

Sujata Classic

Sujata Classic Gas Manual Ignition Stove 2 Burners User Manual

Model: Classic | Brand: Sujata

1. INTRODUCTION

Thank you for choosing the Sujata Classic Gas Manual Ignition Stove. This manual provides essential information for the safe and efficient use, installation, and maintenance of your new 2-burner gas stove. Please read all instructions carefully before operating the appliance and retain this manual for future reference.

2. SAFETY INFORMATION

Your safety and the safety of others are paramount. Please observe all safety precautions outlined below:

- Ensure proper ventilation in the kitchen area during operation.
- Do not store flammable materials near the gas stove.
- Keep children and pets away from the appliance during use.
- Always use appropriate cookware that is stable on the pan supports.
- Do not leave the stove unattended while cooking.
- In case of a gas leak, immediately turn off the gas supply, open windows, and do not operate any electrical switches or ignite any flames. Contact your gas supplier or a qualified technician.
- Ensure the gas connection hose is in good condition and free from kinks or damage.
- This appliance is designed for domestic use only.

3. PRODUCT OVERVIEW

The Sujata Classic Gas Stove features a sleek design with durable components for efficient cooking.

Key Features:

- **8mm Thick Toughened Glass Top:** Provides durability and easy cleaning.
- **SABAF Gas Valve:** Ensures longer life and consistent flame control.
- **5G Designed Forged Brass Burners:** Includes one large and one small burner for versatile cooking, optimized for direct flame Indian style cooking.
- **Rigid Pan Supports with Flame Guards:** Offers stability for cookware and minimizes gas wastage.
- **Ergonomic Knobs:** Designed for comfortable and precise flame control.
- **360° Rotating Brass Gas Nozzle:** Allows flexible connection from any direction.
- **Stainless-Steel Drip Tray:** Facilitates easy cleaning and maintenance.
- **ISI Certified:** Meets Indian safety and quality standards.

4. SETUP AND INSTALLATION

Proper installation is crucial for safety and performance. It is recommended that installation be performed by a qualified technician.

Unpacking:

- Carefully remove the gas stove from its packaging.
- Check for any damage during transit. Do not use if damaged.

- Ensure all included components are present: 1 Glass Top Gas Stove, 1 Mini Pan Support, 1 Baati / Tandoor Stand, 1 Burner Cleaning Pin, 1 Operating Manual Cum Warranty Card.

Placement:

- Place the stove on a stable, flat, and heat-resistant surface.
- Ensure adequate clearance from walls and overhead cabinets for ventilation.

Gas Connection:

- The stove is compatible with both LPG (Liquefied Petroleum Gas) and PNG (Piped Natural Gas).
- For LPG connection, use a certified rubber hose and regulator.
- For PNG conversion, a complimentary jet set is included. This conversion should be performed by an authorized service technician to ensure safety and proper functioning.
- Connect the gas hose to the 360° rotating brass gas nozzle at the back of the stove.
- Check for gas leaks using soapy water (bubbles indicate a leak). Never use an open flame to check for leaks.

5. OPERATING INSTRUCTIONS

Lighting the Burner (Manual Ignition):

1. Ensure the gas supply is open.
2. Place your cookware on the pan support over the desired burner.
3. Push and turn the corresponding knob counter-clockwise to the 'ON' position.
4. Immediately bring a lit matchstick or gas lighter close to the burner to ignite the flame.
5. Once the flame is lit, adjust the knob to achieve the desired flame intensity (low, medium, high).
6. If the burner does not light within a few seconds, turn the knob to 'OFF', wait for a minute for the gas to disperse, and then repeat the process.

Turning Off the Burner:

- Turn the knob clockwise to the 'OFF' position until the flame extinguishes completely.
- Always ensure all burners are turned off after cooking.

6. MAINTENANCE AND CLEANING

Regular cleaning and maintenance will prolong the life of your gas stove and ensure safe operation.

Daily Cleaning:

- Allow the stove to cool completely before cleaning.
- Wipe the glass top with a soft cloth and mild detergent. Avoid abrasive cleaners that can scratch the surface.
- Remove and clean the stainless-steel drip tray with soap and water.

Burner Cleaning:

- Periodically remove the burners and pan supports.
- Clean the brass burners with a soft brush and warm soapy water to remove food residue. Ensure the burner holes are not clogged. Use the provided burner cleaning pin if necessary.
- Rinse thoroughly and dry completely before reassembling. Ensure burners are placed correctly to avoid uneven flames.

General Care:

- Do not use harsh chemicals or steel wool, as they can damage the stove's finish.
- Regularly inspect the gas hose for cracks or wear. Replace if necessary.

7. TROUBLESHOOTING

If you encounter issues with your gas stove, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Burner does not light	Gas supply off; clogged burner holes; faulty lighter/match.	Check gas supply valve; clean burner holes; use a working lighter/match.
Uneven flame	Burner not seated correctly; clogged burner holes.	Re-seat the burner properly; clean burner holes.
Gas smell	Gas leak from hose or connection.	Immediately turn off gas supply, ventilate area, do not use electrical switches. Contact technician.
Knob is stiff	Food residue or debris under the knob.	Ensure stove is cool. Gently remove knob and clean the area.

If the problem persists after attempting these solutions, please contact customer support.
