OPERATING YOUR PURRO

Purro is designed for interactive play and responds to various stimuli. Here's how to engage with your smart kitty:

Basic Interactions

- **Touch Response:** Stroke Purro's head or back, and it will vibrate, purr, and make happy sounds, just like a real cat. Continuous petting may lead Purro to "fall asleep."

- **Sound Response:** Purro reacts to sounds and music. Clap your hands, talk to it, or play music, and Purro may meow, move its head, or even dance.

MAINTENANCE

Cleaning

To clean your Purro, gently wipe the surface with a soft, damp cloth. Do not immerse Purro in water or use harsh cleaning agents, as this may damage the electronic components. The knit fabric can be spot cleaned carefully.
