Key Features:

- **Material:** Premium Indonesian Acacia wood for durability.
- **Design:** Elegant slatted wood design with discreet hidden hardware and U-shaped legs.
- **Weather Resistance:** Engineered to withstand various outdoor elements.
- **Stability:** Features additional lap joints for sturdiness and adjustable leg levelers for uneven surfaces.

2. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Always follow all assembly instructions carefully.
- Use appropriate safety equipment, such as gloves, during assembly.
- Keep children and pets away from the assembly area to prevent accidents.

- Ensure all connections are securely tightened before using the furniture. Periodically check and re-tighten hardware as needed.
- Do not exceed the maximum load capacity for the table (200 lbs) and chairs (287 lbs per chair).
- Avoid standing on the table or chairs.
- Place the dining set on a flat, stable surface. Use the adjustable levelers to ensure stability on uneven ground.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

Expected Boxes:

- **Box A - Table:**
 - Dimensions: 33.7" (L) x 32.9" (W) x 11.2" (H)
 - Weight: 77.2 lbs
- **Box B - Chair [x3]:** (Each box contains 2 chairs)
 - Dimensions: 36.6" (L) x 25.4" (W) x 14.2" (H)
 - Weight: 55.1 lbs

Hardware components are included within the packaging. Please ensure all small parts are accounted for before discarding packaging materials.

4. SETUP AND ASSEMBLY

Assembly of the mopio Bruno Outdoor Dining Set requires two people and approximately 1.5 hours. An Allen wrench is provided for assembly. While power tools may expedite the process, exercise caution to avoid overtightening and damaging the wood.

Assembly Steps (General Guidance):

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Identify all hardware.

2. **Assemble Table Legs:** Attach the U-shaped legs to the tabletop using the provided hardware. Ensure all bolts are finger-tightened initially.
3. **Assemble Chairs:** For each chair, attach the backrest and seat to the leg frames. Pay attention to the orientation of the angled backrest for comfort.
4. **Tighten Hardware:** Once all components are loosely assembled, place the table and chairs upright. Gradually tighten all bolts using the Allen wrench. Do not overtighten.
5. **Adjust Levelers:** Use the adjustable levelers on the bottom of the table and chair legs to ensure the furniture sits evenly and stably on your chosen surface.

5. OPERATING INSTRUCTIONS

The mopio Bruno Outdoor Dining Set is designed for comfortable and versatile use in various settings.

Usage:

- This dining set is suitable for both indoor and outdoor environments.
- The acacia wood construction is weather-resistant, allowing it to maintain its appearance and functionality through different weather conditions.
- For optimal comfort, the chairs feature an angled backrest.
- If you have the extendable table variant (not included in this specific 7-piece model), refer to its specific instructions for extending the table to accommodate more guests.

6. MAINTENANCE

Proper care and maintenance will extend the life and preserve the appearance of your dining set.

General Care:

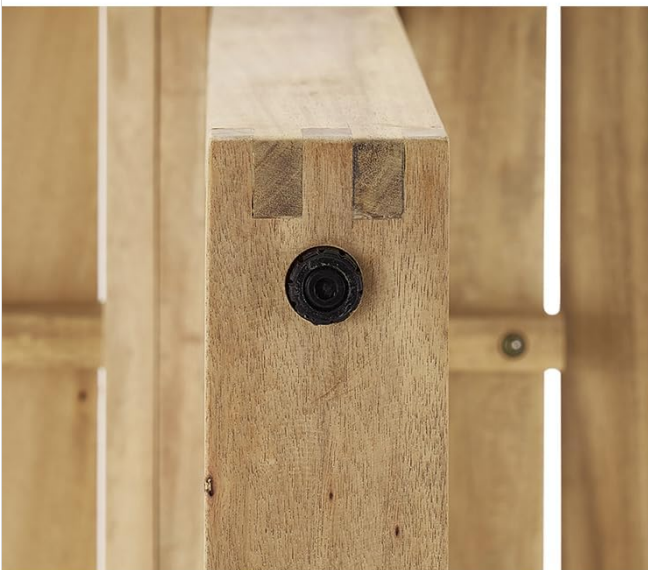

- **Cleaning:** Wipe the furniture with a dry cloth to remove dust and debris. For spills, use a damp cloth and mild soap, then dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Protection:** Although weather-resistant, it is recommended to cover the dining set during prolonged periods of harsh weather (heavy rain, snow, intense sun) or when not in use to maximize its lifespan.
- **Wood Care:** Acacia wood naturally ages and may develop a silvery-gray patina over time. To maintain its original color and protect the wood, periodic application of a suitable outdoor wood oil or sealant is recommended (follow product-specific instructions for wood treatment).
- **Hardware Check:** Periodically inspect all bolts and connections and re-tighten them as necessary to ensure structural integrity.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your dining set.

Common Issues and Solutions:

- **Wobbling Table/Chairs:**

- **Solution:** Ensure the furniture is placed on a level surface. Use the adjustable leg levelers on each leg to compensate for uneven ground. Rotate the levelers clockwise or counter-clockwise until stability is achieved.

- **Loose Connections:**

- **Solution:** Over time, hardware may loosen. Periodically check all bolts and screws and re-tighten them with the provided Allen wrench. Do not overtighten.

- **Wood Discoloration/Aging:**

- **Solution:** Acacia wood is a natural material and will age. Exposure to elements can cause it to develop a silvery-gray patina. This is a natural process and does not affect structural integrity. To restore or maintain the original wood tone, apply a suitable outdoor wood oil or sealant as part of your maintenance routine.

- **Minor Scratches/Dents:**

- **Solution:** For minor surface imperfections, light sanding with fine-grit sandpaper followed by a wood oil application can help blend the area.
