Important Safety Information

WARNING: Always assemble according to the instructions provided. Do not overload shelves. This product may tip over if not properly assembled or overloaded.

- Keep all small parts and packaging materials away from children and pets.
- Ensure all connections are securely fastened before use.
- Place the cabinet on a flat, stable surface.
- Do not stand or climb on the cabinet.
- Use anti-tip hardware if provided, especially in homes with children.

Package Contents

Before beginning assembly, verify that all parts listed in the assembly instructions are present and undamaged. If any

parts are missing or damaged, do not proceed with assembly. Contact customer support for assistance.

- Cabinet panels (top, bottom, sides, back)
- Louvered doors
- Drawer components
- Adjustable shelves (4)
- Hardware pack (screws, dowels, hinges, handles, magnetic door closures, anti-tip kit)
- Assembly instructions manual

Setup and Assembly

Assembly is required for this product. It is recommended to have two people for assembly. Please follow the detailed instructions provided in the separate assembly guide included with your product.

General Assembly Steps:

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface to prevent scratches. Identify each part using the provided labels and diagrams.
2. **Assemble the Frame:** Attach side panels to the bottom panel using the specified hardware (e.g., dowels and screws).
3. **Install Back Panel:** Secure the back panel to the assembled frame.
4. **Assemble Drawer:** Follow instructions to construct the drawer and install drawer slides.
5. **Install Shelves:** Insert shelf pins into desired holes and place the adjustable shelves.
6. **Attach Doors:** Mount the louvered doors using hinges. Ensure doors are aligned properly.
7. **Install Handles and Magnetic Closures:** Attach the elegant metal handles to the doors and install magnetic door closures.
8. **Install Anti-Tip Kit:** Secure the cabinet to the wall using the anti-tip hardware to prevent accidental tipping.

Note: Some users have reported issues with screw alignment and door fitting. Ensure screws are properly aligned with starter holes to prevent material splitting. Adjust hinges as needed for optimal door alignment.

Operating Instructions

Using the Cabinet:

- **Doors:** Gently pull the elegant metal handles to open the louvered doors. Push to close; the magnetic closures will secure them.
- **Shelves:** The cabinet features four adjustable shelves. To adjust a shelf, remove all items, lift the shelf, remove the shelf pins, reposition the pins to the desired height, and then place the shelf back on the pins. This allows accommodation for various shoe heights, including boots.
- **Drawer:** The top drawer provides additional storage. Pull the knob to open and push to close. It is suitable for storing smaller items like keys, wallets, or accessories.

Image: The top drawer open, illustrating its capacity for small items.

Care and Maintenance

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Dusting:** Regularly dust the cabinet to maintain its appearance.
- **Spills:** Clean spills immediately with a dry cloth to prevent staining or damage to the wood.
- **Ventilation:** The louvered doors promote air circulation, helping to prevent odors inside the cabinet.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Placement:** Avoid placing the cabinet in direct sunlight or near heat sources, as this can cause fading or warping.

Troubleshooting

Problem	Possible Cause	Solution
Cabinet is wobbly or unstable.	Loose connections; uneven floor; anti-tip kit not installed.	Ensure all screws are tightened. Place on a level surface or use shims. Install the anti-tip kit securely to a wall stud.
Doors do not align or close properly.	Hinges incorrectly installed or adjusted; cabinet frame not square.	Check hinge installation. Adjust hinges as per assembly guide. Ensure the cabinet frame is square during assembly.
Drawer sticks or rubs.	Drawer slides misaligned; drawer not assembled correctly.	Verify drawer slide installation and alignment. Reassemble the drawer if necessary, ensuring all components are flush.

Problem	Possible Cause	Solution
Screws do not fit or material splits during assembly.	Incorrect screw size used; screws not aligned with pilot holes.	Always use the correct screws for each step. Ensure screws are perfectly aligned with pre-drilled pilot holes before driving them in. Do not overtighten.
Insufficient storage space for larger shoes/boots.	Shelves are set too close together.	Utilize the adjustable shelves feature to create taller compartments by removing or repositioning shelves.

Specifications

Model Name: SR2401-1TWL

Brand: ChooChoo

Product Dimensions: 31.5" W x 15" D x 33.5" H

Item Weight: Approximately 59 pounds

Number of Shelves: 4 (adjustable)

Room Type: Entryway, Hallway, Living Room, Bedroom

Material: High-quality wooden materials (Thickened P2 MDF Board)

Finish Type: Painted/Stained Wood (Soft White & Brown)

Special Features: Louvered doors, additional storage drawer, adjustable shelves, elegant metal handles, magnetic door closure, sturdy table legs.

Assembly Required: Yes

Installation Type: Freestanding
