Vente-unique RAPILI

Vente-unique RAPILI Wall Bed 140 x 200 cm - Instruction Manual

Model: RAPILI | Brand: Vente-unique

1. INTRODUCTION

The Vente-unique RAPILI wall bed is designed to optimize space in modern living environments without compromising comfort or style. When closed, it transforms into a sleek cabinet. With a simple manual horizontal opening mechanism, it reveals a comfortable bed suitable for regular use. This model includes integrated LED-lit shelves, offering optimal storage and a warm, relaxing ambiance.

This instruction manual provides essential information for the safe and correct assembly, operation, and maintenance of your RAPILI wall bed. Please read all instructions carefully before proceeding with installation and use.

2. SAFETY WARNINGS

- **Tipping Hazard:** To prevent any risk of tipping, this furniture must be securely fixed to a solid wall support using the provided brackets.
- **Professional Installation:** Installation and any subsequent adjustments must only be performed by qualified personnel.
- **Wall Fixings:** Wall fixing elements (screws and wall plugs) are **not included**. It is essential to purchase appropriate screws and wall plugs suitable for your specific wall type (e.g., solid concrete, hollow brick, plasterboard, wood). Consult a professional if unsure.
- **Regular Checks:** The wall fixing elements must be checked regularly to ensure they remain secure.
- **Installation Surface:** The installation surface must be in good condition. The floor must be flat, smooth, and horizontal.
- **Assembly Personnel:** At least two people are required for the assembly and anchoring of this bed.
- **Instruction Adherence:** Carefully follow all assembly instructions and the use and maintenance guidelines provided with the product, as they are crucial for safety.

3. SETUP AND ASSEMBLY

The RAPILI wall bed requires assembly and professional installation to ensure safety and stability. Please follow these guidelines:

1. **Unpacking:** Carefully unpack all components and verify against the parts list (not provided in this document, refer to your product packaging). Ensure no parts are missing or damaged.
2. **Site Preparation:** Ensure the installation area has a flat, smooth, and horizontal floor. The wall where the bed will be anchored must be solid and in good condition.
3. **Team Assembly:** Due to the size and weight of the components, assembly and anchoring require a minimum of two people.
4. **Wall Anchoring:** This is a critical step. The bed must be securely fixed to a solid wall using appropriate screws and wall plugs for your wall type. The bed comes with wall plugs suitable for solid walls. If your wall is hollow, plasterboard, or wood, you must purchase specific fixings designed for those materials. **Wall fixing hardware is not included.**
5. **Professional Assistance:** If you are unsure about the correct wall fixings or the assembly process, it is highly recommended to seek assistance from qualified personnel.
6. **Component Assembly:** Follow the step-by-step assembly instructions provided in your product packaging. This typically involves assembling the main frame, the bed mechanism, and the cabinet panels.
7. **Mattress Placement:** Once the frame is assembled and anchored, place the mattress onto the bed base. The elastic system will help secure the mattress, sheets, and duvet when the bed is raised or lowered.
8. **LED Connection:** Connect the integrated LED lighting system according to the electrical instructions provided in your product packaging.

4. OPERATING INSTRUCTIONS

The RAPILI wall bed features a manual horizontal opening mechanism and integrated LED lighting.

4.1 Opening the Bed

1. Ensure the area in front of the wall bed is clear of obstructions.
2. Grasp the handle or designated pull point on the front panel of the cabinet.
3. Gently pull the bed downwards. The horizontal opening mechanism is designed for smooth and silent operation.
4. Continue pulling until the bed is fully extended and the support legs are securely in place. The bed legs are designed to be invisible when the bed is in the closed position.
5. The elastic system will keep the mattress, sheets, and duvet in place during the opening process.

4.2 Closing the Bed

1. Ensure no items are left on the bed that could obstruct its closing mechanism.
2. Lift the bed frame upwards from the foot end. The mechanism will assist in raising the bed.
3. Continue pushing upwards until the bed is fully vertical and securely latched into its cabinet position. The bed legs will retract and become invisible.
4. The elastic system will hold the mattress and bedding in place.

5. MAINTENANCE

- **Cleaning the Furniture:** Wipe the melamine surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Mattress Care:** The product care instructions mention "Hand wash." This likely refers to the mattress cover or bedding. Always follow the specific care labels on your mattress and bedding for cleaning.
- **Mechanism Check:** Periodically inspect the bed's opening and closing mechanism for smooth operation. If you notice any stiffness or unusual noises, contact qualified personnel for inspection.
- **Fixing Elements:** Regularly check the wall fixing elements to ensure they are still tight and secure. Retighten if necessary.
- **LEDs:** If an LED light fails, consult the product's electrical guide for replacement instructions or contact customer support.

6. TROUBLESHOOTING

If you encounter any issues with your RAPILI wall bed, please consider the following general troubleshooting steps:

- **Bed not opening/closing smoothly:** Check for any obstructions around the mechanism or on the bed frame. Ensure the wall fixings are secure and the floor is level. Do not force the mechanism.
- **LEDs not working:** Check the power connection and any switches or remote controls for the LED system. Ensure the

power outlet is functional.

- **Unusual noises during operation:** This could indicate an issue with the mechanism. Stop using the bed and contact qualified personnel for inspection.

For persistent problems or safety concerns, always contact customer support or qualified professionals.
