avoid dropping or subjecting the camera to strong impacts.
- Regularly back up important footage from the Micro SD card to prevent data loss.
- Ensure the charging port is free from dust and debris.

7. TROUBLESHOOTING

- **Camera not turning on:** Ensure the battery is charged. Connect to a power source and try again. If unresponsive, use the reset pin to press the reset button.
- **Cannot record:** Check if the Micro SD card is properly inserted and has sufficient free space. If loop recording is enabled, older files will be overwritten.
- **Poor video/photo quality:** Ensure the lens is clean and free from smudges. Check lighting conditions.
- **Computer not recognizing camera:** Try a different USB port or cable. Ensure the camera is powered on when connected.

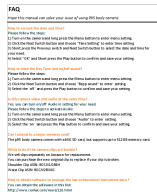

8. SPECIFICATIONS

Feature	Detail
Brand	Bextgoo
Model Name	Clip-01
Video Capture Resolution	1080p
Photo Sensor Technology	CMOS
Flash Memory Type	Micro SD (32GB included)
Battery Life	3-7 Hours (wireless usage)
Connectivity Technology	No WiFi Need
Item Weight	3.84 ounces
Package Dimensions	5.31 x 3.5 x 1.46 inches

9. WARRANTY & SUPPORT

For warranty information and customer support, please refer to the contact details provided with your product packaging or visit the official Bextgoo website. Keep your purchase receipt for warranty claims.
