## 2. SETUP

1. **Unpack Contents:** Carefully open the puzzle box and remove all contents. This typically includes the bag of puzzle pieces and a reference poster.
2. **Prepare Workspace:** Choose a clean, flat, and sufficiently large surface for assembly. Ensure good lighting to clearly see the details of the puzzle pieces.
3. **Sort Pieces:** Begin by separating all edge pieces (those with one flat side) from the interior pieces. Then, sort the remaining pieces by color, pattern, or distinct features. This initial sorting will significantly aid the assembly process.
4. **Reference Poster:** Lay out the included poster for easy visual reference during assembly. This will help in identifying sections and overall image composition.

## 3. OPERATING (ASSEMBLY)

Follow these steps to assemble your Trefl Spider-Man puzzle:

1. **Build the Frame:** Start by connecting all the edge pieces to form the outer border of the puzzle. This provides a clear boundary and structure for the rest of the assembly.
2. **Work on Distinct Sections:** Using the sorted pieces and the reference poster, identify and assemble distinct sections of the image. Focus on areas with unique colors, characters, or patterns first.
3. **Connect Pieces:** Carefully fit pieces together. Each piece is designed for a precise fit. Do not force pieces, as this can damage them.
4. **Patience and Breaks:** Jigsaw puzzles require patience. If you encounter difficulty, take a short break and return with a fresh perspective. Sometimes, rotating pieces or looking at the poster from a different angle can help.

## 4. MAINTENANCE

---

- **Cleaning:** To remove dust, gently wipe the puzzle surface with a dry, soft cloth. Avoid using liquids or abrasive cleaners.
- **Storage:** When not in use, store the puzzle pieces in their original box or a dedicated puzzle storage container. Keep them in a dry place away from direct sunlight and extreme temperatures to prevent warping or fading.
- **Disassembly:** If disassembling the puzzle, do so carefully to avoid bending or tearing pieces. Store pieces flat to maintain their shape.

## 5. TROUBLESHOOTING

---

- **Missing Pieces:** In the rare event of a missing piece, please contact Trefl customer support. Provide details of your puzzle model (10859) and the approximate location of the missing piece if possible.
- **Damaged Pieces:** If you find any damaged pieces upon opening the box, please contact Trefl customer support for assistance.
- **Difficulty Finding Pieces:** If you are struggling to find a specific piece, try re-sorting your pieces, taking a break, or consulting the reference poster more closely. Sometimes, a different perspective helps.
