## Charging Case Touchscreen Functions

The charging case features an LED full-color touchscreen that allows control over various functions without needing to access your connected device. These functions include:

- Displaying battery levels for both earbuds and the case.
- Controlling music playback (play, pause, skip tracks).
- Managing noise cancellation modes.
- Locating left and right earbuds.
- Activating camera functions (taking photos).
- Switching EQ settings.
- Screen lock.
- Light level adjustment.
- Flashlight function.

## SETUP

### 1. Initial Charging

Before first use, fully charge the earbuds and the charging case. Connect the provided USB charging cable to the charging port on the case and a power source. The touchscreen will indicate charging status.

Image: A USB-C cable being inserted into the charging port of the kurdene K6 charging case, illustrating the charging process.

### 2. Pairing with a Device

1. Ensure the earbuds are in the charging case and the case is open.
2. On your device (smartphone, tablet, laptop), navigate to the Bluetooth settings.
3. Enable Bluetooth and search for available devices.
4. Select "K6" from the list of discovered devices.
5. Once connected, the device will indicate "Connection Successful". The earbuds will automatically pair with your device upon opening the case after the initial pairing.

# One-Step Auto Pairing

After the first pairing, the earbud auto pairs with your phone while opening the case

## MAINTENANCE

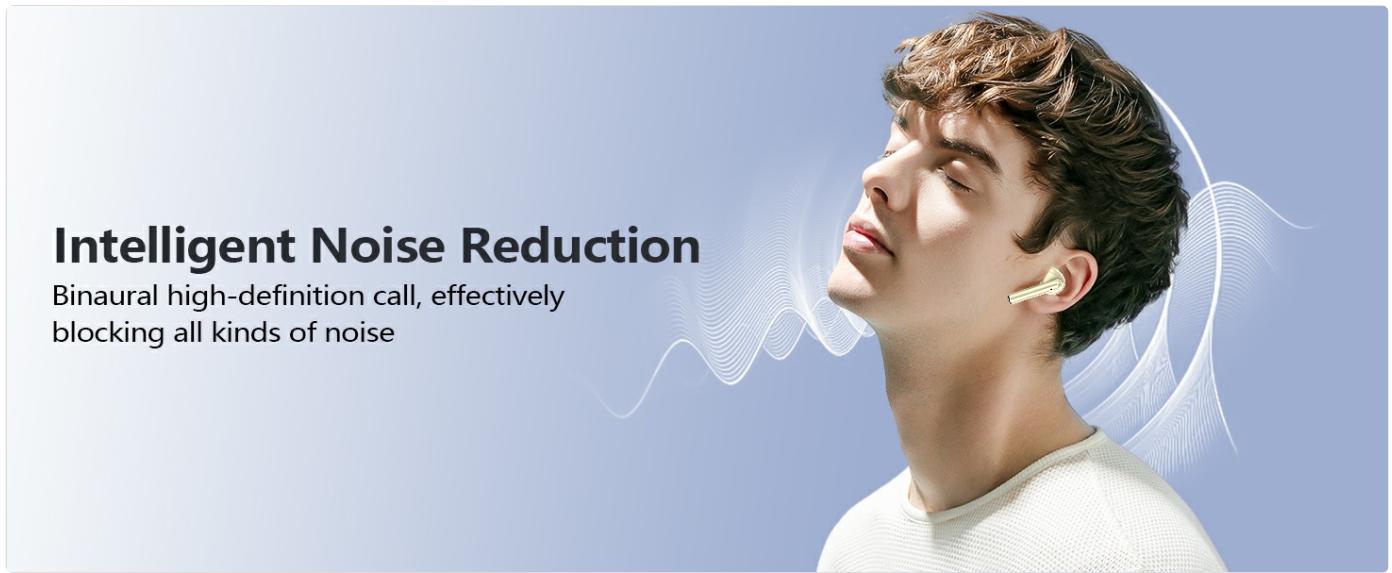

- Cleaning:** Regularly clean the earbuds and charging case with a soft, dry cloth. Avoid using abrasive materials or harsh chemicals.
- Storage:** When not in use, store the earbuds in their charging case to protect them and ensure they remain charged.
- Battery Care:** To prolong battery life, avoid fully discharging the earbuds and case frequently. Charge them regularly.
- Water Resistance:** The product may have some level of water resistance. Avoid submerging the earbuds or charging case in water.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Earbuds not pairing	Bluetooth off, earbuds out of charge, not in pairing mode.	Ensure Bluetooth is on. Charge earbuds. Place earbuds in case, open lid to enter pairing mode. Forget device on phone and re-pair.
No sound from one earbud	Low battery, earbud not connected, dirty speaker mesh.	Charge both earbuds. Re-pair. Clean speaker mesh gently.
Charging case touchscreen unresponsive	Low battery, temporary software glitch.	Charge the case. Restart the case by closing and opening the lid, or if possible, a soft reset (refer to manufacturer support if issue persists).
Poor sound quality	Improper fit, low battery, interference, dirty ear tips/speaker.	Adjust earbud fit. Ensure full charge. Move away from other wireless devices. Clean ear tips and speaker mesh.
Earbuds falling out	Incorrect ear tip size.	Try different sizes of ear tips to find the most secure and comfortable fit.
