1. INTRODUCTION

This instruction manual provides detailed guidance for assembling and caring for your nanoblock Yu-Gi-Oh! Duel Monsters Blue-Eyes White Dragon Character Collection Series Building Kit. This kit allows you to construct a detailed miniature model of the iconic Blue-Eyes White Dragon using nanoblocks, known for their small size and intricate building possibilities.

The completed model stands approximately 4.17 inches tall and consists of 350 pieces. It is designed for builders aged 12 and above, with a difficulty level rated as 3, making it an accessible entry-level kit.

2. SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small parts. Not for children under 3 years.

Please ensure all small parts are kept away from young children to prevent accidental ingestion. Adult supervision is recommended for younger builders within the recommended age range.

3. SETUP & ASSEMBLY

Your nanoblock kit includes all necessary pieces and detailed step-by-step instructions to guide you through the assembly process. Please follow the included instruction booklet carefully.

3.1. Unpacking

Carefully open the product box and verify that all pieces are present. The kit contains 350 nanoblock pieces and an instruction booklet.

3.2. Assembly Process

Follow the visual diagrams and written steps provided in the instruction booklet. Nanoblocks are micro-sized, requiring precision and attention to detail during assembly.

- **Step-by-Step Guidance:** Each nanoblock set comes with comprehensive, detailed instructions. Refer to these for the exact sequence of block placement.
- **Piece Identification:** Pay close attention to the shape and color of each block as depicted in the instructions. Some colors, such as grey, light grey, white, and clear, may appear similar in diagrams.
- **Secure Connections:** Ensure each block is firmly pressed into place to create a stable structure. While nanoblocks are designed for secure connections, some sections, particularly wings or delicate parts, may require careful handling during and after assembly.
- **Optional Stabilizers:** If your model includes optional instructions for additional stabilization (e.g., for wings), consider implementing these for enhanced durability.

4. OPERATING & DISPLAY

Once assembled, your nanoblock Blue-Eyes White Dragon is ready for display. This model is designed as a static display piece.

- **Placement:** Choose a stable, flat surface for display to prevent accidental falls.
- **Handling:** Handle the model gently, especially around delicate areas like wings or the head, to avoid dislodging blocks.
- **Environmental Factors:** Avoid placing the model in direct sunlight for extended periods, as this may cause color fading. Keep it away from extreme temperatures or high humidity.

5. MAINTENANCE

To keep your nanoblock model in optimal condition, follow these simple maintenance guidelines:

- **Cleaning:** Dust the model regularly with a soft, dry brush or a can of compressed air. Avoid using wet cloths or harsh cleaning agents, as these can damage the plastic or cause discoloration.
- **Storage:** If disassembling or storing the model, keep all pieces in a secure container to prevent loss.

6. TROUBLESHOOTING

While nanoblock kits are generally straightforward, you may encounter minor issues during or after assembly.

6.1. Blocks Not Staying Together

If blocks feel loose or the structure is unstable:

- **Ensure Firm Connection:** Press each block firmly into place. Sometimes, a block may appear connected but is not fully seated.
- **Check Orientation:** Verify that blocks are oriented correctly according to the instructions. Incorrect orientation can lead to weak connections.
- **Review Instructions:** Double-check the assembly steps for the problematic section. A misplaced block earlier in the build can affect stability later.
- **Structural Support:** For models with delicate parts, ensure any provided support structures or optional stabilizing steps are correctly implemented.

6.2. Missing Pieces

In the rare event of missing pieces:

- **Thorough Search:** Carefully check the packaging and surrounding area. Due to their small size, nanoblocks can be easily overlooked.
- **Contact Support:** If pieces are genuinely missing, refer to the Warranty & Support section for assistance.

7. SPECIFICATIONS

Feature	Detail
Brand	nanoblock
Model Name	Yu-Gi-Oh! Duel Monsters - Blue-Eyes White Dragon Character Collection Series
Model Number	NAN22677
Material Type	Plastic
Number of Pieces	350
Item Dimensions (L x W x H)	5.1 x 3.14 x 4.16 inches
Item Weight	31 g
Assembled Size (Height)	4.17 Inches
Recommended Age Range	12+ years (Manufacturer Minimum Age: 144 months)
Difficulty Level	3 (Entry Level Kit)
Educational Objective	Construction Skills
Included Components	Yu-Gi-Oh! Duel Monsters - Blue-Eyes White Dragon Character Collection Series (blocks and instructions)

8. WARRANTY & SUPPORT

This nanoblock product is officially licensed and distributed by Bandai Namco for the U.S. Markets. The product box should feature a Bandai Namco warning label, which serves as proof of authenticity and entitles the purchaser to

product support assistance within the United States.

The product has been thoroughly tested for safety and meets all North American consumer product safety regulations.

8.1. Product Support

For product support assistance, including inquiries about missing parts or assembly challenges, please refer to the contact information provided on the product packaging or visit the official nanoblock website.
