## SETUP AND APPLICATION

Follow these steps for optimal application of the FRANZ NAKED SunShield Patch:

- Prepare Your Skin:** Fully cleanse and dry the area of your skin where you intend to apply the patch. Ensure no moisture or residue is present for best adhesion.
- Remove Protective Backing:** Carefully peel off the protective backing from the patch.
- Apply the Patch:** Gently apply the patch to your cheek area, taking care to avoid direct contact with your eyes. Press down gently to ensure it adheres smoothly to the skin.
- Remove Top Protective Film:** Once the patch is in place, carefully remove the top protective film.
- Apply Peptide Essence:** Gently apply the provided peptide essence over the patch. This essence helps to enhance the patch's benefits and can improve its transparency.

## OPERATING AND FEATURES

The FRANZ NAKED SunShield Patch is designed for continuous wear and does not require reapplication throughout the day. Its advanced features include:

- **Advanced UV Protection:** Equipped with over 99% UV protection (UPF 50+), the patch effectively shields your skin from harmful UVA and UVB rays.
- **Stem Cell Culture Medium Formula:** Contains a potent concentration of human-derived stem cell culture medium to support skin repair, renewal, and overall vitality.
- **Transparent and Invisible Design:** The patch is engineered to be nearly indistinguishable on your skin, especially after applying the Boosting Essence. It allows for makeup application directly on top without affecting its appearance or efficacy.
- **Ultra-Slim and Lightweight:** Its feather-light feel ensures comfort for extended wear, even in hot and humid conditions, making it ideal for various outdoor activities like hiking, cycling, running, and camping.
- **Water Resistant:** Provides water resistance for active use.

## MAINTENANCE

The FRANZ NAKED SunShield Patch is designed for single-use application and does not require specific maintenance. Once applied, it provides continuous protection until removal. Store unused patches in their original packaging in a cool, dry place away from direct sunlight.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Patch does not stick well.	Skin was not fully clean or dry before application; insufficient pressure during application.	Ensure skin is thoroughly cleansed and completely dry. Apply gentle, firm pressure across the entire patch during application to ensure proper adhesion.

Problem	Possible Cause	Solution
Patch is difficult to remove.	Improper removal technique.	To remove, gently roll up the edge of the patch with your fingertips and slowly peel it off. Avoid pulling abruptly.
Patch is visible on skin.	Peptide essence not applied or insufficient amount; specific lighting conditions.	Ensure the peptide essence is gently applied over the patch as directed. The patch is designed to be nearly invisible, but extreme close-ups or certain lighting may reveal it. Makeup can be applied over the patch for further concealment.
