Whirlwind Sign Piñata Instruction Manual

Brand: Handmade | Model: Whirlwind Sign Piñata

PRODUCT OVERVIEW

The Whirlwind Sign Piñata is designed as a fun and engaging decoration for weather-themed parties, hurricanes, tornadoes, or storm-themed events. This product is sold empty, allowing you to customize its contents with candies, small toys, or other party favors.

SETUP GUIDE

1. Filling the Piñata

The piñata comes with a small, discreet opening designed for easy filling. Locate this opening, typically on the side or top edge. You can fill the piñata with up to 4 pounds of various items such as candies, chocolates, small toys, or other party favors (items not included).

2. Hanging the Piñata

A high-strength plastic loop is integrated into the piñata for easy hanging. Ensure the piñata is securely suspended from a

sturdy support structure, such as a tree branch, ceiling hook, or a dedicated piñata stand. Verify that the hanging point can safely support the weight of the piñata once filled.

OPERATING INSTRUCTIONS

Once filled and securely hung, the piñata is ready for use. Participants typically take turns attempting to break the piñata with a stick or bat while blindfolded, aiming to release the contents. Ensure a safe perimeter is maintained around the piñata during use to prevent accidental injury.

MAINTENANCE

The Whirlwind Sign Piñata is designed for single-event use. To maintain its appearance before use, store it in a cool, dry place away from direct sunlight and moisture. Avoid crushing or bending the piñata to preserve its shape and structural integrity.

TROUBLESHOOTING

- **Piñata is difficult to break:** If the piñata proves too durable, consider using a stronger, longer stick or allowing participants to take more turns. Ensure the piñata is not overfilled, which can make it more rigid.
- **Contents not falling out:** After the piñata has been broken, if contents are still stuck, gently shake the piñata or manually retrieve any remaining items.
