DEMICEA X6

User Manual for DEMICEA Open Ear Sport Headphones

Model: X6

INTRODUCTION

The DEMICEA Open Ear Sport Headphones (Model X6) are designed for active lifestyles, offering bone conduction technology for open-ear comfort, a built-in 32GB MP3 player, IP68 waterproof rating, and Bluetooth 5.3 connectivity. These headphones allow you to enjoy music while remaining aware of your surroundings, making them ideal for running, workouts, swimming, and other outdoor activities.

WHAT'S IN THE BOX

- 1x LibreSwim X6 Headphones
- 1x Magnetic Data & Charging Cable
- User Manual

Image: Contents of the product packaging, including the headphones, charging cable, and user manual.

SETUP

Charging the Headphones

Before first use, fully charge your headphones. Use the provided magnetic data & charging cable. Connect the magnetic end to the charging port on the headphones and the USB-A end to a compatible USB power source (e.g., computer USB port, wall adapter). A full charge takes approximately 2 hours and provides up to 8 hours of music playback. A quick 5-minute charge can provide 30 minutes of playback.

Transferring Music (MP3 Mode)

The headphones feature 32GB of built-in storage, capable of storing over 4000 high-quality songs. To transfer music:

1. Connect the magnetic data & charging cable to the headphones and then to your computer's USB port.
2. The headphones will appear as a removable USB drive on your computer.
3. Drag and drop your music files (MP3 format recommended) into the headphone's storage.
4. Safely eject the USB drive from your computer before disconnecting the cable.

5. To switch to MP3 mode, press the power button twice quickly.

LibreSwim X6

Boundless Music-Swim Freedom
Stable and Comfortable movement

Pre-purchase Notice: The size of the headphones is not adjustable. Variations in head circumference may affect your wearing experience.

Bluetooth Pairing

The headphones utilize advanced Bluetooth 5.3 technology for stable and efficient connection.

1. Ensure the headphones are powered on.
2. If not already in Bluetooth mode, press the power button twice quickly to switch from MP3 mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for "LibreRun X6" or "DEMICEA X6".
4. Select the headphones from the list to pair. A voice prompt will confirm successful connection.

OPERATING INSTRUCTIONS

Wearing the Headphones

Place the headphones with the transducers resting on your cheekbones, just in front of your ears. The band should rest comfortably behind your head. The open-ear design ensures comfort and situational awareness.

Waterproof Usage (IP68)

With an IP68 waterproof rating, these headphones are suitable for swimming and other water sports. They can be submerged in water up to 2 meters deep for up to 2 hours without damage. For optimal performance underwater, it is recommended to use the built-in 32GB MP3 mode, as Bluetooth connectivity may be limited or interrupted by water.

MAINTENANCE

- After using the headphones in water, wipe the charging port dry to prevent corrosion and ensure proper charging.
- Clean the headphones regularly with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures.
- Avoid bending or twisting the flexible band excessively to maintain its shape and integrity.

TROUBLESHOOTING

- **No Power:** Ensure the headphones are fully charged.
- **Cannot Pair Bluetooth:** Ensure the headphones are in Bluetooth mode and within range of your device. Turn Bluetooth off and on again on your device.
- **No Sound:** Check volume levels on both the headphones and your connected device. Ensure the correct mode (Bluetooth or MP3) is selected.
- **Poor Sound Quality:** For bone conduction headphones, sound quality can be affected by external noise. Ensure proper placement on cheekbones.
- **MP3 Mode Issues:** Ensure music files are in a compatible format (e.g., MP3) and have been transferred correctly.
