GETTING STARTED

Package Contents

- Monster N-Lite 206 Wireless Earbuds (Left and Right)
- Charging Case
- USB-C Charging Cable
- Multiple Sizes of Eartips (S, M, L)
- User Manual (this document)

Initial Charging

Before first use, fully charge the earbuds and the charging case. Connect the provided USB-C cable to the charging port on the case and a power source. The indicator light on the case will show charging status.

IPX6 Waterproof

Image: Monster N-Lite 206 Earbuds inside their charging case, connected via a USB-C cable for charging. The image highlights the charging process and the compact design of the case.

Bluetooth Pairing

1. Ensure the earbuds are in the charging case and the case has power.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for "Monster N-Lite 206" in the list of available devices.
4. Select "Monster N-Lite 206" to connect. A voice prompt will confirm successful pairing.
5. For subsequent uses, the earbuds will automatically reconnect to the last paired device when removed from the case.

The Latest Bluetooth 5.4

OPERATION GUIDE

Wearing the Earbuds

Choose the eartips that provide the most comfortable and secure fit. Gently insert each earbud into your ear canal and twist slightly to ensure a snug seal. A proper fit enhances sound quality and noise isolation.

Comfortable Fit

3 Sets of Eartips

Ergonomic Design

Touch Controls

The Monster N-Lite 206 earbuds feature intuitive touch controls on each earbud. Refer to the table below for common functions:

Action	Function
Tap 2 times (L/R)	Play/Pause Music
Long Press 2s (L/R)	Activate Voice Assistant
Tap 2 times (L/R)	Answer Call
Long Press 2s (L/R)	Hang Up Call
Tap 3 times (L)	Previous Song
Tap 3 times (R)	Next Song

Tap 1 time (R)	Volume Up
Tap 1 time (L)	Volume Down

25 Hours of Playtime

> 25 Hrs
With Charging Case

> 5 Hrs
Single Charge

Power On/Off

Power On: The earbuds automatically power on when removed from the charging case.

Power Off: Place the earbuds back into the charging case and close the lid. They will automatically disconnect and power off.

Battery Life

The earbuds provide up to 5 hours of playtime on a single charge. The charging case extends the total playtime to approximately 25 hours, allowing for multiple recharges on the go.

CARE AND MAINTENANCE

Cleaning

Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials. Remove eartips and clean them separately with mild soap and water, then dry thoroughly before reattaching.

Storage

When not in use, always store the earbuds in their charging case to protect them from dust, dirt, and damage.

Water Resistance (IPX6)

The Monster N-Lite 206 earbuds are IPX6 water-resistant, meaning they are protected against high-pressure water

jets from any direction. This makes them suitable for workouts and light rain, but they are not designed for submersion in water. Do not expose them to saltwater or other liquids.

Pure Monster Sound

Image: The Monster N-Lite 206 Earbuds shown with water droplets on their surface, visually representing their IPX6 water resistance rating, suitable for sweat and light splashes.

TROUBLESHOOTING

No Sound or Intermittent Connection

1. Ensure earbuds are charged and properly paired with your device.
2. Check the volume level on both your device and the earbuds.
3. Move closer to your device to avoid interference.
4. Try unpairing and re-pairing the earbuds.
5. Restart your device.

Earbuds Not Charging

1. Ensure the charging cable is securely connected to both the case and the power source.
2. Check if the charging case itself has power.
3. Clean the charging contacts on both the earbuds and inside the case with a dry cotton swab.
4. Try a different USB-C cable or power adapter.

Only One Earbud Playing Sound

1. Place both earbuds back into the charging case, close the lid, wait a few seconds, then open it again.
2. Ensure both earbuds are charged.
3. Try resetting the earbuds (refer to manufacturer's specific reset instructions if available, otherwise, a full re-pairing often resolves this).
