Safety Information

WARNING: CHOKING HAZARD – Small parts. Not for children under 3 years.

This building block set contains small components that may pose a choking hazard. Keep all parts away from young children. Adult supervision is recommended during assembly for younger users. The manufacturer recommended age for this product is 8 years and up.

Package Contents

Your CSNRHG Double Knife Flow Samurai Mech Robot Model Building Blocks Toy Set includes the following:

- 923 high-quality ABS building block pieces
- 1 detailed instruction manual
- Sticker sheet for detailed customization

Assorted bags of building blocks for the Samurai Mech Robot.

Assembly Instructions

Follow these general steps for assembling your Samurai Mech Robot. Refer to the detailed instruction manual included in the box for step-by-step visual guidance.

General Steps:

1. Carefully unpack all numbered bags containing the building blocks.
2. Locate the comprehensive instruction manual.
3. Follow the sequential steps provided in the manual, opening numbered bags as indicated for each stage of the build.
4. Ensure all pieces are securely connected to maintain the model's structural integrity and poseability.
5. Apply the included stickers according to the manual's guidance for enhanced detail.

Product Features

- **Highly Restored Double Sword Warrior Image:** This building block toy is meticulously designed to replicate the heroic image of a double sword warrior. Its exquisite carving and color matching ensure every detail, from armor to weapons, appears majestic.
- **Excellent Quality and Premium Service:** Crafted from high-quality ABS material, the building blocks offer superior durability and stability. Each component undergoes precise testing for smooth and secure connections. Customer support is available for any missing parts or assembly issues.
- **Flexible Joint Design:** The warrior's joints are engineered for flexibility, allowing for easy adjustment of limbs and poses. This feature enhances playability and encourages imaginative scene creation.
- **Exercise Hands-on Ability and Creativity:** Beyond its flexible design, this toy promotes the development of hands-on skills and creativity. Builders can freely combine and dismantle blocks to create unique warrior images, significantly enhancing imagination.
- **Exquisite Gift Box Packaging:** The building block set comes in an elegant gift box, making it an ideal present for children, adults, and teens on birthdays or holidays.

Care and Maintenance

- **Storage:** Store the assembled model or unbuilt blocks in a cool, dry place away from direct sunlight and extreme temperatures to prevent material degradation.
- **Cleaning:** Use a soft, dry cloth to gently wipe away dust. Avoid using abrasive cleaners or harsh chemicals, as these can damage the plastic and printed details.
- **Handling:** Handle the model with care, especially around delicate joints or small attached pieces, to prevent accidental detachment or breakage.

Troubleshooting

Missing Pieces:

If you discover any missing parts during the assembly process, please refer to the 'Excellent quality and

premium service' section for information on how to contact CSNRHG customer service for prompt assistance.

Loose Connections:

Ensure that all building blocks are firmly pressed together. Some connections may require additional pressure to secure them properly, especially in areas with high articulation.

Stability Issues:

If the assembled model struggles to stand or maintain a pose, re-examine the connections in the base and leg sections. The flexible joint design allows for dynamic poses, but proper alignment and secure connections are crucial for stability.

Product Specifications

Attribute	Detail
Product Dimensions	8.5 x 3.5 x 13.6 inches
Item Weight	2.31 pounds
Item Model Number	M38-B1183
