Garnier S11 Smoky Ultralight Blonde

Garnier Color Sensation S11 Smoky Ultralight Blonde Hair Dye Instruction Manual

Model: S11 Smoky Ultralight Blonde

1. INTRODUCTION

This manual provides detailed instructions for the safe and effective use of Garnier Color Sensation S11 Smoky Ultralight Blonde permanent hair dye. Please read all instructions carefully before beginning the coloring process to achieve optimal results and ensure your safety.

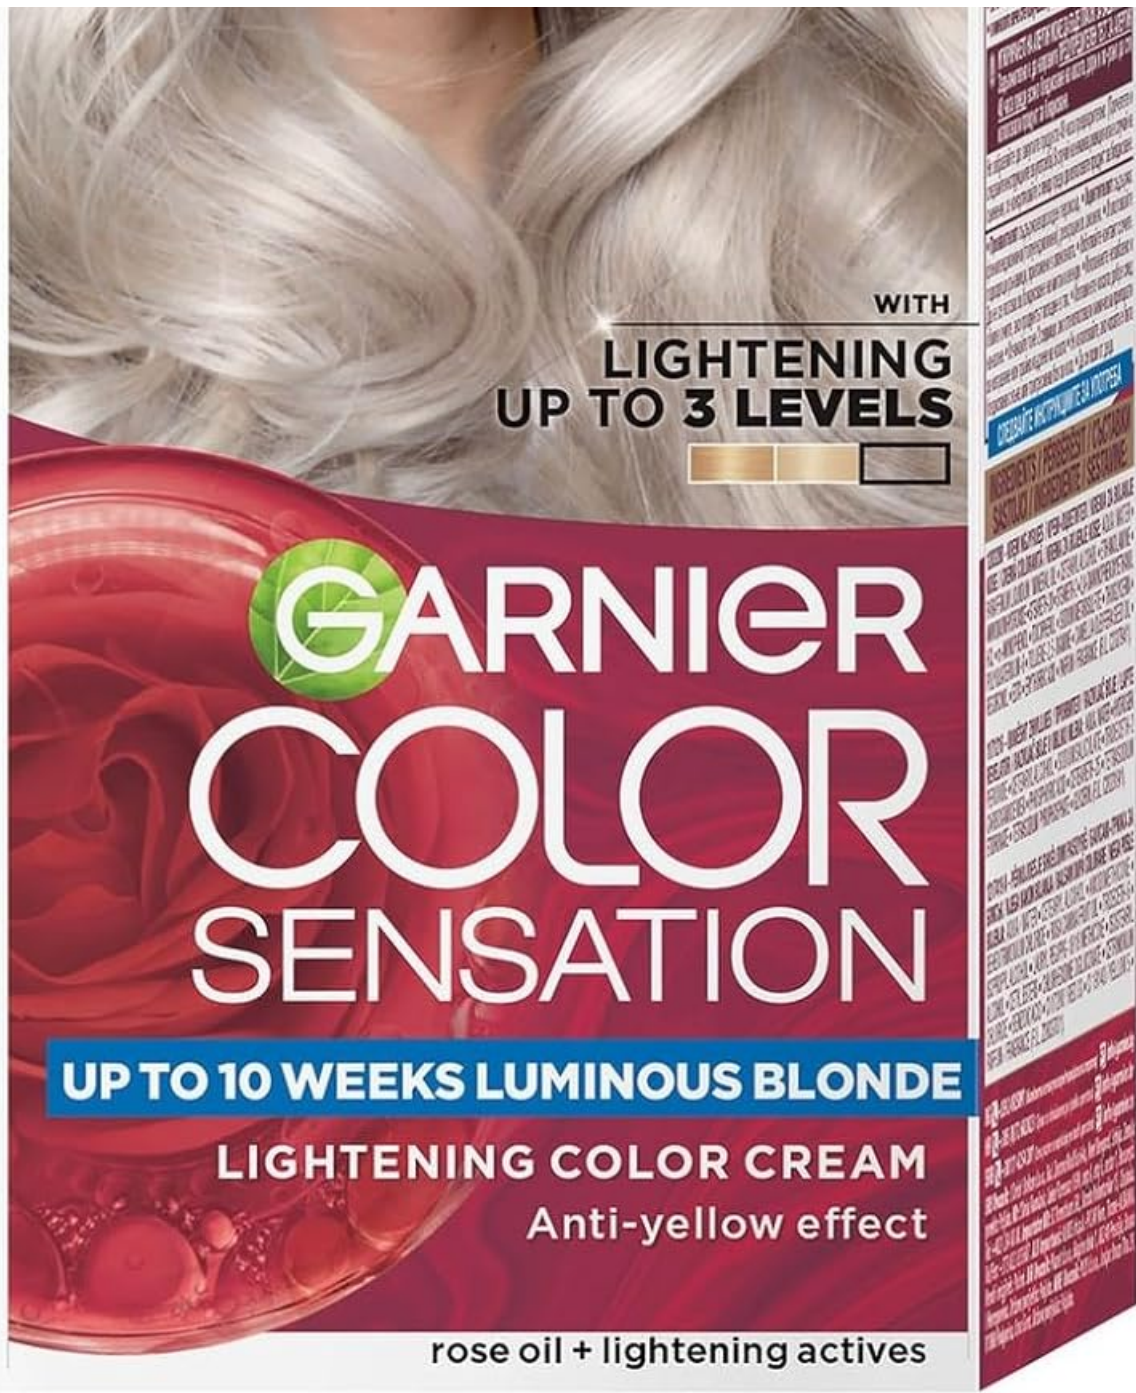

Image 1.1: Front view of the Garnier Color Sensation S11 Smoky Ultralight Blonde hair dye packaging. This image displays the product name, shade S11 Ultra Smoky Blonde, and highlights its lightening capabilities up to 3 levels, along with rose oil and lightening actives.

2. IMPORTANT SAFETY INFORMATION

WARNING: HAIR COLORANTS CAN CAUSE SEVERE ALLERGIC REACTIONS.

It is mandatory to perform an allergy alert test 48 hours before each use of this product, even if you have previously used coloring products. Failure to do so may result in serious allergic reactions.

2.1 Allergy Alert Test (Mandatory 48 Hours Before Use)

1. Using a cotton bud, apply a small amount of the unmixed colorant cream (tube marked '1') to a small, clean area of skin behind your ear or on the inner bend of your elbow.
2. Allow the area to dry and leave it undisturbed for 48 hours.
3. If you experience any itching, redness, swelling, or irritation during this period, do not use the product. Rinse the

area immediately and consult a doctor.

2.2 General Precautions

- Do not use if you have a rash on your face or sensitive, irritated, or damaged scalp.
- Do not use if you have ever experienced any reaction after coloring your hair.
- Do not use if you have experienced a reaction to a temporary "black henna" tattoo in the past.
- Wear the gloves provided throughout the entire coloring process.
- Avoid contact with eyes. If product gets into eyes, rinse immediately with plenty of water.
- Do not use to dye eyelashes or eyebrows.
- Keep out of reach of children.
- Rinse hair well after application.

3. PACKAGE CONTENTS

Your Garnier Color Sensation S11 Smoky Ultralight Blonde hair dye kit typically contains the following items:

- 1x Developer Cream (Bottle)
- 1x Colorant Cream (Tube)
- 1x Superstay Intensity Conditioner (Tube)
- 1x Pair of Protective Gloves
- 1x Instruction Leaflet

Image 3.1: Side view of the Garnier Color Sensation S11 Smoky Ultralight Blonde hair dye packaging. This view often contains detailed ingredient lists, warnings, and usage instructions in multiple languages.

