Yaheetech 2-Seater Velvet Sofa Instruction Manual

Brand: Yaheetech

Model: YA-00139100

PRODUCT OVERVIEW

Thank you for choosing the Yaheetech 2-Seater Velvet Sofa. This modern and ergonomic sofa is designed to provide comfort and style to your living space, bedroom, office, or apartment.

Front view of the Yaheetech 2-Seater Velvet Sofa in grey, showcasing its corduroy texture and sleek design.

Key features include:

- Stylish corduroy velvet upholstery for a unique texture and modern look.
- Thick, high-density foam cushion for superior comfort.
- Ergonomic backrest (48 cm H) designed to support your back and maintain good posture.
- Solid rubberwood legs providing robust stability and durability.
- Elevated design (20 cm clearance) for easy cleaning underneath, compatible with robot vacuums.

The sofa placed in a modern living room, demonstrating its aesthetic integration with home decor.

SETUP AND ASSEMBLY

Your Yaheetech sofa requires minimal assembly. Please follow these steps carefully to ensure proper setup.

Unpacking and Component Identification

1. Carefully open the packaging and remove all components.
2. Locate the hidden compartment at the bottom of the seat. All accessories, including the legs, backrest, and hardware kit, are stored inside this compartment.

Tous les accessoires sont rangés dans le compartiment dissimulé au bas du siège.

Assembly Steps

1. Attach the four solid rubberwood legs to the designated corners at the bottom of the sofa base. Ensure they are securely tightened using the provided hardware.
2. Align the backrest with the corresponding slots on the sofa base. Gently slide the backrest into place until it clicks or is firmly seated. Ensure all connection points are secure.
3. Once assembled, carefully place the sofa upright.

I Montage Simple

Important: Do not overtighten screws. Ensure all parts are aligned correctly before tightening to prevent damage.

OPERATING AND USAGE

The Yaheetech 2-Seater Velvet Sofa is designed for comfortable seating in various indoor environments.

General Use

- This sofa is intended for indoor use only.
- It provides comfortable seating for up to two individuals.
- The ergonomic backrest is designed to support your posture, making it suitable for extended periods of sitting, such as working or reading.
- The wide and deep seat (109.5 cm L x 48.5 cm D) offers ample space for various sitting positions.

MAINTENANCE AND CARE

Proper care will extend the life and maintain the appearance of your Yaheetech sofa.

Velvet Upholstery Care

- **Regular Cleaning:** Gently vacuum the velvet upholstery regularly using a soft brush attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain and damage the fabric pile. For stubborn stains, consult a professional upholstery cleaner or use a velvet-safe cleaning product following its instructions. Always test on an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the velvet fabric to fade. Position your sofa away from direct sunlight or use curtains/blinds.
- **Avoid Sharp Objects:** Keep sharp objects away from the upholstery to prevent snags or tears.

Wooden Legs Care

- Wipe the wooden legs with a soft, damp cloth. Dry immediately.
- Avoid using harsh chemicals or abrasive cleaners on the wood.
- The legs are equipped with anti-scratch pads to protect your floors. Ensure these pads are intact and clean.

Tissu Velours Côtelé

Under-Sofa Cleaning

The sofa's 20 cm elevated design allows for easy cleaning underneath. A robot vacuum can glide underneath with ease, ensuring a clean living space without significant effort.

A side view of the sofa highlighting the 19 cm clearance from the floor, indicating ample space for cleaning devices.

TROUBLESHOOTING

If you encounter any issues with your Yaheetech sofa, please refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Sofa feels wobbly or unstable.	Legs are not securely tightened or unevenly installed.	Ensure all four legs are fully and evenly tightened. Check if the floor is level. If not, use furniture pads to stabilize.

Problem	Possible Cause	Solution
Fabric appears flattened or matted.	Normal wear and tear, or pressure from prolonged sitting.	Gently brush the velvet pile with a soft brush in the direction of the nap to restore its texture. Rotate cushions if possible (though this sofa appears to have fixed cushions).
Squeaking noises when sitting.	Loose connections in the frame or legs.	Re-check all assembly points, especially where the backrest connects to the base and where the legs attach. Tighten any loose hardware.

If the problem persists or if you encounter an issue not listed here, please contact Yaheetech customer support for assistance.

PRODUCT SPECIFICATIONS
