## 2. PACKAGE CONTENTS

Please verify that all items listed below are included in your package:

- 1 x Electric Back Trimmer

- 1 x Charging Base
- 1 x USB Cable
- 1 x Cleaning Brush
- 1 x Handle (Removable Curved Handle)
- 1 x User Manual (This document)

*Image 2.1: All components included in the Ymiko Back Hair Trimmer package.*

### 3. PRODUCT FEATURES

- **Extended Handle Design:** Provides a comfortable grip and enhanced control, facilitating access to hard-to-reach areas.
- **Effortless Hair Removal:** Engineered for a safe, fast, and comfortable shaving experience without pulling hairs.
- **Versatile Wet and Dry Use:** Suitable for use in the shower or in dry conditions, offering flexibility for grooming preferences.
- **Removable Curved Handle:** Ergonomically designed handle for independent grooming of the back and other body parts.
- **Built-in Lithium-ion Battery:** 500mAh capacity for cordless operation.

**Removable curved handle design**  
**Ergonomic design allows you to trim hard to reach areas of your back without help**

*Image 3.1: The trimmer with its removable curved handle, illustrating its ergonomic design for reaching the back.*

**Wet and dry use**  
**For use in the shower or**  
**elsewhere in the home**

*Image 3.2: The trimmer is suitable for both wet and dry use, allowing for flexible grooming environments.*

## **4. SETUP AND CHARGING**

### **4.1. Initial Charge**

1. Connect the USB cable to the charging base.
2. Plug the other end of the USB cable into a suitable USB power adapter (not included) or a computer USB port.
3. Place the electric back trimmer onto the charging base. Ensure it is seated correctly.
4. Allow the device to charge fully before its first use. The indicator light on the trimmer will provide charging status (refer to the device for specific light indications).

### **4.2. Attaching the Handle**

For grooming hard-to-reach areas like the back, attach the removable curved handle:

1. Align the trimmer head with the attachment point on the curved handle.
2. Gently push the trimmer onto the handle until it clicks securely into place.
3. To remove, press the release button (if present) or gently pull the trimmer away from the handle.

*Image 4.2: Top view of the trimmer with the handle attached, showing the full length.*

## 5. OPERATING INSTRUCTIONS

---

### 5.1. Powering On/Off

1. To turn on the trimmer, press the power switch once. The indicator light will illuminate, signifying that the device is active.
2. To turn off the trimmer, press the power switch again. The indicator light will turn off.

*Image 5.1: Close-up view of the power switch and indicator light on the trimmer.*

## 5.2. Trimming Hair

The Ymiko Back Hair Trimmer can be used on various body parts, including the back, chest, and arms.

- **For Back Trimming:** Attach the removable curved handle as described in Section 4.2. Hold the handle firmly and guide the trimmer head across your back, moving against the direction of hair growth for optimal results.
- **For Other Body Parts:** The trimmer can be used without the extended handle for areas like the chest, arms, or face. Hold the trimmer directly and gently glide it over the desired area.
- **Wet or Dry Use:** The trimmer is designed for both wet and dry applications. For wet use, it can be used in the shower. Ensure the charging port cover is securely closed if using in wet conditions.

## 6. MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and extends the lifespan of your trimmer.

1. After each use, turn off the trimmer.
2. Remove the trimming head from the main unit.
3. Use the provided cleaning brush to remove any accumulated hair from inside the trimming head and the main unit.
4. Rinse the trimming head under cold running water. Ensure no water enters the main unit if it is not designed for full immersion.
5. Allow all parts to air dry completely before reattaching the trimming head or storing the device.
6. Store the trimmer in a dry, cool place.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Trimmer does not turn on.	Battery is depleted.	Charge the trimmer fully using the charging base and USB cable.
Trimmer pulls hair or cuts poorly.	Trimming head is clogged with hair or dull.	Clean the trimming head thoroughly as per Section 6. If the issue persists, the blade may need replacement (contact customer support for availability).

Problem	Possible Cause	Solution
Indicator light not working.	Device malfunction.	Ensure the device is charged. If the problem persists, contact customer support.

## 8. SPECIFICATIONS
