What's in the Box

Your CMF Watch Pro 2 package includes the following items:

- Watch Pro 2
- Charging cable
- User Guide & Safety Information

Setup

1. Initial Charging

Before first use, fully charge your CMF Watch Pro 2. Connect the magnetic charging cable to the charging pins on the back of the watch and plug the USB end into a compatible power adapter (not included) or a computer's USB port. The watch display will indicate charging status.

2. Downloading the CMF Watch App

To unlock the full potential of your smartwatch, download the "CMF Watch" app from your smartphone's app store (Google Play Store for Android or Apple App Store for iOS). You can also scan the QR code provided in the included User Guide to quickly access the app download page.

3. Pairing Your Smartwatch

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the CMF Watch app and follow the on-screen instructions to create an account or log in.
3. Select "Add Device" or a similar option within the app.
4. The app will search for nearby devices. Select "CMF Watch Pro 2" from the list.
5. Confirm the pairing request on both your smartphone and the smartwatch.

Operating Your Smartwatch

Display and Navigation

The CMF Watch Pro 2 features a vibrant 1.32" AMOLED display (466 x 466 resolution, 353 PPI, 60Hz refresh rate) with auto-brightness adjustment for clear visibility in various lighting conditions. Navigate the watch interface using touch gestures and the functional rotating crown button.

- **Swipe Up/Down:** Scroll through menus and notifications.
- **Swipe Left/Right:** Access quick widgets and different information screens.
- **Tap:** Select an item or confirm an action.
- **Press Crown Button:** Return to the watch face or access the app menu.
- **Rotate Crown Button:** Scroll through lists and adjust settings.

Watch Faces and Customization

Personalize your watch with over 100 signature watch faces. You can customize options directly from the watch or through the CMF Watch app. Long-press on the watch face to edit details like color themes, styles, and displayed information (battery, steps, calories).

Gesture Control

The CMF Watch Pro 2 supports new gesture controls for one-handed operation. For example, flipping your wrist once or twice can trigger customized functions such as answering/rejecting/ignoring incoming calls, skipping music tracks, or other assigned operations.

Health Monitoring

The CMF Watch Pro 2 is equipped with advanced sensors to monitor your health continuously:

- **Heart Rate Monitoring:** Tracks your heart rate 24 hours a day.
- **SpO₂ Monitoring:** Measures your blood oxygen saturation levels.

- **Sleep Tracking:** Records sleep patterns and stages, including daytime napping.
- **Stress Level Monitoring:** Helps you manage stress throughout the day.
- **Menstrual Cycle Tracking:** Provides insights and predictions for female users.

All health data can be seamlessly synced and managed across Apple Health, Google Health Connect, and Strava for comprehensive tracking and analysis.

Sports Modes & GPS

The CMF Watch Pro 2 supports 120 sports modes, catering to a wide range of activities. It includes smart automatic recognition for 5 common activities, prompting you to start tracking without manual input.

- **3D Warm-up Exercise Guide:** Provides guided warm-up routines before your workouts.
- **Smart Movement Algorithm:** Tracks sports data, measures aerobic and anaerobic training effectiveness, training load, and recovery time.
- **Multi-system GPS:** Built-in GPS for precise tracking of outdoor activities like running, cycling, walking, and hiking.

GPS Positioning Tips

For accurate GPS positioning, ensure you are in an open area, connect to the app at least every 7 days, avoid locations with potential signal interference or large public transportation systems, and maintain a proper connection between your watch and phone.

Communication & Smart Features

Stay connected and manage your daily tasks with these smart features:

- **Bluetooth Calls:** Make and receive crystal-clear phone calls directly from your wrist, thanks to enhanced AI noise reduction technology. The watch has a built-in microphone and speaker, and you can manage up to 30 contacts.
- **Notifications:** Receive real-time message reminders and other app notifications.
- **Quick Android SMS Replies:** Send quick replies to messages directly from the watch (Android only).
- **Find My Phone:** Locate your misplaced smartphone.
- **Camera Control:** Remotely control your smartphone's camera.

- **Alarms & Timers:** Set alarms and use timers for various activities.
- **Weather Forecasts:** Get real-time weather updates.
- **Music Control:** Manage music playback on your smartphone.

Battery Life & Charging

The CMF Watch Pro 2 offers a long battery life of up to 11 days on a single charge, depending on usage. To charge, simply align the magnetic charging cable with the charging points on the back of the watch. Ensure the connection is secure for optimal charging.

Maintenance & Care

Your CMF Watch Pro 2 is IP68 waterproof, meaning it can withstand dust, dirt, and sand, and is resistant to submersion up to a maximum depth of 1.5m underwater for up to 30 minutes. However, it is not suitable for hot water, saunas, or diving.

- **Cleaning:** Regularly wipe the watch and strap with a soft, damp cloth. Ensure the charging contacts are clean and dry before charging.
- **Storage:** Store the watch in a cool, dry place when not in use.
- **Avoid Chemicals:** Do not expose the watch to strong chemicals, detergents, or solvents, as these can damage the materials.

Troubleshooting

If you encounter any issues with your CMF Watch Pro 2, try the following common troubleshooting steps:

- **Watch Not Turning On:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Connectivity Issues:**
  - Ensure Bluetooth is enabled on your phone and the watch is within range.
  - Restart both your watch and smartphone.
  - Try unpairing and re-pairing the watch through the CMF Watch app.
- **Inaccurate Health Data:**
  - Ensure the watch is worn snugly on your wrist, about one finger's width above your wrist bone.
  - Clean the sensors on the back of the watch.
- **Display Not Responding:** Restart the watch by pressing and holding the crown button until it reboots.
