

## COBIZI 12x20 Gazebo

# COBIZI 12x20 Gazebo User Manual

Model: 12x20 Gazebo

## 1. INTRODUCTION

---

Thank you for choosing the COBIZI 12x20 Gazebo. This manual provides essential information for the safe assembly, operation, and maintenance of your new outdoor shelter. Please read this manual thoroughly before assembly and retain it for future reference.

## 2. SAFETY INFORMATION

---

### Important Safety Instructions:

- Ensure all parts are present and undamaged before beginning assembly.
- Do not attempt to assemble the gazebo in strong winds or adverse weather conditions.
- Always assemble with at least two adults.
- Securely anchor the gazebo to the ground using the provided stakes or other suitable anchoring methods to prevent tipping or collapse.
- Do not hang from the gazebo frame or allow children to climb on it. This can cause structural damage and serious injury.
- Remove canopy fabric during heavy rain, snow, or strong winds to prevent damage to the structure and fabric.
- Keep all flame and heat sources away from the gazebo fabric.
- Regularly inspect the frame and fabric for wear, tear, or damage. Replace damaged parts immediately.

## 3. PACKAGE CONTENTS

---

Verify that all components listed below are included in your package. If any parts are missing or damaged, please contact customer support.

**Image 1:** Overview of the COBIZI 12x20 Gazebo, showing the assembled structure with curtains and nettings, along with a display of included assembly tools (wrenches, hooks) and ground stakes. The image also illustrates the gazebo's use in a patio setting and highlights its structural integrity.

### 3.1 Frame Components

- Main Support Legs (Quantity: Varies by design, typically 6-8)
- Roof Beams and Connectors
- Center Pole/Roof Support
- Cross Bars

### 3.2 Fabric Components

- Main Canopy Top
- Ventilation Canopy Top (if dual-tier)
- Side Curtains (Quantity: 4-6, depending on design)
- Mosquito Nettings (Quantity: 4-6, depending on design)

### 3.3 Hardware and Accessories

- Ground Stakes (Quantity: 12-16)

- Assembly Tools (e.g., Hex Wrench, Spanner)
- Bolts, Screws, Washers (Various sizes)
- Curtain/Netting Hooks or Rings

## 4. SETUP AND ASSEMBLY INSTRUCTIONS

---

Follow these steps carefully for proper assembly. It is recommended to have at least two people for assembly.

1. **Prepare the Area:** Choose a flat, level surface for assembly. Clear any obstacles and ensure sufficient space around the gazebo footprint.
2. **Assemble the Base Frame:** Connect the main support legs and base crossbars according to the diagram in your specific instruction sheet. Ensure all connections are secure but do not fully tighten bolts until the entire frame is assembled.
3. **Construct the Roof Frame:** Attach the roof beams and connectors to the top of the main support legs. Assemble the center pole and any additional roof supports.
4. **Install the Canopy Fabric:** Carefully drape the main canopy top over the roof frame. Ensure it is centered and all corners are aligned. Secure the canopy to the frame using the integrated ties or fasteners. If your model has a dual-tier roof, install the smaller ventilation canopy on top.
5. **Attach Curtains and Nettings:** Hang the side curtains and mosquito nettings from the designated tracks or hooks on the gazebo frame. Ensure they can move freely.
6. **Final Tightening and Anchoring:** Once the entire structure is assembled and aligned, fully tighten all bolts and screws. Securely anchor the gazebo to the ground using the provided ground stakes. For additional stability, consider using sandbags or weights on the legs, especially in areas prone to wind.

## 5. OPERATING INSTRUCTIONS

---

The COBIZI Gazebo is designed for ease of use and provides versatile outdoor shelter.

### 5.1 Using Curtains and Nettings

- **Privacy Curtains:** The gazebo features privacy curtains that can be drawn closed for seclusion or tied back to the legs for an open feel. Use the integrated ties to secure them.
- **Mosquito Nettings:** The mosquito nettings provide protection from insects. They can be zipped closed to fully enclose the gazebo or tied back when not needed.
- Both curtains and nettings operate independently, allowing for flexible configuration.

### 5.2 Weather Considerations

- While the canopy is waterproof and offers UV protection (50+), it is not designed for extreme weather.
- In anticipation of strong winds, heavy rain, or snow, it is recommended to remove the canopy fabric and secure the frame to prevent damage.

## 6. MAINTENANCE

---

Regular maintenance will extend the life of your gazebo.

- **Cleaning Fabric:** Clean the canopy, curtains, and nettings with mild soap and water. Do not use

harsh chemicals or abrasive cleaners. Allow fabric to air dry completely before storage.

- **Cleaning Frame:** Wipe the metal frame with a damp cloth. For stubborn dirt, use mild soap and water. Dry thoroughly to prevent rust.
- **Inspection:** Periodically check all bolts, screws, and connections to ensure they are tight. Inspect the fabric for any tears or damage.
- **Storage:** For long-term storage or during off-season, disassemble the gazebo and store all components in a dry, protected area to prevent damage from weather and pests.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Gazebo is unstable or wobbly.	Loose connections; insufficient anchoring; uneven ground.	Ensure all bolts are tightened. Verify ground stakes are securely in place. Relocate to a level surface or use shims to level legs.
Water pooling on canopy.	Canopy not stretched tightly; improper assembly of roof frame.	Re-adjust canopy to ensure it is taut. Check roof frame assembly for correct positioning of support bars.
Curtains/Nettings do not slide smoothly.	Obstruction in track; damaged hooks/rings.	Inspect tracks for debris and clean. Check hooks/rings for damage and replace if necessary.

## 8. SPECIFICATIONS

Feature	Detail
Model	12x20 Gazebo
Brand	COBIZI
Material	Metal Frame, Fabric Canopy (Waterproof)
Product Dimensions (L x W x H)	144"L x 235"W x 275"H (approximately 12 ft x 19.6 ft x 22.9 ft)
Shape	Rectangular
Water Resistance Level	Waterproof
Ultraviolet Light Protection	50+
Included Accessories	Side Curtains, Mosquito Nettings, Ground Stakes, Assembly Tools
