6. MAINTENANCE

6.1 Cleaning the TV

To clean the screen, gently wipe with a soft, dry, lint-free cloth. For stubborn marks, slightly dampen the cloth with water. Avoid using harsh chemicals, abrasive cleaners, or direct spraying of liquids onto the screen or frame.

6.2 General Care

Keep the TV away from direct sunlight, heat sources, and excessive dust. Ensure proper ventilation around the TV to prevent overheating. Do not block the ventilation openings.

7. TROUBLESHOOTING

If you encounter issues with your TuTu Smart TV, refer to the following common problems and solutions:

Problem	Possible Solution
TV does not turn on.	Check if the power cable is securely plugged into both the TV and the wall outlet. Ensure the power outlet is functional. Try pressing the power button on the TV itself, not just the remote.
No picture, but sound is present.	Check the input source. Press the 'Source' button on your remote to cycle through inputs (HDMI1, HDMI2, etc.). Ensure external devices are powered on and connected correctly.
No sound, but picture is present.	Check the volume level and ensure the TV is not muted. If using external audio devices, check their connections and power. Verify audio output settings in the TV menu.
Cannot connect to Wi-Fi.	Ensure your Wi-Fi router is on and functioning. Re-enter the Wi-Fi password carefully. Try restarting both the TV and your router. Check for any network interference.
Remote control not working.	Replace the batteries in the remote control. Ensure there are no obstructions between the remote and the TV's IR sensor.

Problem	Possible Solution
Samsung account activation issue.	Ensure you have a stable internet connection. Double-check your Samsung account credentials. If issues persist, visit the official Samsung website for account support.
