## Phyulls S16

# Phyulls S16 Kids Smart Watch Instruction Manual

Model: S16

## INTRODUCTION

---

The Phyulls S16 Kids Smart Watch is designed to provide children aged 4-12 with an engaging and educational experience. This multi-functional device features an HD touch screen, 39 puzzle games, a camera, video recording, alarm, music player, pedometer, flashlight, and 12/24 hour display. This manual provides detailed instructions for setting up, operating, and maintaining your new smartwatch.

## SAFETY INFORMATION

---

- This device is not a medical instrument. Do not use it for medical diagnosis or treatment.
- The watch is IP67 water-resistant, meaning it can withstand splashes and brief immersion. Avoid prolonged submersion in water, hot water, or steam.
- Keep the watch away from extreme temperatures and direct sunlight.
- Supervise young children during use to ensure proper handling and safety.
- Do not attempt to disassemble or repair the watch yourself. Contact customer service for assistance.

## WHAT'S IN THE BOX

---

- Phyulls S16 Kids Smart Watch
- USB Charging Cable
- Instruction Manual

- Pre-installed SD Memory Card

## SETUP

1. **Initial Charging:** Before first use, fully charge the smartwatch using the provided USB cable. Connect the magnetic charging cable to the charging port on the watch and plug the USB end into a compatible power adapter (not included). A full charge typically takes about 1.5 to 2 hours.
2. **Power On/Off:** Press and hold the power button (usually on the side) for a few seconds to turn the watch on or off.
3. **Initial Settings:** Upon first power-on, you may be prompted to set the date, time, and preferred language. Follow the on-screen instructions.
4. **Screen Protector:** The watch comes with screen protectors. Carefully apply one to the screen to prevent scratches.
5. **SD Card:** The watch includes a built-in SD memory card for storing photos, videos, and MP3 music. No additional setup is required for the card.

## Comfortable and Friendly Design

## OPERATING INSTRUCTIONS

The Phyulls S16 Smart Watch features an intuitive HD touch screen interface. Swipe left/right or up/down to navigate through menus and applications. Tap an icon to select it.

### **Key Features:**

- **Customizable Watch Faces:** From the home screen, tap and hold to change the watch face. You can also set your favorite photos as wallpapers.
- **Camera & Video:** Use the built-in camera to take photos and record videos. Access these through the "Camera" and "Video" apps. The watch can store over 10,000 HD photos or 6+ hours of video.
- **Music Player:** Upload MP3 children's songs to the watch's SD card and play them using the "Music" app.
- **39 Puzzle Games:** Engage in a variety of pre-installed educational and fun puzzle games.
- **Voice Recorder:** Record voice memos using the "Recorder" app.
- **Pedometer:** Track daily steps and activity levels.
- **Flashlight:** Activate the built-in flashlight for convenience.
- **Alarm Clock:** Set multiple alarms for reminders throughout the day.
- **Stopwatch & Calculator:** Utilize these practical tools for various tasks.
- **Audiobooks & Learn Card:** Access educational content to support learning.
- **Habit Tracker:** Set up reminders for daily habits like brushing teeth, doing homework, or walking the dog.

# Multi-functional Kids Smart Watch

Image: The watch screen showing a grid of colorful icons representing its diverse functions, including Pedometer, Games, Settings, Theme, Torch, Calculator, Alarm, Calendar, Video, Music, Camera, Recorder, Player, and Photos.

## Parental Controls:

The watch includes parental control features to manage usage and content. These settings can be accessed through the watch's menu to customize the child's experience.

## Video Demonstration:

Your browser does not support the video tag.

## MAINTENANCE

- **Cleaning:** Wipe the watch screen and strap with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Battery Care:** Charge the watch regularly. The battery life is approximately 3-7 days depending on usage. Avoid completely draining the battery frequently to prolong its lifespan.
- **Water Resistance:** The watch is designed to be splash-proof. Do not submerge it in water, especially during swimming or bathing, as this may cause damage.

## TROUBLESHOOTING

---

- **Watch Not Turning On:** Ensure the watch is fully charged. If it still doesn't turn on, try holding the power button for an extended period (10-15 seconds).
- **Charging Issues:** Check if the magnetic charging cable is properly connected to the watch and the power source. Ensure the charging contacts are clean.
- **Screen Unresponsive:** Restart the watch. If the issue persists, ensure the screen is clean and free of debris.
- **Features Not Working:** Check the watch settings to ensure the feature is enabled. If applicable, ensure the SD card is properly inserted for media functions.
