

## Merax 290AAH

# Merax Full Size Upholstered Platform Bed Instruction Manual

Model: 290AAH

## INTRODUCTION

Thank you for choosing the Merax Full Size Upholstered Platform Bed. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

**Important Safety Information:** Always follow the assembly instructions carefully to prevent instability or collapse. Do not exceed the maximum weight capacity of 660 pounds. Be cautious of sharp edges during assembly and use.

## SETUP AND ASSEMBLY

The Merax Full Size Upholstered Platform Bed is designed for convenient assembly. All necessary hardware and an installation manual are included in the single package. It is recommended to assemble the bed with at least two people for ease and safety.

### Before You Begin:

- Verify all parts are present according to the included parts list.
- Clear an adequate space for assembly.
- Ensure you have a soft, clean surface to protect components during assembly.

### Assembly Steps:

1. Unpack all components and lay them out.
2. Attach the side rails to the headboard and footboard using the provided hardware. Ensure all connections are secure.
3. Install the center support beam and legs.
4. Place the wooden slats onto the support rails. Ensure they are evenly spaced and secured if applicable.
5. Tighten all bolts and screws after the bed frame is fully assembled to ensure stability.

*Note: Some users find it easier to attach the headboard last to prevent it from falling over during initial frame assembly.*

The design of a flower pattern velvet headboard

Simple yet elegant bed feet are sturdy and durable

Comes with slats for extra support

## OPERATING INSTRUCTIONS

This platform bed is designed to support your mattress directly, eliminating the need for a box spring. Simply place your full-size mattress on the assembled slat system.

- **Mattress Compatibility:** Designed for a full-size mattress. Mattress is not included.
- **Recommended Mattress Thickness:** An 8-inch thick mattress is recommended for optimal comfort and aesthetic.
- **Weight Capacity:** The bed frame has a maximum weight capacity of 660 pounds.

## CARE AND MAINTENANCE

---

Proper care will extend the life and appearance of your Merax platform bed.

- **Upholstery Care:** For the velvet headboard and frame, gently vacuum with an upholstery attachment to remove dust. For spills, blot immediately with a clean, dry cloth. Do not rub. For stubborn stains, consult a professional upholstery cleaner.
- **Frame Care:** Wipe the wooden components with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading of the velvet upholstery.

## TROUBLESHOOTING

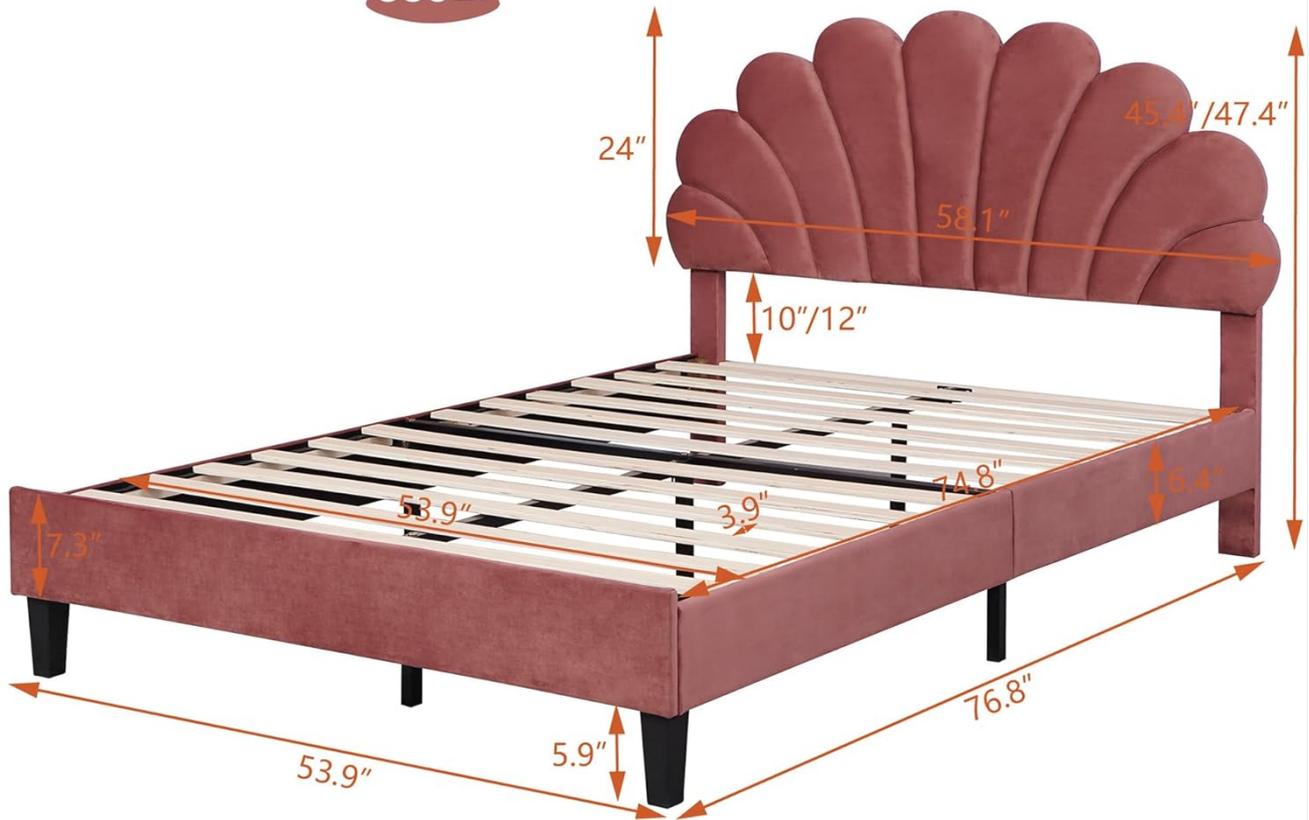

---

Problem	Possible Cause	Solution
Bed feels unstable or wobbly.	Loose hardware.	Check and tighten all bolts and screws on the frame, headboard, and legs.
Squeaking noises.	Loose connections or friction between components.	Re-tighten all hardware. Ensure slats are properly seated and not rubbing against the frame. Apply felt pads if necessary.
Difficulty during assembly.	Incorrect part orientation or missing steps.	Refer to the detailed assembly manual provided. Ensure parts are oriented correctly before tightening. Consider assembling with a second person.
Screws falling into hollow legs.	Design of the leg components.	Temporarily stuff the hollow sections of the legs with a soft material (e.g., cloth) to prevent screws from falling inside during assembly.

## SPECIFICATIONS

Feature	Detail
