DICTAC A

DICTAC California King Bed Frame User Manual

Brand: DICTAC | Model: A

Introduction

Thank you for choosing the DICTAC California King Bed Frame. This bed frame is designed to provide both comfort and functionality, featuring a hidden storage headboard, integrated LED lighting, a convenient charging station, and two metal storage drawers. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure optimal use and longevity of your product.

Safety Information

- Beware of sharp edges during assembly and handling.
- Do not load the bed frame with more than 1100 pounds (approximately 499 kg).
- Always follow the assembly instructions carefully to prevent injury and ensure structural integrity.
- Keep small parts and packaging materials away from children.
- Ensure all connections are securely tightened before use.

Package Contents

Please verify that all components are present before beginning assembly. Refer to the detailed parts list provided in your assembly guide for specific quantities and identification.

- Metal Bed Frame Structure
- Upholstered Headboard with Storage Shelves
- Hidden Storage Compartments (within headboard)
- RGB LED Light Strips
- Integrated Charging Station (2 AC outlets, 1 Type-C port, 1 USB port)

- 2 Metal Storage Drawers with Wheels
- Non-woven Drawer Liners
- Assembly Hardware (screws, bolts, nuts)
- Assembly Tools (basic wrenches, Allen keys)
- Detailed Assembly Instructions Manual

Assembly Instructions

The DICTAC California King Bed Frame is designed for straightforward assembly. It is recommended to have two people for assembly. Please follow the step-by-step instructions and diagrams provided in the separate assembly manual included with your package. All parts are numbered for easy identification.

Key Assembly Points:

- Unpack all components and lay them out on a clean, soft surface to prevent scratches.
- Identify all parts and hardware using the provided list.
- Assemble the main bed frame structure first, ensuring all connections are firm.
- Attach the upholstered headboard, connecting the LED lights and charging station wiring as instructed.
- Assemble the two metal storage drawers and insert them into the designated under-bed space.
- Ensure the EVA foam silent bar is properly pressed into the metal beams to reduce noise.

Figure 8: The unique design of the bed frame, featuring a faux leather upholstered headboard with an X-shaped metal accent.

Figure 9: Details on the heightened footboard design to prevent mattress sliding and the noise-free mute bar design for quiet operation.

Operating Instructions

LED Lighting System

- The integrated RGB LED lights can be controlled via a dedicated app on your smartphone or a remote control (if included).
- Explore over 60,000 colors and customize brightness, lighting modes (e.g., static, flashing, fading), and set timers for automatic on/off.
- Utilize the smart music sync mode to make the LED lights change color and flash in rhythm with your music, creating an immersive atmosphere.

Charging Station

- The headboard features a built-in power strip with 2 standard AC power outlets (125V/12A), 1 Type-C port (5V/2.1A), and 1 USB port (5V/2.1A).
- Connect your mobile phones, tablets, and other electronic devices directly to the charging station for convenient power access.

Storage Features

- **Headboard Storage:** Use the open shelves for displaying decor, books, or frequently accessed items. The two hidden compartments can be opened separately for discreet storage of personal belongings.
- **Under-Bed Drawers:** The two large metal drawers at the foot of the bed are equipped with easy-glide casters for smooth, quiet operation. Use them to store bedding, off-season clothing, toys, or other items. The included non-woven liners help protect contents from dust.

Care and Maintenance

- **Cleaning the Frame:** Wipe the metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Cleaning Upholstery:** For the faux leather upholstered headboard, use a mild soap solution and a soft cloth. Blot spills immediately. Do not saturate the fabric.
- **Drawer Maintenance:** Periodically check the drawer wheels for any debris and clean as needed to ensure smooth gliding.
- **Electrical Components:** Ensure the charging station and LED light connections are dry and free from dust. Do not attempt to repair electrical components yourself.
- **Regular Checks:** Periodically inspect all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.

Troubleshooting

- **LED Lights Not Working:**
  - Check if the power adapter is securely plugged into a working outlet.
  - Ensure all connections between the LED strips and the control unit are firm.
  - Verify that the remote control or app is properly paired and has fresh batteries (if applicable).
- **LED Lights Turn On By Themselves:**
  - This may indicate a power fluctuation or a setting issue. Try unplugging the LED power adapter for a few minutes and plugging it back in. Check app/remote settings for any scheduled timers.
- **Squeaking Noises:**
  - Ensure all assembly bolts are securely tightened. Loose connections are a common cause of squeaking.
  - The bed frame includes an EVA foam silent bar designed to reduce noise from metal-on-metal contact. Verify it is correctly installed along the metal beams.
- **Drawers Not Gliding Smoothly:**
  - Check for any obstructions in the drawer tracks or under the bed.
  - Ensure the drawer wheels are clean and free of debris.
  - Verify that the drawers are assembled correctly and are not overloaded.
- **Charging Station Not Functioning:**
  - Ensure the bed frame's main power cord (for the charging station) is properly connected to a wall outlet.
  - Check if the devices you are trying to charge are compatible with the port types (AC, USB, Type-C).

Product Specifications

Feature	Detail
Brand	DICTAC
Model Number	A
Size	California King
Color	Black
Material	Synthetic Leather, Metal
Product Dimensions	227.84 x 183.11 x 114.81 cm (89.7 x 72.1 x 45.2 inches)
