3. Package Contents

Please verify that all components are present and undamaged upon opening the package:

- 1 x Livofloral Expandable Pull-Out Cabinet Organizer
- 1 x Leather Handle
- Nano Adhesive Strips (pre-applied or separate)
- Mounting Screws (for optional permanent installation)

4. Important Considerations & Pre-Installation

Before proceeding with installation, it is crucial to measure your cabinet accurately to ensure a proper fit and optimal functionality.

- **Measure Cabinet Depth:** Ensure your cabinet has a minimum depth of 16.5 inches to accommodate the organizer's

15.7-inch depth and allow for smooth operation.

- **Measure Cabinet Width:** The organizer expands from 11.8 inches to 19.7 inches. Your cabinet's internal width should be at least 12.6 inches to fit the minimum width and allow for expansion.
- **Measure Cabinet Height:** The organizer has a height of 2.4 inches. Ensure your cabinet has a minimum internal height of 4.3 inches for clearance.
- **Cabinet Lip:** This cabinet organizer is **not recommended** for use in cabinets with a significant lip at the front, as it may obstruct the pull-out mechanism.

Note: Please Measure Your Cabinet for Perfect Fit

5. Installation Instructions

Follow these steps to install your Livofloral Pull-Out Cabinet Organizer:

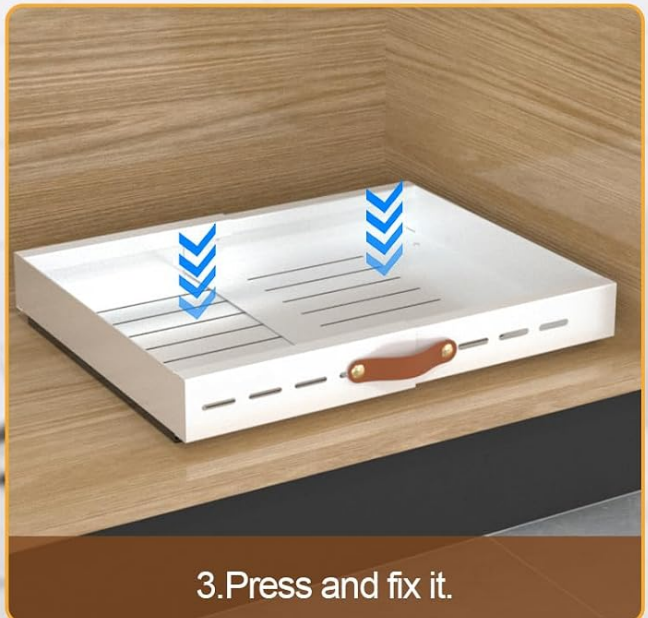

1. **Adjust Width:** Place the organizer inside your cabinet. Gently pull the expandable sections to adjust the width until it fits snugly within your cabinet space.
2. **Install Handle:** Attach the leather handle to the front of the organizer using the provided fasteners.
3. **Choose Installation Method:**
 - **Method 1 (Nano Adhesive - Quick Fit):** Ensure the cabinet surface is clean and dry. Peel off the protective film from the nano adhesive strips located on the bottom of the organizer's slides. Carefully position the organizer in your desired location and press down firmly for a few seconds to secure it.
 - **Method 2 (Screws - Robust Installation):** If you prefer a more permanent fixture, use the included screws. Position the organizer in your cabinet. Mark the screw holes through the pre-drilled openings on the slides. Remove the organizer, pre-drill pilot holes if necessary, then reposition the organizer and secure it with the screws.

1. Measure the width of the cabinet and adjust the cabinet organizer to the proper width.

2. Install the handle.

3. Press and fix it.

6. Usage and Operation

To use your Livofloral Pull-Out Cabinet Organizer:

- **Loading Items:** Place your desired items (e.g., spices, cans, cleaning supplies, pots, pans) onto the organizer tray. Distribute weight evenly for optimal performance.
- **Pulling Out:** Grasp the leather handle firmly and gently pull the organizer outwards. The damping slides will ensure a smooth and quiet extension.
- **Pushing In:** Once you have retrieved or placed items, gently push the organizer back into the cabinet until it is fully recessed.

7. Maintenance

To ensure the longevity and continued smooth operation of your organizer:

- **Cleaning:** Wipe the organizer with a soft, damp cloth. For stubborn stains, a mild soap solution can be used. Avoid abrasive cleaners or harsh chemicals, as these may damage the finish.
- **Slide Care:** Periodically check the slides for any debris or obstructions. If necessary, gently clean the slide tracks. Avoid applying lubricants unless specifically recommended by the manufacturer.
- **Screw Check (if applicable):** If installed with screws, periodically check that all screws remain tight to maintain stability.

8. Troubleshooting

If you encounter any issues with your Livoflora Pull-Out Cabinet Organizer, please refer to the following common solutions:

- **Organizer does not slide smoothly:**
 - Check for any items obstructing the slides or the path of the organizer.
 - Ensure the organizer is not overloaded beyond its weight capacity.
 - Clean the slide tracks to remove any dust or debris.
- **Organizer does not fit in the cabinet:**
 - Re-measure your cabinet's internal dimensions (width, depth, height) and compare them to the product specifications.
 - Ensure the organizer's width is correctly adjusted to your cabinet's internal width.
 - Verify that your cabinet does not have a lip that interferes with the organizer's movement.
- **Organizer feels unstable (if using adhesive):**
 - Ensure the cabinet surface was clean and dry before applying the adhesive.
 - Press down firmly on the organizer after placement to ensure maximum adhesion.
 - Consider using the screw installation method for a more robust fixture.
