CCHKFEI Table Lamp

CCHKFEI Rechargeable Cordless Table Lamp User Manual

Model: Table Lamp

INTRODUCTION

Thank you for purchasing the CCHKFEI Rechargeable Cordless Table Lamp. This manual provides detailed instructions for the proper setup, operation, and maintenance of your new lamp. Please read this manual thoroughly before use and retain it for future reference.

PRODUCT OVERVIEW

Key Features

- **Cordless & Rechargeable:** Equipped with a 4000mAh battery and USB-C charging for portable use.
- **3 Color Modes:** Offers Warm (3000K), Warm White (4500K), and White (6000K) light options.
- **Stepless Dimming:** Adjustable brightness from 10% to 100% with a long touch.
- **Touch Control:** Simple touch interface for power, color, and brightness adjustments.
- **Durable Design:** Constructed from high-quality metal and acrylic, featuring an IP54 waterproof rating for outdoor use.
- **Eye Protection:** 63 bright LED lamp beads provide soft, flicker-free light, reducing eye fatigue.
- **Long Battery Life:** Provides 8-20 hours of illumination on a single 4.5-hour charge.

Package Contents

- 1x CCHKFEI Cordless Table Lamp
- 1x USB-C Charging Cable
- 1x User Manual (this document)

SETUP

1. **Initial Charge:** Before first use, fully charge the lamp. Connect the provided USB-C cable to the charging port located underneath the lampshade (protected by a waterproof dust plug) and plug the other end into a compatible USB power adapter (not included). The charging indicator will show the charging status. A full charge takes approximately 4.5 hours.
2. **Placement:** Place the lamp on a stable, flat surface. Its cordless design allows for flexible placement in living rooms, bedrooms, kitchens, or outdoor areas.

IP54 Waterproof

Suitable for outdoor use. Hidden Charging Port + Metal Base.
No need to worry about lighting and tipping even in light rain.

Waterproof Dust Plug

OPERATING INSTRUCTIONS

Power On/Off and Color Mode Selection

- **To Turn On/Off:** Lightly touch the top surface of the lamp once.
- **To Change Color Mode:** After turning on, tap the top surface of the lamp repeatedly to cycle through the three color modes: Warm (3000K), Warm White (4500K), and White (6000K).

3 Colour Modes

Light Colour - Warm (3000K), Warm White (4500K), White (6000K).
Click on the top of the lamp to adjust the light colour.

Adjusting Brightness (Stepless Dimming)

- **To Adjust Brightness:** While the lamp is on, press and hold your finger on the top surface of the lamp. The brightness will gradually increase or decrease. Release your finger when the desired brightness level (10%-100%) is reached.
- The lamp features a memory function, retaining the last brightness setting when turned off and on again.

Charging the Lamp

- When the battery is low, the light may dim or turn off.
- Locate the USB-C charging port under the lampshade. Remove the waterproof dust plug.
- Connect the provided USB-C cable to the lamp and a USB power source.
- The charging indicator will illuminate during charging and change color or turn off when fully charged.
- Ensure the dust plug is reinserted after charging to maintain IP54 water resistance.

MAINTENANCE

- **Cleaning:** Wipe the lamp with a soft, dry cloth. For stubborn marks, a slightly damp cloth can be used, ensuring no water enters the charging port or internal components. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use for extended periods, store the lamp in a cool, dry place. It is recommended to charge the lamp fully every 3 months to preserve battery health.
- **Water Resistance:** The lamp is IP54 waterproof, meaning it is protected from dust and splashing water from any direction. It is suitable for outdoor use in light rain but should not be submerged in

water. Always ensure the charging port dust plug is securely in place when not charging.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on.	Battery is depleted.	Charge the lamp fully using the provided USB-C cable.
Lamp does not respond to touch.	Low battery; surface is wet or dirty.	Ensure the lamp is charged. Clean the touch surface with a dry cloth.
Brightness adjustment is not working.	Not holding touch long enough; low battery.	Press and hold the touch surface for a continuous adjustment. Ensure the lamp is charged.
Lamp is not charging.	Cable or adapter issue; charging port obstructed.	Check the USB-C cable and power adapter. Ensure the charging port is clear and the cable is fully inserted.
