MEICHYUN CA-WW001

MEICHYUN Baby Bassinet Bedside Sleeper

Model: CA-WW001

1. Introduction

Thank you for choosing the MEICHYUN Baby Bassinet Bedside Sleeper. This versatile 3-in-1 bassinet is designed to provide a safe, comfortable, and convenient sleeping solution for your newborn. It can be used as a standalone bassinet, a bedside sleeper attached to an adult bed, or a rocking bassinet to soothe your baby. Please read this manual carefully before assembly and use to ensure proper operation and safety.

2. Safety Information

Your baby's safety is our top priority. Always follow these safety guidelines:

- **Weight Limit:** This bassinet is suitable for newborns aged 0-6 months, with a maximum recommended weight of 15 lbs. The actual maximum load capacity is 33 lbs, but always adhere to the recommended weight for optimal safety.
- **Suffocation Risk:** Ensure the bassinet is always placed on a firm, flat surface. The all-around breathable mesh design helps reduce the risk of suffocation and allows for constant visibility of your baby.
- **Assembly:** Always ensure all parts are correctly assembled and securely fastened before placing your baby in the bassinet. Do not use if any parts are missing or broken.
- **Bedside Sleeper Mode:** When used as a bedside sleeper, ensure the bassinet is securely attached to the adult bed and there are no gaps between the bassinet and the mattress. The height should be adjusted to match the adult bed's height.
- **Supervision:** Never leave your child unattended in the bassinet.
- **Certifications:** This bassinet is ASTM and CPSC certified, ensuring it meets rigorous safety standards.
- **Sharp Edges:** The bassinet features rounded corners to prevent scratches and injuries. Regularly inspect for any wear or damage.

3. Package Contents

Please verify that all components are present before beginning assembly:

- Bassinet Frame (Aluminum)

- Bassinet Fabric Assembly (with breathable mesh sides)
- Comfortable Mattress (33 x 19 inches)
- Removable Mosquito Net
- Storage Basket
- Wheels with Brakes (4 units)
- Instruction Manual

4. Setup and Assembly

The MEICHYUN bassinet is designed for tool-free, quick, and easy assembly, typically taking around 10 minutes. Follow these general steps:

1. **Unfold the Frame:** Carefully unfold the aluminum frame until it locks into an upright position.
2. **Attach Fabric Assembly:** Secure the bassinet fabric assembly to the frame according to the designated attachment points. Ensure all zippers and fasteners are closed.
3. **Install Wheels:** Insert the silent casters with brakes into the designated slots on the bassinet legs. Ensure they are firmly in place.
4. **Insert Mattress:** Place the comfortable mattress inside the bassinet.
5. **Attach Storage Basket:** Secure the large storage basket to the underside of the bassinet frame.
6. **Optional: Attach Mosquito Net:** If desired, attach the removable mosquito net to the top of the bassinet for added protection.

A mother is comfortably lying on the bed, observing her baby in the bassinet, highlighting the ease of access and proximity for nighttime care.

5. Operating Modes and Features

The MEICHYUN bassinet offers multiple functionalities to adapt to your needs:

5.1. 3-in-1 Convertible Modes

- **Standalone Baby Bassinet:** Use the bassinet independently in any room, providing a safe and comfortable sleeping space for your baby.
- **Bedside Sleeper:** Attach the bassinet to your adult bed, allowing you to keep your baby close for easy feeding and comforting, especially beneficial for nursing mothers or those recovering from a C-section.
- **Rocking Bassinet:** Engage the rocking function to gently soothe your baby to sleep.

Figure 5.1: Three Convertible Modes. This visual guide showcases the versatility of the MEICHYUN bassinet, detailing its three primary configurations: a bedside sleeper for co-sleeping convenience, a rocking bassinet for soothing, and a standalone bassinet for independent use in any room.

5.2. Breathable Mesh Design

The bassinet features all-around breathable mesh sides, ensuring optimal ventilation and reducing the risk of suffocation. This design also allows parents to easily observe their baby at all times.

Figure 5.2: All-Around Breathable Mesh. The image highlights the all-around breathable mesh design of the bassinet, which promotes airflow and allows parents to easily observe their baby, reducing the risk of suffocation and ensuring a safe sleeping environment.

5.3. Mobility and Storage

Equipped with 360-degree swivel wheels and integrated brakes, the bassinet can be easily moved from one room to another. The wheels can be locked for stability when stationary. A large storage basket is located beneath the bassinet, providing convenient access to baby essentials.

Figure 5.3: Bassinet with Wheels. This image illustrates the bassinet's mobility, featuring 360-degree swivel wheels equipped with brakes. This design allows for easy movement of the bassinet from one room to another while ensuring stability when stationary.

Figure 5.4: Key Features Overview. This composite image details several important features: the soft, comfortable side fabric, a removable mosquito net for protection, silent casters with integrated brakes for smooth movement and stability, and a spacious storage basket beneath the bassinet for baby essentials.

Figure 5.5: Easy Storage. This image provides the overall dimensions of the bassinet when assembled and demonstrates how it can be folded compactly for convenient storage or transport, highlighting its space-saving design.

5.4. Comfortable Mattress

The included mattress (33 x 19 inches) is designed to be soft, comfortable, and breathable, providing optimal support for your baby's spine.

Figure 5.6: Soft Mattress. A detailed view of the bassinet's mattress, emphasizing its soft, comfortable, and breathable qualities. The mattress dimensions (33x19 inches) are also indicated, designed to provide optimal support for the baby's spine.

6. Adjustments

6.1. Height Adjustment

The bassinet features 6 adjustable height levels, allowing it to accommodate various bed heights and other use scenarios, such as beside a sofa or in different rooms.

6.2. Rocking Function

To engage the rocking function, ensure the wheels are disengaged or rotated to allow for rocking motion. Refer to the specific mechanism on the bassinet frame for activation.

7. Care and Maintenance

Proper care will extend the life of your bassinet:

- **Fabric Care:** The fabric components of the bassinet should be hand washed only. Do not machine wash, bleach, tumble dry, or iron.
- **Frame Cleaning:** Wipe the aluminum frame with a damp cloth and mild soap. Dry thoroughly.
- **Mattress Care:** The mattress cover can be removed for cleaning. Follow the care instructions on the mattress label.
- **Regular Inspection:** Periodically check all screws, fasteners, and moving parts to ensure they are secure and functioning correctly.
- **Storage:** When not in use, fold the bassinet compactly and store it in a dry, clean place away from direct sunlight.

8. Troubleshooting

If you encounter any issues, please refer to the following common solutions:

- **Bassinet feels unstable:** Ensure all frame locking mechanisms are fully engaged. Verify that the triangular structure support is correctly set up. Check that the wheels are locked if stationary use is desired.
- **Difficulty adjusting height:** Ensure no fabric is obstructing the height adjustment mechanism. Press the adjustment buttons firmly and simultaneously on both sides.
- **Wheels not moving smoothly:** Check for any debris or hair caught in the wheels. Ensure the brakes are disengaged.
- **Side panel not lowering:** Ensure the release mechanism for the side panel is fully activated and there are no obstructions.

If the problem persists, please contact MEICHYUN customer support for assistance.

9. Specifications

Feature	Specification
Model Number	CA-WW001
