5. MAINTENANCE

5.1 Cleaning the TV

To clean the screen, gently wipe it with a soft, dry, lint-free cloth. For stubborn marks, slightly dampen the cloth with water or a screen-specific cleaning solution. Avoid using harsh chemicals or abrasive materials. For the TV body, use a soft, dry cloth.

5.2 Software Updates

Your Smart TV may receive periodic software updates to improve performance, add new features, or enhance security. Ensure your TV is connected to the internet to receive these updates. You can usually check for updates manually in the TV's settings menu.

6. TROUBLESHOOTING

If you encounter issues with your We. by Loewe. SEE 32 Inch SL8 Smart TV, please refer to the following common problems and solutions:

- No Power:** Ensure the power cable is securely connected to both the TV and the wall outlet. Check if the outlet is functioning by plugging in another device.
- No Picture/Sound:** Verify that the correct input source is selected. Check all HDMI or other audio/video cables for secure connections. Try restarting the TV by unplugging it for a few minutes and then plugging it back in.
- No Internet Connection:** Check your Wi-Fi router and ensure it is powered on and broadcasting. Re-enter your Wi-Fi password in the TV's network settings. If issues persist, try restarting your router and TV.
- Remote Control Not Working:** Ensure the batteries are correctly inserted and not depleted. Point the remote directly at the TV's IR sensor.

- **Picture Quality Issues:** Adjust picture settings (brightness, contrast, sharpness) in the TV's menu. Ensure the content source is of high quality.

For more complex issues or persistent problems, please contact Loewe customer support or refer to the official Loewe website for further assistance.
