#### 4. SETUP

1. **Unpack:** Carefully remove all components from the packaging.
2. **Connect Power:** Insert the USB Power Cable into the lamp's USB-C port (located on the back of the base) and connect the other end to the provided Power Adapter. Plug the Power Adapter into a standard wall outlet.
3. **Position Lamp:** Place the lamp on a stable, flat surface. Adjust the flexible neck to your desired height and angle.
4. **Prepare Watch Charging Stand (Optional):**
  - Open the watch charging stand by pulling it upwards from the base.
  - Feed your smart watch charger cable (not included) through the designated slot in the stand.
  - Connect your smart watch charger to the USB port on the back of the lamp's base using the provided USB-C to USB-A converter if necessary.
  - Secure the watch charger in place using one of the provided silicone rings if needed.

**FOLDABLE  
DESIGN**

## 5. OPERATING INSTRUCTIONS

### 5.1. Lamp Operation

The lamp features a touch-sensitive power button and mode button on its base.

- **Power On/Off:** Tap the power button ( ) to turn the lamp on or off.
- **Change Color Mode:** With the lamp on, tap the mode button (M) to cycle through the three color modes:
  - a. Natural Daylight
  - b. Bright White
  - c. Warm White
- **Adjust Brightness:** Press and hold the mode button (M) to dim or brighten the light within the selected color mode. Release the button when the desired brightness is reached.

## Wireless charging pad for Earbuds and Touch-sensitive light switch

Figure 7: Touch-sensitive controls and earbud charging pad.

### 5.2. Wireless Charging (Phone & Earphones)

The lamp features a wireless charging pad for compatible devices.

- **Phone Charging:** Place your compatible smartphone (e.g., Apple iPhone 8 and newer, Samsung Galaxy S8 and newer) on the adjustable phone stand. The stand supports both vertical and horizontal orientations. Ensure the phone is centered on the charging pad for optimal charging.
- **Earphone Charging:** Place your compatible wireless earphone case on the designated wireless charging area on the base.
- **Charging Indicator:** A small LED indicator on the base will illuminate to confirm that a device is charging.

# REPOSITION

Vertical and horizontal  
phone charging positions

Figure 8: Vertical and horizontal phone charging positions.

## 5.3. Smart Watch Charging

The lamp includes a stand for your smart watch charger (charger not included).

- Once your smart watch charger is set up as described in the "Setup" section, simply place your smart watch onto its charger on the stand.
- The watch charging stand can be folded away when not in use to maintain a tidy workspace.

## 6. MAINTENANCE

- **Cleaning:** Disconnect the lamp from power before cleaning. Use a soft, dry cloth to wipe the lamp and charging surfaces. Do not use abrasive cleaners or solvents.
- **Storage:** If storing the lamp for an extended period, ensure it is clean and dry. Store in a cool, dry place away from direct sunlight.

- **Cable Care:** Avoid bending or crimping the power cable excessively. Do not place heavy objects on the cable.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on.	Not plugged in; power outlet not active; faulty power adapter/cable.	Ensure power cable is securely connected. Try a different outlet. Check power adapter and cable for damage.
Wireless charging not working.	Device not compatible; device not properly aligned; foreign objects on pad; thick phone case.	Verify device compatibility (Qi-enabled). Reposition device on the charging pad. Remove any metal objects or thick cases.
Watch charging not working.	Watch charger not connected; watch not properly placed on charger.	Ensure your own watch charger is correctly plugged into the USB port on the lamp's base. Verify the watch is properly seated on its charger.
Light flickers or strobes.	Power supply issue; incompatible power adapter.	Ensure you are using the provided power adapter. Try plugging into a different power outlet. If the issue persists, contact customer support.

## 8. SPECIFICATIONS

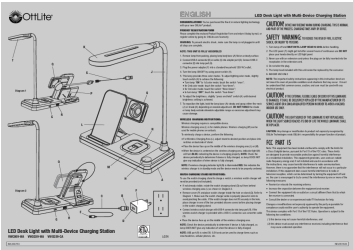

Feature	Detail
Model Number	VWC009-WA
