IMPORTANT SAFETY INSTRUCTIONS

- **Hand Wash Only:** To prevent damage to internal wiring, impairment of heating function, or other safety hazards, hand wash the mug only.
- **Do Not Dishwash:** Never place the mug in a dishwasher.
- **Do Not Microwave:** Never place the mug in a microwave.
- **Avoid Hot Water for Cleaning:** Do not use hot water for cleaning the mug.
- **Keep Charging Coaster Dry:** Ensure the charging coaster remains dry to prevent electrical hazards.
- **Liquid Detection:** The mug will not heat if it is empty. This is a safety feature to prevent overheating.

KEEPS YOUR DRINKS WARM ALL DAY FOR CONSISTENT FRESHNESS

Long lasting batteries can be used for **2-7 hours** without a charging coaster (fully charged)

Keep Drinks Hot for 2-7Hrs

Built-In Battery

OPERATING INSTRUCTIONS

Manual Control:

1. **Turn On/Off:** Long press the power button on the mug's base to turn it on or off.
2. **Select Temperature:** Single click the power button to cycle through the three preset temperature settings: 113°F (Warm), 131°F (Hot), or 149°F (Piping). The LED indicators will show the selected setting.

App Control:

For advanced customization and real-time temperature monitoring, use the Kewam app:

- **Custom Temperature:** Adjust the temperature degree by degree within the available range.
- **Monitor Status:** View current temperature and battery level directly from your smartphone.

Image: LED indicators on the mug's base displaying the current temperature setting.

MAINTENANCE

- **Cleaning the Mug:** Hand wash the mug with warm, soapy water. Ensure the electrical components at the base are not submerged or exposed to excessive water. Allow to air dry completely before next use.
- **Cleaning the Lid:** The lid is removable and can be disassembled for thorough cleaning. Wash with warm, soapy water and rinse well.
- **Cleaning the Charging Coaster:** Wipe the charging coaster with a dry or slightly damp cloth. Do not submerge in water.

TROUBLESHOOTING

- **Mug Not Heating:** Ensure the mug has liquid inside. The safety feature prevents heating when empty. Check if the mug is properly charged or placed on the charging coaster.
- **Mug Not Charging:** Verify the charging coaster is plugged into a working power outlet. Ensure the mug is correctly seated on the coaster, making proper contact with the charging pins.
- **App Connectivity Issues:** Ensure Bluetooth is enabled on your smartphone and the mug is within range. Restart the app and/or the mug if connection problems persist.
