- Nano Basin-in-basin
- Chopping Board
- Triangular Draining Basket
- Hot and Cold Angle Valves
- Hot and Cold Inlet Pipes
- Recessed Knife Holder Case

3. SPECIFICATIONS

Detailed technical specifications for the vidugg Digital Display Waterfall Kitchen Sink.

Attribute	Value
-----------	-------

Brand	vidugg
Model Number	8SC-QHGQ4TZ
Color	Gray (Gun Grey Finish)
Material	Stainless Steel
Product Dimensions	6"D x 49"W x 27"H (Approx. 29.52" x 18.11" for sink bowl)
Installation Type	Undermount
Drain Type	Pop-Up
Item Weight	28 pounds
Batteries Required	No (for digital display, it's water-powered)

4. SETUP AND INSTALLATION

Proper installation is crucial for the optimal performance of your kitchen sink. It is recommended to have a qualified professional perform the installation.

Installation Overview:

The sink installation involves three main parts:

1. Installation of the main body of the faucets and accessories onto the sink.
2. Connection of water pipes for hot, cold, and filtered water.
3. Installation of the sink drain pipeline and overflow switches.

6. MAINTENANCE

To maintain the appearance and functionality of your vidugg kitchen sink, follow these care instructions.

6.1 Cleaning Instructions

- **General Cleaning:** Wipe the sink and faucet surfaces with a dry, soft cloth after each use to prevent water spots and mineral buildup.
- **Stain Removal:** For stubborn stains, use a mild soap solution and a non-abrasive sponge. Rinse thoroughly and dry immediately.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, steel wool, or strong chemical detergents, as these can damage the nano-coating and finish.
- **Nano-Coating Benefits:** The selected 304 stainless steel casting surface has an oleophobic and hydrophobic nano-coating that causes water to bead, making daily cleaning easier and resisting oil stains.

304 stainless steel+ nano coating

The selected 304 stainless steel casting surface has an oleophobic and hydrophobic nano-coating that, drips water into beads to easily remove oil stains, making daily cleaning easier.

6.2 Sound and Condensation Management

The sink is designed with features to enhance user comfort and prevent issues.

- **Sound-Absorbing Mat:** Reduces noise from water splashes against the bottom of the sink.
- **Anti-Condensate Coating:** Prevents condensation on the bottom of the sink, protecting your cabinet from moisture damage.
