## 2. SAFETY INFORMATION

**WARNING: Failure to follow these instructions could result in fire, explosion, or burn hazard, which could cause property damage, personal injury, or death.**

- Ensure all parts are properly secured before use.
- Do not allow children to play on, with, or around the cart.
- Use caution when moving on uneven surfaces to prevent tipping.
- Ensure proper ventilation when using indoors.
- Always connect the gas regulator to the propane tank securely.
- Never leave the appliance unattended while in operation.
- Keep flammable materials away from the stove.

Image 2.1: The stove is equipped with a flame failure device that automatically cuts off gas for safety if the flame extinguishes accidentally.

### 3. PRODUCT OVERVIEW AND SPECIFICATIONS

The Feasto Movable Outdoor Gas Stove is designed for multi-functional use, serving as a powerful cooking station for various settings. It features a durable stainless steel top and a convenient cabinet for storage.

#### Key Features:

- **Multi-Functionality:** Ideal for outdoor cooking on patios, backyards, garages, or even for indoor kitchen use.
- **Powerful Performance:** Equipped with five burners, providing a total heat output of 36,200 BTUs for efficient and even cooking.
- **Additional Storage:** Features a cabinet with ample space for cooking essentials and a dedicated area for the gas tank. Includes a position-adjustable condiment rack.
- **Humanized Design:** Includes 4 silent 360-degree rotating casters with a built-in foot brake for easy movement and stability. Casters can be replaced with stable feet (included in toolkit) for fixed placement.

Image 3.3: The position-adjustable condiment rack for easy access to seasonings.

Image 3.4: Silent 360-degree rotating casters with a built-in foot brake for mobility and stability.

## 4. SETUP AND ASSEMBLY

---

The Feasto Movable Outdoor Gas Stove requires assembly. Please follow the detailed instructions provided in the separate assembly guide included with your product. Ensure all components are present before beginning assembly.

### Initial Connection:

1. Place the gas stove on a stable, level surface.
2. Connect the gas regulator hose to a standard propane tank. Ensure the connection is tight and secure.
3. Perform a leak test on all gas connections using a soapy water solution. Bubbles indicate a leak. Do not operate if a leak is detected.
4. Install one D cell 1.5 volt battery underneath the cooktop for ignition (refer to the battery compartment location in the assembly guide).

## 5. OPERATING INSTRUCTIONS

---

### Lighting the Burners:

1. Ensure the propane tank valve is fully open.
2. Push in and turn a burner control knob counter-clockwise to the HIGH position.
3. The electronic ignition will automatically spark. If the burner does not light within 5 seconds, turn the knob to OFF, wait 5 minutes, and repeat the process.
4. Once lit, adjust the flame to your desired cooking temperature by turning the control knob between HIGH and LOW.

### Heat Output:

The five burners offer varying BTU outputs for diverse cooking needs:

- 1 x 12,000 BTU burner (center)
- 1 x 10,500 BTU burner
- 2 x 5,100 BTU burners
- 1 x 3,500 BTU burner

Image 5.1: Close-up view of the gas stove burners in operation, showing the blue flames.

**Total Heat Output 36200 BTU**

Image 5.2: Visual representation of the BTU output for each burner on the Feasto gas stove.

## 6. MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your Feasto Movable Outdoor Gas Stove.

### Cleaning:

- Allow the stove to cool completely before cleaning.
- Wipe the stainless steel top with a damp cloth and mild detergent. Avoid abrasive cleaners that can scratch the surface.
- Remove burner grates and caps for thorough cleaning. Wash with warm, soapy water and dry completely before reassembling.
- Clean the exterior cabinet with a damp cloth.

Image 6.1: A hand in a yellow glove wiping down the stainless steel surface of the stove, demonstrating ease of cleaning.

### Storage:

When not in use for extended periods, store the stove in a dry, protected area. Disconnect the propane tank and store it separately in a well-ventilated space.

## 7. TROUBLESHOOTING

If you encounter issues with your Feasto Movable Outdoor Gas Stove, refer to the following common troubleshooting steps:

| Problem               | Possible Cause                                                 | Solution                                                                                                         |
|-----------------------|----------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------|
| Burner does not light | No gas flow; Clogged burner port; Faulty igniter; Low battery. | Check propane tank connection and level; Clean burner ports; Check igniter spark; Replace D cell battery.        |
| Uneven flame          | Clogged burner ports; Incorrect burner cap placement.          | Clean burner ports; Ensure burner caps are correctly seated.                                                     |
| Gas smell             | Gas leak.                                                      | Immediately turn off gas supply. Perform a leak test. If leak persists, do not use and contact customer support. |

For issues not listed above or if solutions do not resolve the problem, please contact Feasto customer support.

## 8. WARRANTY AND SUPPORT

### Warranty Information:

Feasto products are manufactured to high-quality standards. For specific warranty details regarding your Movable Outdoor Gas Stove, please refer to the warranty card included in your product packaging or visit the official Feasto website. Keep your purchase receipt as proof of purchase for any warranty claims.

## Customer Support:

If you have any questions, require assistance with assembly, operation, or troubleshooting, or need to report a damaged part, please do not hesitate to reach out to Feasto customer service. You will receive attentive service.

Contact information can typically be found on the product packaging, the official Feasto website, or through your retailer's support channels.

## ASK A QUESTION ABOUT THIS MANUAL

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
