## 2. WHAT'S INCLUDED

Upon unboxing your C60 Smart Activity Tracker, please ensure all the following components are present:

- Smartwatch (C60 unit)
- Silicone Band
- User Manual
- Charger Cable (Magnetic)
- Watch Box

## 3. SETUP GUIDE

### 3.1. Initial Charging

Before first use, fully charge your C60 Smart Activity Tracker. Connect the magnetic charger cable to the charging points on the back of the device and plug the USB end into a compatible power source (e.g., computer USB port, USB wall adapter). A full charge typically takes approximately 2.5 hours. The device is designed to last up to 7-10 days on a single charge with typical usage.

### 3.2. App Installation and Pairing

To unlock the full functionality of your C60 tracker, you need to install the companion application on your smartphone.

1. **Download the App:** Search for "Da Fit" in your smartphone's app store (available on both iOS App Store and Google Play Store).
2. **Install and Open:** Install the "Da Fit" app and open it.
3. **Create Account (Optional):** Follow the on-screen prompts to create an account or log in.
4. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
5. **Pair Device:** In the Da Fit app, navigate to the device section (usually indicated by a watch icon or "Add Device"). The app will search for nearby devices. Select "C60" from the list to pair.
6. **Confirm Pairing:** A pairing request may appear on your C60 tracker. Confirm the pairing on both the tracker and your smartphone.

The C60 is compatible with Android 5.0 and iOS 9.0 devices or newer.

## 5. MAINTENANCE

- **Cleaning:** Regularly clean your C60 tracker and band with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Drying:** After exposure to water, ensure the device is thoroughly dry before charging to prevent damage to the charging contacts.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device when the

battery level is low.

- **Storage:** Store the tracker in a cool, dry place when not in use for extended periods.

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not turning on	Low battery	Charge the device for at least 30 minutes.
Cannot pair with smartphone	Bluetooth off, app issue, device out of range	Ensure Bluetooth is on, restart the app and phone, bring devices closer, try re-pairing.
Notifications not appearing	App permissions, notification settings	Check app notification permissions on your phone and settings within the Da Fit app.
Inaccurate activity data	Improper wearing, software glitch	Ensure the tracker is worn snugly on your wrist. Restart the device and app.
Screen is fuzzy/unresponsive	Software issue, physical damage	Restart the device. If the issue persists, contact customer support.
