3. GAME SETUP

Follow these steps to prepare for gameplay:

- Choose a Banker:** One player is selected to be the Banker. The Banker is responsible for the game's Imperial Credits, Title Deeds, and auctions. The Banker can also play but must keep their Imperial Credits separate from the bank.
- Distribute Starting Imperial Credits:** Each player receives a specific amount of Imperial Credits as outlined in the game guide.
- Shuffle Cards:** Shuffle the Bounty Hunter cards and Pursuit Craft cards separately. Place them face-down on their designated spaces on the gameboard.
- Place Tokens:** Each player chooses one of the four Boba Fett character tokens and places it on the 'GO' space.
- Distribute Title Deeds:** Follow the game guide for initial distribution of Title Deed cards or auction them as specified.

4. How to Play (GAMEPLAY)

The objective of the game is to acquire the most wealth through properties and Imperial Credits.

Player Turn Sequence

- Roll Dice:** On your turn, roll both dice and move your Boba Fett token clockwise around the board the corresponding number of spaces.
- Land on a Space:** Follow the instructions on the space you land on. This may involve buying a property, drawing a card, paying rent, or other actions.
- Buying Properties:** If you land on an unowned Character, Equipment, or Imperial Force space, you may purchase it for the listed price. If you choose not to buy it, the Banker must immediately auction it to the highest bidder.
- Collecting Rent:** If you land on a property owned by another player, you must pay them rent. The rent amount increases if the owner has a complete color set or has added Armor Symbols.
- Armor Symbols (Sigils and Skulls):** Once you own a complete color set of properties, you can start

adding Sigils to them. After placing Sigils, you can upgrade to Skulls. These increase the rent charged to other players.

6. **Bounty Hunter & Pursuit Craft Cards:** When you land on these spaces, draw the top card from the respective deck and follow its instructions. These cards can provide benefits or impose penalties.
7. **Passing 'GO':** Each time you pass or land on the 'GO' space, collect Imperial Credits as indicated in the game guide.

End of Game

The game ends when all Imperial Forces tokens have been defeated. The player with the most Imperial Credits (money and value of properties) at this point is the winner.
