Planika BINO

Planika BINO Portable Gas Fireplace User Manual

Model: BINO | Brand: Planika

1. Introduction

This manual provides essential information for the safe and efficient use of your Planika BINO Portable Gas Fireplace. Please read all instructions carefully before assembly and operation. Keep this manual for future reference.

2. Safety Information

Always prioritize safety when operating gas appliances. Ensure adequate ventilation. Do not use indoors. Keep flammable materials away from the fireplace. Do not leave unattended during operation. For outdoor use only.

3. Package Contents

Verify that all components are present before beginning assembly.

- Planika BINO Portable Gas Fireplace unit
- Glass cylinder
- Decorative stones (lava rocks)
- Gas regulator
- Protective cover
- User Manual (this document)
- 3 AAA batteries (included)

4. Setup and Assembly

Follow these steps to set up your Planika BINO Portable Gas Fireplace:

1. **Unpack Components:** Carefully remove all parts from the packaging.
2. **Place Decorative Stones:** Place the provided decorative stones (lava rocks) into the burner tray. Ensure they are evenly distributed and do not block the igniter or burner ports.

Image: A person placing decorative stones into the fireplace burner tray, followed by the glass cylinder.

3. **Apply Glass Cylinder:** Carefully place the glass cylinder over the burner tray, ensuring it is seated securely.
4. **Connect Gas Bottle:** Open the hidden compartment for the gas bottle. Connect the gas regulator to a compatible propane gas bottle (not included). Ensure all connections are tight and secure. Place the gas bottle inside the compartment.

5. **Insert Batteries:** Install the 3 AAA batteries into the ignition system as per the markings.
6. **Leak Test:** Before first use and after every gas bottle change, perform a leak test on all gas connections using a soapy water solution. Bubbles indicate a leak. Do not operate if a leak is detected.

5. Operating Instructions

To ignite and operate your Planika BINO fireplace:

1. **Open Gas Valve:** Slowly open the valve on the propane gas bottle.
2. **Ignite Fireplace:** Press and hold the ignition button while simultaneously turning the control knob to the "ON" position. You should hear a click and see the flame ignite.

Image: A close-up of the control knob, demonstrating the easy ignition and flame adjustment mechanism.

3. **Adjust Flame Height:** Once ignited, release the ignition button. You can adjust the flame height and heat output by rotating the control knob.
4. **To Turn Off:** Turn the control knob to the "OFF" position. Close the valve on the propane gas bottle. Allow the unit to cool completely before covering or moving.

6. Maintenance

Regular maintenance ensures the longevity and safe operation of your fireplace.

- **Cleaning:** Clean the exterior surfaces with a soft, damp cloth. Do not use abrasive cleaners. Ensure the burner and igniter are free from debris.
- **Protective Cover:** Use the included protective cover when the fireplace is not in use to shield it from rain, dust, and sun. This helps extend the product's lifespan.

Image: The fireplace covered with its durable, waterproof protective cover, shown in an outdoor setting during rain.

- **Storage:** Store the fireplace in a dry, sheltered location when not in use for extended periods. Disconnect the gas bottle.

7. Troubleshooting

If you encounter issues with your Planika BINO Portable Gas Fireplace, refer to the following common solutions:

- **No Ignition:**
  - Check if the gas bottle valve is fully open.
  - Ensure the gas bottle contains propane.
  - Verify that the batteries in the igniter are correctly installed and not depleted.
  - Check for any blockages in the burner ports or igniter.
- **Low Flame:**
  - Ensure the gas bottle valve is fully open.
  - Check the gas level in the bottle.
  - Inspect the gas regulator and hose for kinks or damage.
- **Gas Odor:**
  - Immediately turn off the gas supply at the bottle.
  - Perform a leak test on all connections.
  - If the odor persists, do not operate the fireplace and contact a qualified service technician.

For issues not covered here, please contact Planika customer support.

8. Specifications