4. PREPARATION (SETUP)

1. **Perform Allergy Alert Test:** As stated in Section 2.1, complete the allergy test 48 hours prior to coloring.
2. **Gather Materials:** Ensure you have an old towel to protect your clothes, a clock or timer, and a non-metallic bowl and brush if you prefer not to use the applicator bottle.
3. **Protect Skin:** Apply a thin layer of petroleum jelly or a rich moisturizer along your hairline, ears, and neck to prevent skin staining.

4. **Wear Gloves:** Put on the protective gloves provided in the kit.
5. **Hair Condition:** Ensure your hair is dry and unwashed for at least 24-48 hours before application.

5. APPLICATION (OPERATING)

5.1 Mixing the Colorant

1. Unscrew the cap from the Developer Cream bottle (1).
2. Pierce the seal of the Colorant Cream tube (2) with the cap. Squeeze the entire contents of the Colorant Cream tube into the Developer Cream bottle.
3. Replace the applicator cap securely. Shake the bottle vigorously for 30 seconds until the mixture is completely blended.
4. Immediately cut off the tip of the applicator nozzle and begin application. Do not store the mixed product.

5.2 Applying the Color

Choose the application method that best suits your needs:

A. Full Head Application (First-time coloring or significant regrowth)

1. Apply the mixture to dry, unwashed hair, starting at the roots. Work section by section, ensuring even saturation.
2. Distribute the remaining mixture through the lengths and ends of your hair.
3. Gently massage the product into your hair to ensure even coverage.

B. Root Touch-Up Application (For regrowth)

1. Apply the mixture only to the root area, section by section. Ensure all regrowth is thoroughly covered.
2. Leave on for the recommended development time for roots (refer to Section 6).
3. After the root development time, apply the remaining mixture to the lengths and ends of your hair for the final 5-10 minutes.

6. DEVELOPMENT TIME

Once the application is complete, allow the color to develop for the time specified in the instruction leaflet provided in your kit. Typically, this is around **30-35 minutes** for full head application and **20-25 minutes for roots, followed by 5-10 minutes for lengths and ends**. Do not exceed the maximum recommended development time.

7. RINSING AND CONDITIONING (MAINTENANCE)

1. **Rinsing:** After the development time, add a small amount of warm water to your hair and gently massage to emulsify the color. Rinse your hair thoroughly with warm water until the water runs clear.
2. **Conditioning:** Apply the entire contents of the Superstay Intensity Conditioner (3) to your hair. Leave on for 2-3 minutes.
3. **Final Rinse:** Rinse your hair thoroughly with cool water until all conditioner is removed.

8. TIPS FOR BEST RESULTS

- If you are undecided between two shades, always choose the lighter shade.

- Garnier Color Sensation provides up to 100% grey hair coverage.
- The Superstay Intensity Conditioner, enriched with rose oil and Mother of Pearl, helps to lock in color and provide an anti-yellow effect for luminous, long-lasting blonde results.
- For optimal color longevity, use color-safe shampoos and conditioners.

9. TROUBLESHOOTING

- **Uneven Color:** Ensure thorough and even application. For very long or thick hair, consider using two boxes of dye.
- **Skin Staining:** Apply moisturizer along the hairline before coloring. If staining occurs, gently wipe with a damp cloth and mild soap immediately after rinsing hair.
- **Color Not as Expected:** Hair porosity, previous treatments, and natural hair color can influence the final result. Always perform a strand test if unsure.
- **Allergic Reaction:** If you experience any adverse reaction during or after coloring, rinse immediately and seek medical attention.

10. STORAGE

Store the unopened product in a cool, dry place, away from direct sunlight and extreme temperatures. Do not store any mixed product; dispose of it immediately after use.

11. SPECIFICATIONS

Feature	Detail
Brand	Garnier
Model/Shade	S11 Smoky Ultralight Blonde
Product Type	Permanent Hair Color Cream
Format	Cream
Net Weight (per item)	190.0 Grams
